

### **Third CBD Public Meeting Workshop on October 27th**

The Village of Clarendon Hills will be holding the last of three scheduled public meetings regarding the Central Business District (CBD) planning process on Thursday, October 27<sup>th</sup> at 7:00 p.m. in the Prospect School Gymnasium. All interested residents and business owners and operators are encouraged to attend.

Over the course of the last year the Village has been working closely with a team of consultants to study ways to further enhance and revitalize the downtown. The first CBD meeting held in March was a community listening session, where members of the residential and business community provided input pertaining to the future vision and redevelopment potential of the downtown. The input from that meeting was used as the basis for the second CBD meeting held in July in which several redevelopment concepts were presented for participant feedback.

During the third and final workshop, plans will be presented, that reflect the overall vision for the future of the Central Business District. The Village's consultant team and staff will present the plans and facilitate discussion between all attendees. Please plan to attend this important meeting!
