### **2018 Water Main Replacement Program**

This project has been completed.

### **2018 Road Improvement Program**

Week of 5/28

- On Tuesday, May 29<sup>th</sup> Beginning at 7:00 AM, the storm sewer work done in conjunction with the the road program will begin. The sewer contractor, Suburban General, will begin with two crews constructing new storm sewer/drainage improvements. One crew will begin at Oxford Ave and Burlington Ave and proceed north to Norfolk Ave and then to Chicago Ave. The second crew will begin Hiawatha Dr and Norfolk Ave and proceed east to Oxford.

Week of 6/4

- The sewer crews plans to finish related projects along Woodstock Ave, Arthur Ave and Tuttle Ave between Burlington Ave and Chicago Ave. Specifics on the schedule will be released once the construction schedule has been set.
- The road work is expected to begin the week of June 11<sup>th</sup>.

Please note: the work day begins at 7:00 AM and ends around 5:00 PM, Monday through Friday. Road Closed signs may be set up to minimize through-traffic and encourage residents to use other streets. Typically, you cannot drive through ongoing construction operations. At times Norfolk Ave may have to be closed to complete the required work. A detour will be set up in those instances routing drivers to Burlington Ave.

**Your cooperation during construction is greatly appreciated. Parking restrictions will be lifted during construction by the Police to allow residents to park near their homes overnight. Typical construction work hours will be 7:00 AM to 5:00 PM on Monday through Friday. We will notify the trash company of our active construction zones and we will coordinate with them to get your trash picked up on Tuesdays. We need dry weather conditions for our schedule to be met. Rainy days will likely push the schedule back.**
