### CLARENDON HILLS RECOGNIZED IN WEST SUBURBAN LIVING POLL

In the 13<sup>th</sup> annual “Best of the West” poll conducted by West Suburban Living Magazine, Clarendon Hills was recognized along with towns throughout the western suburbs including Geneva, Naperville, and Downers Grove. The poll, found in the March/April issue of West Suburban Living, surveys more than 50 suburban superlatives that range from best barbecue to best bowling. The winners are chosen by readers of the suburban magazine and are recognized as “Best, 2<sup>nd</sup>, 3<sup>rd</sup>, or Other Favorite.”

Overall, Clarendon Hills was recognized in many categories, and both new and established businesses in Clarendon Hills received recognition. Most noteworthy was the recognition received for Clarendon Hills’ eclectic collection of independent restaurants. The following Clarendon Hills’ restaurants were recognized as best.

Best Burger - Country House  
Best New Restaurant – Soul  
Best Independent Coffee House – Quinn’s  
Best French Restaurant – Maijean

Other notable Clarendon Hills’ businesses received recognition for 2<sup>nd</sup> place or other favorite.

Best Italian – 2<sup>nd</sup> – Scapa Italian Kitchen  
Best Place for Kid’s Party – 2<sup>nd</sup> – Butterfly Garden  
Best Sushi – Other Favorite – Bistro Nami

It should be no surprise to the 8,400 residents that live in Clarendon Hills, that their town as a whole was also recognized. Clarendon Hills was listed as an other favorite for an “Area Town You’d Most Like to Live in Other than Your Town.” The small town atmosphere and the outstanding local businesses make Clarendon Hills a unique small village that is being recognized in a big way.
