MEMORANDUM

To: Village President Austin and Board Trustees
From: Kevin Barr, Village Manager
Date: April 30, 2021
Subject: Weekly Report

- **COVID-19 Business Operation Update** – Businesses continue to operate as reported before. Staff is evaluating a request from Walker's Restaurant to close off parking spaces in front of their building over the summer. We expect to find a way to make this work.
- **Staff Response to COVID-19 Pandemic/Village Operations** – Staff operations are continuing to operate well. No changes from recent reports.
- **COVID-19 Health Department Update** – I attended the weekly review meeting on Monday. Numbers of new cases are stabilizing or starting to go down. Hospitalizations, also appear to have stabilized, though at a higher number than a few weeks ago. As of April 26, 32.81% of DuPage residents were fully vaccinated, compared to 28.48% the week before. More than 430,000 have received a "first dose" of the vaccine, about 33,000 in the last week. This suggests that something close to that number will be fully vaccinated in about one month. About 87.5% of persons 65+ in DuPage County have received at least the first dose, which is about 1.5% higher than last week. On Friday, the DuPage County Health Department announced that the goal is 80% vaccinated population in DuPage by July 1st. For the first week ever, the Health Department was able to fully meet vaccine demand from distribution partners.
- **Road Project Budgeting** – Staff met on Wednesday in an attempt to link our 10-year budget to the road way needs identified by the road study. We currently plan to present a revised concept to the Board this summer, perhaps as part of the strategic planning effort.
- **HR digitization** – Staff met with the Village's payroll vendor to start rolling out digital versions of our human resources processes. Implementation is expected over the next month or so and includes new hire paperwork, hiring, and performance reviews.

Enjoy the weekend and stay safe.
