MEMORANDUM

To: Village President Austin and Board Trustees
Kevin Barr, Village Manager
From: Maureen B. Potempa, Finance Director
Date: June 4, 2021
Subject: Audit for the Calendar Year Ended December 31, 2020

Sikich LLP has completed their audit and issued an unqualified opinion on the basic financial statements of the Village of Clarendon Hills, which means the statements are fairly presented in material respects for the calendar year ended December 31, 2020.

Attached for review is the Comprehensive Annual Financial Report for the Calendar Year Ended December 31, 2020, the report on compliance of the Tax Increment Financing Fund, and the report on allocation of pension amounts for the Illinois Municipal Retirement Fund.

Dan Berg of Sikich LLP will be in attendance at the June 7th board meeting for a presentation and discussion of the annual audit.

Action Requested:

Acceptance of the Village of Clarendon Hills Comprehensive Annual Financial Report for the Calendar Year Ended December 31, 2020.

ORGANIZATIONAL CHART

May 28, 2021

The Residents of the Village of Clarendon Hills
Mr. Len Austin, Village President
The Village Board of Trustees and
Mr. Kevin S. Barr, Village Manager
Village of Clarendon Hills, Illinois

I am pleased to present the Comprehensive Annual Financial Report of the Village of Clarendon Hills for the calendar year ended December 31, 2020 (CY20) is hereby respectfully submitted. The Village is required to issue an annual report on its financial position and activity presented in conformance with accounting principles generally accepted in the United States of America (GAAP) and audited by an independent firm of Certified Public Accountants.

Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the Village. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and changes in the financial position of the various funds of the Village. All disclosures necessary to enable the reader to gain an understanding of the Village's financial activities have been included.

We are pleased to report that the independent audit firm Sikich LLP has issued an unmodified opinion on the Village's financial statements for the twelve months ended December 31, 2020. The goal of the independent audit is to provide reasonable assurance that the financial statements of the Village of Clarendon Hills are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used, and evaluating the overall financial statement presentation. The independent auditor's report is located at the front of the financial section of the Comprehensive Annual Financial Report.

The Management's Discussion and Analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be used in conjunction with it.

Included in the basic financial statements are the government-wide financial statements, fund financial statements, and notes to the financial statements. The required supplementary information presents the budgetary comparison schedules and other schedules.

Profile of the Village of Clarendon Hills

The Village of Clarendon Hills, incorporated in 1924, is a non-home rule community under the Illinois Constitution. The Village is located approximately 19 miles west of downtown Chicago in DuPage County and encompasses 1.85 square miles. The Village is a residential community with a population of 8,427 people, as certified by the 2010 census. Once again for the fourth year in a row in 2021, the Village of Clarendon Hills was named #1 in Best Places to Live in Illinois, #1 Suburb to live in Illinois and #2 in Best Places to Raise a Family in Illinois by Niche.com. The Village offers a high quality of life for residents, including a low crime rate, top-rated schools, high average home values, and vibrant downtown served by its Metra commuter rail station.

The Village of Clarendon Hills operates under an elected President and appointed Manager Form of government. Policymaking and legislative governance are provided by a six-member Board of Trustees elected at-large, serving staggering four-year terms with three Trustees being elected every two years. The Village Manager, appointed by the President and the Board of Trustees, is responsible for carrying out the policies and ordinances of the Village Board and for overseeing the day-to-day operations of the Village.

The Village of Clarendon Hills management team is responsible for establishing and maintaining a system of internal control that is designed to assure that the assets of the Village are safeguarded against loss, theft, or misuse. A system of internal control also assures that the accounting system compiles reliable financial data for the preparation of financial statements in conformity with GAAP. Internal accounting controls are designed to provide reasonably, but not absolute, assurance that these objectives will be met. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived, and the evaluation of the costs and benefits requires estimates and judgments by management.

The Village of Clarendon Hills provides a full range of services, including public safety, roadway maintenance, public improvements, planning and zoning, and general administrative services. The Village operates a water utility, which distributes water received from Lake Michigan under a joint venture with the DuPage Water Commission, of which the Village is a charter customer.

The Metropolitan Alliance of Police (MAP) Labor Council represents sworn police officers whose collective bargaining agreement with the Village expires December 31, 2021. No other employees of the Village are represented by a collective bargaining unit.

The annual budget serves as the foundation for the Village's financial planning and control. All departments of the Village will be required to submit their budget requests to the Village Manager and Finance Director/Treasurer/Budget Officer in August of each year. The Village Manager and staff will use these requests as the starting point for developing a proposed budget that will match anticipated revenues. The Village Manager will then formally present the proposed budget to the Village Board in November of each year.

The Village Board is required to hold a public hearing on the proposed budget and to adopt a final budget no later than December 31st of each year, the close of the Village's previous year. The budget is prepared by fund and department (e.g. public works) and budget-to-actual comparisons are provided for each individual fund for which an annual budget has been adopted. The Village's CY21 budget anticipated expenses of \$16.46 million and \$2.29 million in transfers to other funds. Information regarding significant accounting policies may be found in Note 1.

Factors Affecting Financial Condition

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the Village operates.

Local Economy

The Village's experience in the local economy continues to fare better than that of the county and state, as indicated by unemployment rates of 7.1%, 7.9%, and 9.5% respectively for 2020. At the 2010 census, the Village's median household income was 200% of the state median income, and 146% of the county median income. These levels are supported by convenient access to the greater Chicago metropolitan area's employment centers and the surrounding communities.

In addition, a large percentage of the Village's workforce represents leaders of business and professional services with 62% categorized as "Management, Professional, and Related Occupations" according to the 2010 census.

The largest single source of revenue for the Village is property taxes, which are extremely stable despite changing property values. Property taxes were \$4,973,466 in CY20 representing 36.0% of total governmental activity revenue. The Village's equalized assessed valuation increased to \$600,217,115 in the levy year 2020. The Village's median value of owner-occupied homes remains 299% greater than the statewide median value, according to the 2010 census, and 50% greater than the county median value.

State-shared income tax revenues combined with the local utility tax and sales tax total \$2,590,089 representing 18.7% of the total governmental activity revenue. State-shared sales tax revenues and intergovernmental revenues (income tax) combined totaled \$2,083,946 for CY20, compared to \$2,059,386 for CY19, for a total increase of \$24,560.

The overall volume for building permits decreased 13.7% in CY20 fifty-seven new single-family home permits with a construction value of \$10.4 million were issued in CY20, compared with sixty-five in the prior calendar year at a construction value of \$12.0 million.

For the twelve months ended December 31, 2020, overall governmental fund expenditures increased from \$10,001,272 to \$14,635,145 for a total increase of \$4,633,873. The increase is almost entirely comprised of expenses related to Capital Projects. In 2020 the construction of the new Train Station and downtown revitalization program commenced.

Debt Administration

As of December 31, 2020, the Village had twelve outstanding debt issues along with a loan from the Illinois Environmental Protection Agency (IEPA). In 2009, \$360,000 in General Obligation Alternate Revenue Source Bonds were issued to finance the costs of the Special Service Area No. 15 road improvements. The debt is being repaid by the taxes specifically designated in the Special Service Area No. 15 Fund with the public benefit portion funded by a transfer from the Village's Capital Projects Fund.

In 2011, \$500,000 in General Obligation Alternate Revenue Source Bonds were issued to finance road improvements within Special Service Area Nos. 18, 19, 20, 21, 22, and 23. Repayment of the debt is made by taxes specifically designated in the Special Service Area Funds.

The Village issued \$2,360,000 in 2012 Series Debt Certificates in 2012 to refund the 2002 Series Debt Certificates and a portion of the 2005 Series Debt Certificates. The proceeds of the 2012 Certificates were placed in an irrevocable trust to provide for the payment of the old Certificates. Repayment of the 2012 debt is funded by a transfer from the Capital Projects Fund. Resulting from the refunding, the Village achieved a cash flow savings of \$246,405.

In 2012, the Village issued \$500,000 in General Obligation Alternate Revenue Source Bonds to finance road improvements within Special Service Area Nos. 17 and 24. Repayment of the debt is made by taxes specifically designated in the Special Service Area Funds.

In 2013, the Village issued \$440,000 in General Obligation Alternate Revenue Source Bonds to finance road improvements within Special Service Area No. 25. Repayment of the debt is made by taxes specifically designated in the Special Service Area Fund.

The Village issued \$700,000 in General Obligation Alternate Revenue Source Bonds in 2014 to finance road improvements within Special Service Area No. 26. Repayment of the debt is made by taxes specifically designated in the Special Service Area Fund.

In 2015 the Village issued \$1,300,000 in General Obligation Alternate Revenue Source Bonds to finance road improvements within Special Service Area No. 27 and No. 28. Repayment of the debt is made by taxes specifically designated in the Special Service Area Fund.

In SY2016 the Village issued \$1,285,000 in General Obligation Alternate Revenue Source Bonds to finance road improvements within Special Service Area No. 29. Repayment of the debt is made by taxes specifically designated in the Special Service Area Fund.

In CY2017 the Village issued \$800,000 in General Obligation Alternate Revenue Source Bonds to finance road improvements within Special Service Area No. 30. Repayment of the debt is made by taxes specifically designated in the Special Service Area Fund.

In CY2018 the Village issued \$1,100,000 in General Obligation Alternate Revenue Source Bonds to finance road improvements within Special Service Area No. 31. Repayment of the debt is made by taxes specifically designated in the Special Service Area Fund.

In CY2019 the Village issued \$700,000 in General Obligation Alternate Revenue Source Bonds to finance road improvements within Special Service Area No. 33 and improvement to Chestnut Alley within SSA 34. Repayment of the debt is made by taxes specifically designated in the Special Service Area Fund.

In CY2020 the Village issued \$5,500,000 in General Obligation Alternate Revenue Source Bonds to finance the construction of the new Train Station and the Downtown Revitalization Project.

In FY11, the Village received a \$1,596,892 zero percent interest loan through the Illinois Environmental Protection Agency for the replacement of various water mains within the Village and is being repaid solely from water fees.

Long-term Financial Planning

The Village utilizes several processes and planning documents to develop its financial plan. As noted above, the Village adopts an annual budget. Additionally, ten-year capital financial plans are prepared for the Village's General and Water Capital Projects Funds with projections for anticipated expenses. The Village also maintains ten-year financial projections for the General, Water, Capital Projects, and Motor Fuel Tax Funds for both capital and operating revenues and expenditures. These ten-year plans are updated each year to allow the Village to effectively plan and allocate its resources appropriately while continuing to address long-term revenue policies and strategies.

The Village's General Fund policy targets a minimum unassigned fund balance (working cash balance) equal to 50% of current annual budgeted operating costs. In 2013, staff performed an in-depth analysis of the Village's General Fund balance using a model developed by the Government Finance Officers Association to determine how much reserve the Village should maintain in the General Fund to respond to unexpected issues and afford a buffer against risk, while not being excessive. This analysis suggested a general unrestricted fund balance of 50% of expenditures, based on the most recently audited Comprehensive Annual Financial Report. The 50% minimum fund balance must be represented by cash or investments; other assets are not permitted to be included in the minimum calculation.

Pension Benefits

The Village contributes to three defined benefit pension plans, the Illinois Municipal Retirement Fund (IMRF), an agent multiple-employer public employee retirement system; the Police Pension Plan, which is a single-employer pension plan; and the Firefighters' Pension Plan, which is also a single-employer pension plan. All three plans are governed by Illinois Compiled Statutes which determine the benefits, benefit levels, employee contributions, and employer contributions. These plans can only be amended by the Illinois General Assembly.

Major Initiatives

The Village Board meets bi-annually to set forth the Village's Strategic Priorities. The last meeting was held in the summer of 2019. Following are highlights from the major initiatives:

Impact of Covid-19 - In mid-March of 2020, as the number of known covid-19 cases rose into the double digits, Governor J. B. Pritzker issued a disaster proclamation, to respond to the crisis. The state took measures to halt the spread of the disease by closing all schools and colleges, ordering a stop to eviction enforcement, ordering all bars and restaurants closed to sit-in diners. Mitigating the financial impact of the pandemic was an initiative that the Village quickly responded to. The Village immediately put into action policies and procedures to respond to the pandemic as well as aligning with the Governor's proclamation by adjusting operations to accommodate social distancing, working from home and other prudent measures all while maintaining all services to the residents and customers. The Village never ceased any of the services that are provided to the citizens. The Village already had online bill pay set up for any financial transactions that are conducted. Community Development had in place an online submission for all building projects so there was never an interruption with issuing permits. There was an uptick in activity for remodels and new construction.

The Village has been impacted by a decrease in places for eating tax, sales tax, and state shared revenues, however, a large portion of the budgeted revenue is derived from property taxes. The County of DuPage has granted an extension on the first of two payments due without penalty, but all property tax payments are due September 1. The Village is very fortunate to have a healthy reserve and anticipates the effects of the pandemic to the General Fund to be minimal on the fund balance.

Train Station Improvements - In January of 2020, the village razed its old station, and in its place developed a cost-conscious commuter station that offers more openness and amenities, improves safety, and better integrates with the surrounding landscape. The new station, designed by Legat Architects, includes canopies, enclosed waiting, and covered bike shelters. Additionally, the station's parallel alignment to the tracks means much better views of approaching trains.

The renewed station stems back to the community's 2014 Downtown Master Plan, which explored land use and design to promote economic development. "We didn't want to overstate the design of the station so that it took attention away from key buildings such as the village hall across the street," said Mike Abraham, Chairman of the Village's Downtown Design Review Commission. "At the same time, we did want the station to be a welcoming entry point to the village." The resulting design, approved by both the village board and the Downtown Design Commission, not only keeps costs in check but also supports Clarendon Hills' focus on outdoors and sustainability. It offers plenty of outdoor waiting options, as well as a green roof and rain gardens to reduce pollution-causing stormwater runoff.

Downtown Revitalization Project - is a set of public improvements designed to enhance the viability and pedestrian safety of Downtown Clarendon Hills. The project includes three components: 1) Prospect & Burlington Avenue Improvements; 2) Prospect Avenue Railroad Crossing Improvements; 3) Inbound & Outbound Train Station Improvements. Over the past several years the Village has applied for and been awarded approximately a total of \$5.25 million from the Illinois Transportation Enhancement Program, the Congestion Mitigation and Air Quality Improvement Program, the West Suburban Mass Transit District, the Illinois Commerce Commission Grade Crossing Protection Fund, and the Commuter Rail Division of the Regional Transportation Authority. These funds will cover close to 50% of the cost of all three components of the Downtown Revitalization Project.

The Downtown Revitalization Project began in Fall of 2020 with completion planned for Summer 2021.

Downtown Tax Increment Financing District - On March 16, 2020, the Village of Clarendon Hills created a Tax Increment Financing (TIF) District to support public and private investment to strengthen the economic viability of Clarendon Hills' downtown business district. In June of 2021 as the 1st installment of property taxes are due the Village will receive its first incremental distribution.

BACKGROUND. In 2018 the Economic Development Commission, under the direction of the Village Board of Trustees, hosted an Economic Development Summit. During the event, the panelist discussed issues, opportunities, and methods the Village should consider using to attract investment and new businesses Downtown. Shortly after the Summit, the Village Board hired Ehlers & Associates, Inc. to prepare a Downtown Economic Incentives Study for their consideration and approval. A copy of the approved July 31, 2018 Study is posted at www.clarendonhills.us/dtedtools. The Study provides an overview of potential financial tools that would generate baseline revenue, that in turn, could be used to create financial incentives for private investment in the Downtown. Specifically, the Study reviewed three financial mechanisms: special service areas, business districts, and tax increment finance districts (TIF), and concluded that TIF would have the greatest potential of providing the most revenue without negatively impacting the value of the existing downtown properties. As a result of the Study, the Village Board set aside funding for consultant services needed for the development of a Tax Increment Finance District Eligibility Study.

The Redevelopment Project Area is located in downtown Clarendon Hills and includes the Clarendon Hills Metra train station and surrounding area. It is generally bounded by Burlington Avenue on the north, Park and Ann avenues on the south, Gilbert Avenue on the west, and the alley east of Golf Avenue on the east. The downtown area, the subject of the Village's adopted Downtown Master Plan, has faced many challenges that established communities along rail lines have faced, including pedestrian and vehicle safety. In addition, it consists primarily of older single-story commercial structures that are outdated, are incompatible with current development requirements, and in many cases, do not meet current building code requirements for life safety.

The Redevelopment Project Area consists of 89 parcels represented by 117 Permanent Index Numbers (PIN(s)), including adjacent rights-of-way, and encompasses approximately 30 acres (meeting the requirement of the TIF Act that the area must equal or exceed 1.5 acres). The primary land uses are mixed-use, commercial, residential, institutional, and railroad.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Village for its Comprehensive Annual Financial Report for the calendar year ended December 31, 2019. This marks thirty-one consecutive years that the Village has achieved this prestigious award. To be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized Comprehensive Annual Financial Report, which must satisfy both GAAP and applicable legal requirements.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Village for its Comprehensive Annual Financial Report for the calendar year ended December 31, 2019. This marks thirty-one consecutive years that the Village has achieved this prestigious award. To be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized Comprehensive Annual Financial Report, which must satisfy both GAAP and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. I believe our current Comprehensive Annual Financial Report continues to meet the Certificate of Achievement program's requirements and it is being submitted to the GFOA to determine its eligibility for another certificate.

The preparation of this Comprehensive Annual Financial Report was made possible by the dedicated service of Kari Krzemkowski, Senior Accountant, and the entire Finance Department staff. My sincere appreciation is extended to each one of them for their contributions made throughout the year and which culminate in the preparation of this report. Further, the entire staff of the Village must also be recognized for their conscious efforts to comply with the control structure and environment and responding to the needs and requests of the Finance Department.

In closing, without the leadership and support of the Village President, Village Board, and Village Manager, preparation of this report would not have been possible.

Respectfully,

Maureen B. Potempa
Finance Director/Treasurer/Budget Officer

INDEPENDENT AUDITOR'S REPORT

The Honorable President
Members of the Board of Trustees
Village of Clarendon Hills, Illinois

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Village of Clarendon Hills, Illinois (the Village) as of and for the fiscal year ended December 31, 2020, and the notes to financial statements, which collectively comprise the Village's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of basic financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these basic financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the basic financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the basic financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Village's preparation and fair presentation of the basic financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Village's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the basic financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Village of Clarendon Hills, Illinois, as of December 31, 2020, and the respective changes in financial position and, where applicable, cash flows thereof for the period then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the required supplementary information listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Village's basic financial statements. The introductory section, combining and individual fund financial statements and schedules and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Governmental Auditing Standards*, we have also issued our report dated May 28, 2021 on our consideration of the Village's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Governmental Auditing Standards* in considering the Village's internal control over financial reporting and compliance.

**GENERAL PURPOSE EXTERNAL
FINANCIAL STATEMENTS**

VILLAGE OF CLARENDON HILLS, ILLINOIS
MANAGEMENT'S DISCUSSION AND ANALYSIS

December 31, 2020

As the management of the Village of Clarendon Hills (the "Village"), we offer readers of the Village's financial statements this narrative overview and analysis of the Village's financial activities for the fiscal year ended December 31, 2020. This discussion and analysis are designed to (1) assist the reader in focusing on significant financial issues, (2) provide an overview of the Village's financial activities, (3) identify changes in the Village's financial position (its ability to address the next and subsequent year challenges), (4) identify any material deviations from the financial plan (the approved budget), and (5) identify individual fund issues or concerns.

Since the Management's Discussion and Analysis (MD&A) is designed to focus on the current year's activities, resulting from changes and currently known facts, please read it in conjunction with the Letter of Transmittal (beginning on page iv) and the Village's financial statements that begin on page 4.

Financial Highlights

- The assets and deferred outflows of resources of the Village exceeded its liabilities and deferred inflows of resources by \$46.3 million (net position) at the end of Fiscal Year 2020. Of this amount, \$6.2 million (unrestricted net position) may be used to finance the Village's day-to-day obligations.
- The Village's total change in net position increased by \$5,898,383. The governmental net position increased by \$5,260,660 and the business-type net position increased by \$637,723.
- The deferred outflows of resources of the Village overall decreased by \$588,476. The governmental deferred outflows of resources decreased by \$548,462 and the business-type deferred outflows of resources increased by \$40,014.
- The Village's governmental funds reported a combined fund balance of \$17.0 million. Approximately 71% of this amount, \$12.0 million, is available for spending at the Village's discretion (unrestricted fund balance).
- The cash position of the Village remains strong, with Cash and Investments of \$19,917,927 held at fiscal year-end.

USING THE FINANCIAL SECTION OF THIS COMPREHENSIVE ANNUAL REPORT

The focus of the financial statements is on both the Village as a whole (government-wide) and the major individual funds. Both perspectives (government-wide and major fund) allow the user to address relevant questions, broaden the basis for comparison (year-to-year or government-to-government) and enhance the Village's accountability.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the Village's finances, like a private sector business.

The Statement of Net Position presents information on all Village assets, deferred outflows, liabilities, and deferred inflows, and the difference between the two reported as net position. This statement combines and consolidates the governmental funds' current financial resources (short-term, spendable resources) with capital assets and long-term obligations using the accrual basis of accounting, which maintains its measurement focus on economic resources rather than spendable financial resources. Over time, increases or decreases in net position may serve as a useful indicator of the financial position of the Village.

The Statement of Activities presents information on how the Village's net position has changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future periods (e.g. earned but unused staff leaves time). The Statement of Activities also reports the extent to which various expenses for governmental or business-type functions are dependent upon user charges, grant sources, or general tax, and other revenues.

Both government-wide financial statements distinguish functions of the Village which are principally supported by taxes and intergovernmental revenues (governmental activities) from those functions which are intended to recover all or a significant portion of their costs through user fees (business-type activities). The governmental activities of the Village include general government, public safety, public works, and interest and agency fees on debt. The business-type activities of the Village include the water system and commuter parking operations.

Excluded from the government-wide financial statements are fiduciary fund types (e.g. pension trust funds and custodial funds). Fiduciary funds are used to report the net position held in a trustee or custodial capacity for others and therefore cannot be used to support the Village's programs. The pension trust funds are for the Police and Fire Pensions and these are reported as fiduciary component units of the Village. The custodial fund is for the Park/School Donation Escrow Fund.

The government-wide financial statements can be found on pages 4 through 7 of this report.

USING THE FINANCIAL SECTION OF THIS COMPREHENSIVE ANNUAL REPORT – CONTINUED

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Village, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All the funds of the Village can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as balances of spendable resources available at the end of the fiscal year. This information may be useful in the evaluation of the Village's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By comparing statements, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Village maintains 40 individual governmental funds. Information is presented separately in the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Capital Projects Fund, and Special Tax Allocation Fund, which are "major" funds. Information from the other 37 governmental funds is combined into a single, aggregate presentation in these statements. Individual data for each of these nonmajor governmental funds is provided in the form of combining statements located on pages 91 through 137.

The basic governmental fund financial statements can be found on pages 8 through 11 of this report.

USING THE FINANCIAL SECTION OF THIS COMPREHENSIVE ANNUAL REPORT– CONTINUED

Proprietary Funds. The Village maintains one type of proprietary fund, an enterprise fund. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements and use the economic resources measurement focus and accrual basis of accounting, similar to private-sector businesses. The Village uses enterprise funds to account for its water utility system and the Burlington Northern Commuter Parking Fund.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Water Utility and the Burlington Northern Commuter Parking Fund. The Water Utility is a major fund of the Village. The Burlington Northern Fund is a nonmajor fund. Individual fund data for both enterprise funds, including budget compliance is in the combining and individual fund financial statements section of this report.

Fiduciary Funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Village's programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The Village maintains two types of fiduciary funds: pension trust funds and agency funds. Two pension trust funds account for the resources of the Clarendon Hills Police Pension Fund and Fire Pension Fund, and one agency fund that accounts for the Park/School Donation Escrow Fund.

The basic fiduciary fund financial statements can be found on pages 17 and 18 of this report.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 19 through 71 of this report.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the Village's changes in the net pension liability owed to the three employee retirement plans. Required supplementary information can be found on pages 74 through 84 of this report.

The combining and individual fund financial statements and schedules of major and nonmajor governmental funds, major and nonmajor enterprise funds, and fiduciary funds are presented on pages 86 through 146 of this report.

GOVERNMENT-WIDE STATEMENTS

Statement of Net Position

Over time, net position may serve as a useful indicator of a government's financial position. The Village's combined net position for Fiscal Year 2020 increased from \$40,378,819 to \$46,277,202, an increase of \$5,898,383 from Fiscal year 2019. The following table reflects the condensed Statement of Net Position compared to Fiscal Year 2019.

Village of Clarendon Hills Statement of Net Position As of December 31, 2020

GOVERNMENT-WIDE STATEMENTS – Continued

Statement of Net Position - Continued

13.4% of the Village's net position is Unrestricted and may be used to meet the Village's ongoing obligations to citizens and creditors.

The Village's investment in capital assets (land, buildings, equipment, streets, infrastructure, and waterworks), less any related debt used to acquire those assets that are still outstanding, totaled \$37.1 million or 80.3% of the total net position. The Village uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Village's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate the debt.

The remaining portion of the Village's net position (\$2.9 million or 6.3% of total net position) represents resources that are subject to restrictions as to their use. 14.5% of the restricted net position is restricted for street maintenance and construction and 85.5% will be used for future debt service payments.

Current Year Impacts

The Village's combined net position increased from \$40,378,819 to \$46,277,202. Of this \$5,898,383 increase, \$5,260,660 is attributable to an increase in governmental activities and an increase of \$637,723 to business type activities.

The increase in the net position of governmental activities was a result of an increase of \$11,424,329 in total assets and deferred outflows of resources offset with an increase of \$6,163,669 in total liabilities and deferred inflows of resources. The increase in total assets is due to the increase of \$6,542,135 in current and other assets and there was an increase of \$5,574,351 in capital assets. Deferred outflows of resources decreased \$548,462 primarily due to changes in pension and OPEB items. The increase in total liabilities was due to an increase in current liabilities of \$1,561,410 and an increase of \$3,530,271 in the long-term liabilities. Deferred inflows of resources increased \$1,215,683 primarily due to changes in pension and OPEB items. New debt of \$5,500,000 was incurred with the issuance of 2020 Series General Obligation Alternate Revenue Source Bonds to pay the costs related to the construction of the Train Station and Downtown Revitalization project.

The \$637,723 increase in the net position of business activities was a result of a decrease of \$239,977 in total assets and deferred outflows offset by a decrease of \$877,701 in liabilities and deferred inflows of resources. Current and other assets and capital assets decreased by \$199,963. Deferred outflows of resources decreased by \$40,014. Current and other liabilities decreased by \$746,643 and long-term liabilities decreased by \$241,582. Deferred inflows of resources increased by \$110,524. No new debt was issued in the business-type activities.

GOVERNMENT-WIDE STATEMENTS – Continued

Changes in Net Position – Continued

The Village's total primary government net position increased \$5,898,383 or 14.6% from \$40,378,819 to \$46,277,202. Total revenues increased \$3,561,090 or 25.6% and total expenses decreased \$164,323 or 1.4%. Revenue increased due to a couple of contributing factors. The Village was a recipient of CARES grant revenue that was distributed through DuPage County. Additionally grant revenue was awarded to the Village from Metra (Northeast Illinois commuter rail system) to assist in the construction cost of the Train Station and Downtown Revitalization project.

Governmental Activities

The following chart illustrates the revenue sources of the Village's governmental activities. Village, SSA, and TIF Property Taxes of \$4,973,466 are the largest revenue source at 35.9%. Grants and Contributions of \$4,135,561 are the second largest revenue source at 29.9%. Charges for Services of \$1,372,812 are 9.9% of total governmental activities revenue and Sales Taxes of \$1,168,193 are 8.5%.

GOVERNMENT-WIDE STATEMENTS – Continued

Governmental Activities - Continued

Revenues - Continued

The Village's governmental activities revenues increased \$1,161,127 or 12.4% from \$10,511,449 to \$13,814,043. The increase was primarily due to an increase of \$3,035,876 in capital grants and contributions, an increase of \$460,722 in operating grants, and an increase of \$211,544 in property taxes. All other governmental revenue sources saw a slight decrease in revenues.

Village Property Taxes collected increased by \$133,197 or 3.3% compared to the prior fiscal year. Property taxes paid to the Village in the fiscal year ending December 31, 2020 year represent 11% of the typical total Clarendon Hills property tax bill.

The Village extends a tax on electricity and natural gas consumption as well as on telecommunications services. These utility tax revenues are primarily used to support the maintenance, design, and construction of Village capital infrastructure assets such as roadways, storm sewers, and sidewalks. The Village's utility tax rate is 5%. In the fiscal year, 2020 utility tax revenues decreased by \$38,286 or 7.0% compared to the fiscal year 2019.

The Village receives a tax equal to 1% of retail sales generated within the Village. Sales taxes received in the fiscal year 2020 increased by \$5,769 compared to the fiscal year 2019. The table below illustrates sales tax collections since the fiscal year 2008 with the fiscal year 2020 is the highest to date.

Sales Tax Collections

<u>Year</u>	<u>Amount</u>	<u>% Change</u>
CY2020	\$ 1,168,193	0.50%
CY2019	\$ 1,162,424	0.18%
CY2018	\$ 1,160,350	2.09%
CY2017	\$ 1,136,623	44.76%
SY2016	\$ 785,163	-19.21%
FY2016	\$ 971,908	8.30%
FY2015	\$ 897,430	9.70%
FY2014	\$ 818,110	7.85%
FY2013	\$ 758,580	30.60%
FY2012	\$ 580,834	25.24%
FY2011	\$ 463,772	-5.80%
FY2010	\$ 492,332	-7.50%

GOVERNMENT-WIDE STATEMENTS – Continued

Governmental Activities - Continued

Revenues – Continued

The Village receives a share of State Income Tax collections that are distributed to Illinois municipalities on a per capita basis. Income Tax receipts of \$915,753 for the fiscal year 2020 are a key revenue source for the Village's General Fund and governmental activities. Collections of income taxes in the fiscal year 2020 increased by \$18,791 or 2.1% compared to the fiscal year 2019.

The Village also receives a share of Motor Fuel Tax collections that are distributed to Illinois municipalities on a per capita basis. Collections of these taxes increased from \$278,262 in the fiscal year 2019 to \$491,794 in the fiscal year 2020, an increase of \$213,532 or 76.7%. The increase in revenue is related to the Build America Funds that the Village was awarded from the State of Illinois.

Motor Fuel Taxes are allocated to the maintenance and improvement of infrastructure, including roadways, traffic signals, storm sewers, traffic control devices, sidewalks, and parkway trees.

In July 2007, the Village implemented a Places for Eating Tax on the sale of prepared food and beverages for immediate consumption within the Village. This tax generated \$63,212 in General Fund revenue during the fiscal year 2020, a decrease of \$32,646 or 34.1% compared to the fiscal year 2019. The decrease in revenue of Places for Eating Tax is a direct result of the Covid-19 Pandemic. Restaurants were forced to close for a short period, however, upon re-opening restaurants are only allowed a 25% capacity indoors.

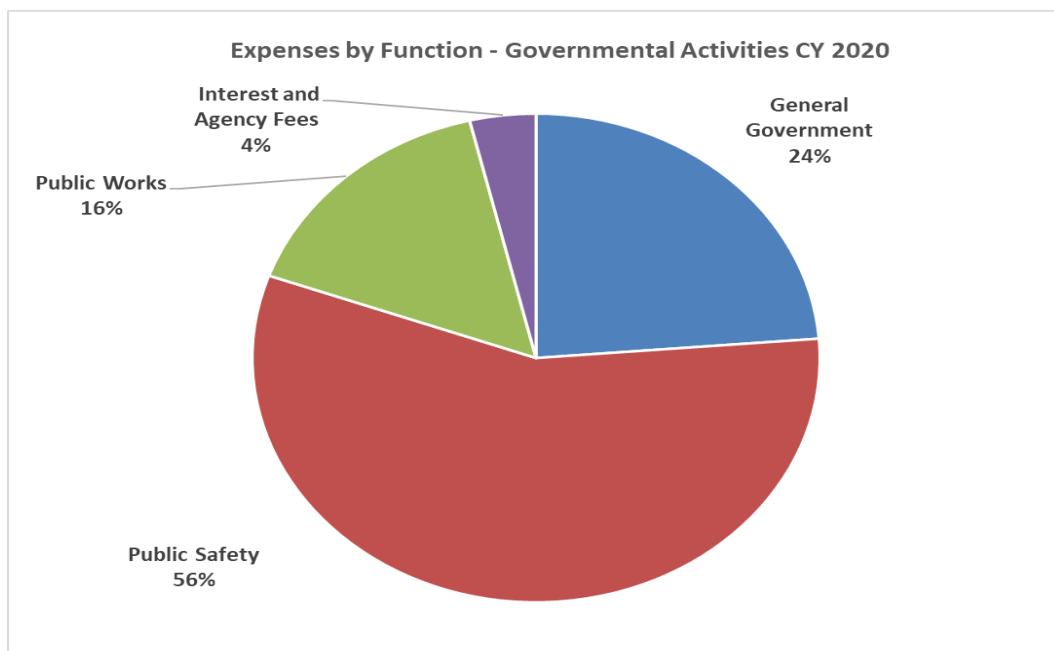

Expenses:

The following pie chart illustrates the percentage of expenses by function. It identifies the largest function of the Village as Public Safety with expenses of \$4,852,980 or 56.7% of government activities functions. Public Works expenses were \$1,348,132 or 15.8% and General Government was \$2,030,378 or 23.7% of expenses by function for governmental activities.

GOVERNMENT-WIDE STATEMENTS – Continued

Governmental Activities - Continued

Expenses - Continued

Total expenses for governmental activities were \$8,553,383 for fiscal year 2020, a 4.6% decrease from fiscal year 2019 \$8,963,797. The decrease in expenditures is a direct result of the Covid-19 Pandemic. You will see below the expense reductions were primarily in Public Safety and Public Works. These reductions included temporary and permanent staffing reductions. Services, supplies, and materials were reduced, including such items as Vehicle fuel and maintenance.

General government function expenses increased by \$6,100 from \$2,024,278 to \$2,030,378. Public Safety function expenses decreased by \$434,608 or 8.2%, from \$5,287,588 to \$4,852,980. Public Works function expenses decreased by \$89,388 or 6.2%, from \$1,437,520 to \$1,348,132.

Business-type Activities

Revenues:

Total revenues for business-type activities increased by \$258,496, or 7.6% to \$3,652,948 with water utility charges accounting for 99.3% of this revenue. Charges for Services increased by \$346,050. Burlington Northern Parking revenue decreased by \$3,994 or 6.2% to \$59,930. Another impact of the Covid-19 Pandemic was the increase of revenue in the water utility. Water usage significantly increased during the stay-at-home order and throughout the year, resulting in the increased revenue.

Expenses:

Total expenses for business-type activities increased by \$246,091 or 8.9% from \$2,769,134 to \$3,015,225. Water fund expenses increased by \$217,400 or 8.0% from \$2,709,465 to \$2,926,865. Burlington Northern Parking Fund expenses increased by \$28,691 or 48.1% from \$59,669 to \$88,360. Another impact of the Covid-19 Pandemic was the unused Burlington Northern Parking lot that is traditionally used by commuters to park while traveling to the city of Chicago. With the parking lot remaining unused for most of the year, the Village worked to reduce maintenance costs and projects were as much as possible.

FINANCIAL ANALYSIS OF THE VILLAGE'S FUNDS

As noted earlier, the Village of Clarendon Hills uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The focus of the Village's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Village's financing requirements. Unrestricted fund balance may serve as a useful measure of the Village's net resources available for spending at the end of the fiscal year.

On December 31, 2020, the governmental funds (as presented on the balance sheet on page 8) reported a combined total governmental fund balance of \$16,980,766. This reflects an increase of \$4,508,586 or 36.1% from the prior fiscal year's \$12,472,180 fund balance. Unrestricted fund balance is \$11,973,557 or 70.0% of total fund balance. Unrestricted fund balance includes \$6,750,674 assigned for capital purposes, and \$5,222,883 unassigned.

General Fund:

The General Fund is the primary operating fund of the Village. At the end of the fiscal year, the unassigned fund balance of the General Fund was \$5,236,541 while the total fund balance reached \$5,285,900. Of the unrestricted fund balance, 100% is unassigned. Unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year and as a measure of the General Fund's liquidity. It may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 99.1% while total fund balance represents 80.7% of the total General Fund expenditures.

FINANCIAL ANALYSIS OF THE VILLAGE'S FUNDS – Continued

General Fund – Continued:

The fund balance in the General Fund decreased by 0.4% compared to last fiscal year. This was a budgeted decrease as funds were transferred to the Capital Fund to support Village Projects.

Tax revenues, which include property taxes, places for eating taxes, and personal property replacement taxes, increased \$101,356 or 2.4%, compared to the prior fiscal year. Intergovernmental revenues, which include sales taxes, state income taxes, and grants increased by \$463,447 or 22.1% from the fiscal year 2019.

License and permit revenues, which include vehicle and business licenses, liquor license fees, and building permit fees received were \$580,042.

Service charge revenues, which include parking fees, telecommunication fees, and ambulance fees received were \$324,063. Fine's revenue received was \$74,756.

Capital Projects Fund:

The Capital Projects Fund has a total fund balance of \$6,750,674 all of which is unrestricted. This reflects an increase of \$2,047,340 from the fiscal year 2019. Total revenue in this fund received in the fiscal year was \$3,990,921. Investment income for this fiscal year 2020 was \$35,400 which is an increase of \$400 from the fiscal year 2019. The Capital Fund exceeded its budgeted revenue, the fund recorded an additional \$1,155,345 in revenue and underspent expenses by \$3,867,759 for a net change of \$5,023,104. This variance was caused by the delay in the construction of the Train Station and Downtown Revitalization project which commenced in January of 2020.

Special Tax allocation Fund:

The Tax Incremental Finance (TIF) Fund is a Special Tax Allocation Fund established in the fiscal year 2005 to allocate a portion of property tax collected from properties within the Ogden Avenue TIF district for use as an incentive to stimulate economic development along Ogden Avenue. The fund has a total deficit fund balance of \$8,028. Total revenue in this fund was \$89,675. Expenditures of \$2,222 were made for legal and audit services. Beginning in the fiscal year 2015, the TIF Fund began repaying the Capital Projects Fund for the \$500,000 loan it received in 2005 as seed money to establish the TIF. This loan will be repaid over 15 years from future incremental revenues.

GENERAL FUND BUDGETARY ANALYSIS

The following chart provides general fund budgetary highlights for the fiscal year 2020. The original and final budget for revenues and expenditures are shown along with actual revenues, expenditures, and variance from the final budget.

General Fund Budgetary Highlights For the Fiscal Year Ended December 31, 2020

	Original Budget	Final Budget	Actual	Variance
Revenues				
Taxes	\$ 4,257,387	\$4,257,387	\$ 4,317,648	60,261
Intergovernmental	2,135,920	2,135,920	2,561,093	425,173
Licenses and Permits	560,067	560,067	580,042	19,975
Service Charges	383,950	383,950	324,063	(59,887)
Fines	139,800	139,800	74,756	(65,044)
Investment Income	115,000	115,000	53,413	(61,587)
Miscellaneous	329,170	329,170	335,971	6,801
Total Revenues	7,921,294	7,921,294	8,246,986	325,692
Expenditures and Transfers				
General Government	1,532,305	1,532,305	1,363,378	(168,927)
Public Safety	4,639,737	4,639,737	4,431,163	(208,574)
Public Works	917,845	917,845	754,708	(163,137)
Total Expenditures	7,089,887	7,089,887	6,549,249	(540,638)
Change in Fund Balance before Transfers	\$ 831,407	\$ 831,407	\$ 1,697,737	\$ 866,330

General Fund actual revenues were \$325,692 or 4.1% greater than the final budgeted amount at fiscal year-end. The largest revenue variance (when comparing final budget to actual) was in miscellaneous revenue which showed an increase of \$425,173 or 19.9%.

Actual expenditures in the General Fund were \$540,638 or 7.6% less than the final budgeted amount at fiscal year-end, the result of favorable variances for all government functions. General Government expenditures were \$168,927 or 11.0% under budget, Public Safety was \$208,574 or 4.5% under budget, and Public Works was \$163,137 or 17.8% under budget.

CAPITAL ASSETS

The schedule below reflects the Village's capital asset balances at fiscal year-end compared to fiscal year-end for governmental and business-type activities.

Village of Clarendon Hills, Illinois
Capital Assets

	Governmental		Business-Type		Total Primary	
	Activities		Activities		Government	
	CY2020	CY2019	CY2020	CY2019	CY2020	CY2019
Land	\$ 2,184,059	\$ 2,184,059	\$ 42,788	\$ 42,788	\$ 2,226,847	\$ 2,226,847
Land Right of Way	2,273,783	2,273,783			2,273,783	2,273,783
Buildings	6,266,137	6,280,203	201,674	471,271	6,467,811	6,751,474
Improvements	1,660,864	1,439,551	170,523	931,129	1,831,387	2,370,680
Equipment	4,754,449	4,811,939	1,688,977	1,659,751	6,443,426	6,471,690
Storm Sewer	132,536	132,536	26,810	26,810	159,346	159,346
Streets	19,809,270	18,286,092			19,809,270	18,286,092
Waterworks System Construction in Progress	7,088,264	2,413,727	19,985,743	20,087,822	19,985,743	20,087,822
Less Accumulated Depreciation	(10,439,947)	(9,666,826)	(7,476,440)	(8,078,347)	(17,916,387)	(17,745,173)
Total	\$ 33,729,415	\$ 28,155,064	\$ 14,640,075	\$ 15,278,941	\$ 48,369,490	\$ 43,434,005

On December 31, 2020, the Village's investment in capital assets for both governmental and business-type activities totaled \$48,369,490 (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, machinery and equipment, the waterworks system, and general infrastructure, on a prospective basis. The total increase in the Village's investment in capital assets for the fiscal year was \$4,935,485 or 11.4%. The increase is related to road Improvements and Construction in Progress for both the Train Station and the Village's Downtown Revitalization project.

Governmental Activities

The Governmental Activities net capital assets increased from last year by \$5,574,351 or 19.8%, largely due to the construction of the Train Station and Downtown Revitalization project which commenced in January of 2020. Depreciation expense totaled \$773,121.

Business-type Activities

The Business-type activities net capital assets decreased from the prior year by \$638,866 or 4.2%. Depreciation expense totaled \$601,907 for the fiscal year.

Additional information on the Village's capital assets may be found in Note 4 to the financial statements.

DEBT ADMINISTRATION

As an Illinois non-home rule community, the Village is subject to a debt limitation of 8.625% of the current assessed value of the Village. The legal debt limit as of December 31, 2020, is \$52,036,651, while the debt applicable to this limit is \$865,000.

The Village's General Obligation Bonds rating by Standard & Poor's remains at AAA. The Debt Certificates ratings were reaffirmed at AA+. These ratings evaluate the credit risk of the Village and the Standard and Poor's AAA rating is its highest credit rating. It indicates the Village's capacity to meet its financial commitment on the obligation is extremely strong.

Governmental Activities

On December 31, 2020, the Village's long-term debt outstanding payable from governmental activities, including accrued compensated absences, OPEB liability, and net pension liabilities, totaled \$21,267,586. The 2009 General Obligation Alternate Revenue Source Bonds, issued to fund the costs of road improvements in Special Service Area No. 15, have an outstanding balance of \$148,000. This debt is repaid with taxes applied to properties within the Special Service Area and by a transfer from the Village's Capital Projects Fund. The following debts are all repaid with taxes applied to properties within the specified Special Service Areas. The 2011 Series General Obligation Alternate Revenue Source Bonds, issued to finance road improvements in Special Service Areas #18, 19, 20, 21, 22, and 23, have a balance of \$270,000. The 2012A Series General Obligation Alternate Revenue Source bonds, issued to pay the costs of certain road improvements within the Village's Special Service Area Numbers 17 and 24, have a balance of \$295,000. The 2013 Series General Obligation Alternate Revenue Source bonds were issued to pay the costs of certain road improvements within the Village's Special Service Area Number 25 and have a balance of \$290,000. The 2014 Series General Obligation Alternate Revenue Source bonds were issued to pay the costs of certain road improvements within the Village's Special Service Area Number 26, have a balance of \$515,000. The 2015 Series General Obligation Alternate Revenue Source bonds, issued to pay the costs of certain road improvements within the Village's Special Service Area Number 27 and Special Service Area Number 28, have a balance of \$1,025,000. During the Stub Year the 2016 Series General Obligation Alternate Revenue Source bonds, issued to pay the costs of certain road improvements within the Village's Special Service Area Number 29, has a balance of \$1,085,000. During the Fiscal Year, the 2017 Series General Obligation Alternate Revenue Source bonds, issued to pay the costs of certain road improvements within the Village's Special Service Area Number 30, has a balance of \$720,000. In the Fiscal Year, the 2018 Series General Obligation Alternate Revenue Source bonds, issued to pay the costs of certain road improvements within the Village's Special Service Area Number 31, has a balance of \$1,060,000.

DEBT ADMINISTRATION - Continued

Governmental Activities - Continued

During the Fiscal Year, the 2019 Series General Obligation Alternate Revenue Source bonds were issued to pay the costs of certain road improvements within the Village's Special Service Area Number 33 and Special Service Area 34, which has a balance of \$700,000. Lastly, in the Fiscal Year, the 2020 Series General Obligation Alternate Revenue Source bonds were issued to pay the costs of the construction of the Train Station and Downtown Revitalization project.

The 2012 Series Debt Certificates issued to refund the 2002 Series Debt Certificates and to refund a portion of the 2005 Series Debt Certificates have a balance of \$865,000.

Business-type Activities

The Village received a zero percent interest loan through the Illinois Environmental Protection Agency (IEPA) for the construction of various water main replacement projects, which is payable from water fees. The IEPA loan has a balance of \$818,920.

Additional information on the Village's long-term debt and a schedule of debt payments for the fiscal year may be found in note 5 to the financial statements.

ECONOMIC FACTORS AND NEXT FISCAL YEARS BUDGET

The Village's unemployment rate has increased to 7.1% in the fiscal year 2020 (the latest rate available for the Village). This compares to the statewide unemployment rate of 9.5% and DuPage County rate of 7.9%. According to the 2010 census, the Village had a per capita personal income of \$59,996. Note 2020 census data was not available at the time this report was prepared.

Water rates have not increased since May 2016, despite the continued increase in the cost of water from the DuPage Water Commission and the City of Chicago. In addition, the Village continues to replace its aging water infrastructure using its ten-year capital improvement plan.

The Village continues with its commitment to maintaining the most essential services while holding the line on costs in next year's budget.

IMPACT OF COVID-19

In mid-March, as the number of known covid-19 cases rose into the double digits, Governor J. B. Pritzker issued a disaster proclamation, to respond to the crisis. The state took measures to halt the spread of the disease by closing all schools and colleges, ordering a stop to eviction enforcement, ordering all bars and restaurants closed to sit-in diners. The impact initiated a quick response by the Village which immediately put into action policies and procedures to respond to the pandemic. The Village aligned with the Governor's proclamation by adjusting operations to accommodate social distancing, working from home and other prudent measures while maintaining all levels of services to the residents and customers. The Village never ceased any of the services that are provided to the citizens.

IMPACT OF COVID-19 - Continued

The Village already had online bill pay set up for any financial transactions that are conducted. Community Development already had in place online submission for all building projects so there was never an interruption with issuing permits. There was an uptick in activity for remodels and new construction.

The Village has been impacted by the decrease in places for eating tax, sales tax, and state shared revenues, however, a large portion of the budgeted revenue is derived from property taxes. The County of DuPage has granted an extension on the first of two payments due without penalty, but all property tax payments are due September 1. The Village is very fortunate to have a healthy reserve and anticipates the ongoing effects of the pandemic to the General Fund to be minimal on the fund balance.

CONTACTING THE VILLAGE'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, customers, investors, and creditors with a general overview of the Village's finances and to demonstrate the Village's accountability for the money it receives. Questions concerning this report or requests for additional financial information should be directed to Maureen B. Potempa, Finance Director/Treasurer, Village of Clarendon Hills, 1 North Prospect Street, Clarendon Hills, Illinois 60514.

**RECONCILIATION OF FUND BALANCES OF GOVERNMENTAL FUNDS TO THE
GOVERNMENTAL ACTIVITIES IN THE STATEMENT OF NET POSITION**

December 31, 2020

FUND BALANCES OF GOVERNMENTAL FUNDS	\$ 16,980,766
Amounts reported for governmental activities in the statement of net position are different because:	
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the governmental funds	33,729,415
Net pension asset for the Firefighters' Pension Fund is shown as an asset on the statement of net position	42,153
Differences between expected and actual experiences, assumption changes and net difference between projected and actual earnings for the Police Pension Fund are recognized as deferred outflows and inflows of resources on the statement of net position	(456,555)
Differences between expected and actual experiences, assumption changes and net difference between projected and actual earnings for the Firefighters' Pension Fund are recognized as deferred outflows and inflows of resources on the statement of net position	(25,350)
Differences between expected and actual experiences, assumption changes and net difference between projected and actual earnings for the Illinois Municipal Retirement Fund are recognized as deferred outflows and inflows of resources on the statement of net position	(795,256)
Differences between expected and actual experiences, assumption changes and net difference between projected and actual earnings for the total OPEB liability are recognized as deferred outflows and inflows of resources on the statement of net position	18,169
Certain revenues that are deferred in governmental funds are recognized as revenue on the statement of activities	603,111
Long-term liabilities, including bonds payable and interest payable, are not due and payable in the current period and, therefore, are not reported in the governmental funds	
Total OPEB liability	(355,864)
Net pension liability - IMRF	(841,081)
Net pension liability - Police Pension	(7,139,756)
Interest payable	(163,112)
Compensated absences payable	(306,918)
Unamortized discount on bonds	8,296
Unamortized premium on bonds	(159,263)
Bonds and debt certificates payable	(12,473,000)
The unamortized loss on refunding is not a current financial resource and, therefore, is not reported in the governmental funds	<u>24,725</u>
NET POSITION OF GOVERNMENTAL ACTIVITIES	<u>\$ 28,690,480</u>

See accompanying notes to financial statements.

**RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES,
EXPENDITURES AND CHANGES IN FUND BALANCES TO THE
GOVERNMENTAL ACTIVITIES IN THE STATEMENT OF ACTIVITIES**

For the Year Ended December 31, 2020

NET CHANGE IN FUND BALANCES - TOTAL GOVERNMENTAL FUNDS	\$ 4,508,586
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report capital outlay as expenditures; however, they are capitalized and depreciated in the statement of activities	6,821,466
Proceeds from the disposal of capital assets are recognized in governmental funds but the loss is recognized on the statement of activities	(56,099)
The change in the accrual of interest is reported as an increase of interest expense on the statement of activities	(54,657)
The repayment of the principal portion of long-term debt is reported as an expenditure when due in governmental funds but as a reduction of principal outstanding in the statement of activities	556,000
The issuance of bonds and the related costs are shown on the fund financial statements as other financing sources (uses) and current expenditures, but are recorded as long-term liabilities and deferred charges on the governmental-wide statements	
Issuance of bonds	(5,500,000)
Premium on bond issuance	(30,503)
Certain revenue recognition is different on the full accrual basis of accounting than on the modified accrual basis of accounting	216,640
Some expenses in the statement of activities (e.g., depreciation) do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds	
Depreciation	(1,191,016)
Amortization of discount on bonds	(1,216)
Amortization of premium on bonds	13,831
Amortization of loss on refunding	(6,182)
The change in the Illinois Municipal Retirement Fund net pension liability and deferred outflows of resources is not a source or use of a financial resource	80,209
The change in the OPEB liability and deferred outflows of resources is not a source or use of a financial resource	(16,423)
The change in the Police Pension Fund net pension liability and deferred outflows/inflows of resources is not a source or use of financial resources	(141,404)
The change in the Firefighters' Pension Fund net pension liability and deferred outflows of resources is not a source or use of a financial resource	146,657
The change in compensated absences payable is shown as an expense on the statement on activities	<u>(85,229)</u>
CHANGE IN NET POSITION OF GOVERNMENTAL ACTIVITIES	<u><u>\$ 5,260,660</u></u>

See accompanying notes to financial statements.

VILLAGE OF CLARENDON HILLS, ILLINOIS

NOTES TO FINANCIAL STATEMENTS

December 31, 2020

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Village of Clarendon Hills, Illinois (the Village) was incorporated in 1924. The Village operates under a Board of Trustees-Manager form of government and provides the following services as authorized by its charter: public safety (police and fire), highways and streets, water, engineering, public improvements, planning and zoning and general administrative services. The boundaries of the Village are within DuPage County.

The financial statements of the Village have been prepared in conformity with accounting principles generally accepted in the United States of America, as applied in government units (hereinafter referred to as generally accepted accounting principles (GAAP)). The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the accounting policies are described below.

A. Reporting Entity

The Village is a municipal corporation governed by an elected eight-member board. As required by GAAP, these financial statements present the Village (the primary government). Management has determined that there are two fiduciary component units that are required to be included in the financial statements of the Village as pension trust funds.

Police Pension Employees Retirement System

The Village's police employees participate in Police Pension Employees Retirement System (PPERS). PPERS functions for the benefit of these employees and is governed by a five-member pension board. Two members appointed by the Village's Mayor, one elected by pension beneficiaries and two elected police employees constitute the pension board. The Village is obligated to fund all PPERS costs not funded by PPERS participants based upon actuarial valuations, which creates a financial burden on the Village. The State of Illinois is authorized to establish benefit levels and the Village is authorized to approve the actuarial assumptions used in the determination of contribution levels, which results in the PPERS being fiscally dependent upon the Village. PPERS is reported as a pension trust fund. PPERS does not issue a stand-alone financial report.

Firefighters' Pension Employees Retirement System

The Village's sworn firefighters participate in Firefighters' Pension Employees Retirement System (FPERS). FPERS functions for the benefit of these employees and is governed by a five-member pension board.

VILLAGE OF CLARENDON HILLS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

A. Reporting Entity (Continued)

Firefighters' Pension Employees Retirement System (Continued)

Two members appointed by the Village's Mayor, one elected pension beneficiary and two elected fire employees constitute the pension board. The Village is obligated to fund all FPERS costs not funded by FPERS participants based upon actuarial valuations, which creates a financial burden on the Village. The State of Illinois is authorized to establish benefit levels and the Village is authorized to approve the actuarial assumptions used in the determination of contribution levels, which results in the FPERS being fiscally dependent upon the Village. FPERS is reported as a pension trust fund. FPERS does not issue a stand-alone financial report.

B. Fund Accounting

The Village uses funds to report on its financial position and the changes in its financial position. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities. A fund is a separate accounting entity with a self-balancing set of accounts. The minimum number of funds are maintained consistent with legal and managerial requirements.

Funds are classified into the following categories: governmental, proprietary and fiduciary.

Governmental funds are used to account for all or most of the Village's general activities, including the collection and disbursement of restricted or committed monies (special revenue funds), the funds committed, restricted or assigned for the acquisition or construction of capital assets (capital projects funds) and the funds committed, restricted or assigned for the servicing of long-term debt (debt service funds). The General Fund is used to account for all activities of the general government not accounted for in some other fund.

Proprietary funds are used to account for activities similar to those found in the private sector, where the determination of net income is necessary or useful for sound financial administration. Goods or services from such activities can be provided either to outside parties (enterprise funds) or to other departments or agencies primarily within the government (internal service funds).

Fiduciary funds are used to account for fiduciary activities that meet the definition contained in GASB Statement No. 84, *Fiduciary Activities*. The Village utilizes pension trust funds (for its Police and Firefighters' Pension Funds) and a custodial fund (for its Park Donation Escrow Fund), which is generally used to account for assets that the Village holds in a fiduciary capacity.

VILLAGE OF CLARENDON HILLS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the Village. The effect of material interfund activity has been eliminated from these statements, except for interfund services. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function, segment or program are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include (1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and (2) grants and standard revenues that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

The Village reports the following major governmental funds:

The General Fund is the Village's primary operating fund. It accounts for all financial resources of the general government, except those accounted for in another fund.

The Capital Projects Fund is used to account for resources restricted, committed or assigned by the Village for acquisition and/or construction of major capital items other than those financed by special service areas.

The Special Tax Allocation Fund is used to account for incremental property taxes and other funds restricted for activities in the Village's Tax Increment Financing District. The Village has chosen to voluntarily report this fund as a major fund.

The Village reports the following major proprietary fund:

The Water Utility Fund is used to account for the provision of water, repair and improvement services to residents. All activities necessary to provide such services are accounted for in this fund.

VILLAGE OF CLARENDON HILLS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Government-Wide and Fund Financial Statements (Continued)

The Village reports pension trust funds as fiduciary component units to account for the Police Pension Fund and Firefighters' Pension Fund. Furthermore, the Village reports the following custodial fund as fiduciary funds: The Park Donation Escrow Fund, where the Village is acting in an agent capacity.

D. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial. Revenues and additions are recorded when earned and expenses and deductions are recorded when a liability is incurred. The Village recognizes property taxes when they become both measurable and available in the period the tax is intended to finance. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Operating revenues/expenses include all revenues/expenses directly related to providing enterprise fund services. Incidental revenues/expenses are reported as non-operating.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. The Village considers revenues to be available if they are collected within 60 days of the end of the current fiscal period, except for sales taxes and telecommunication taxes which use a 90-day period. Expenditures generally are recorded when a fund liability is incurred. However, debt service expenditures are recorded only when payment is due.

Property taxes, sales taxes and telecommunication taxes owed to the state at year end, franchise fees, licenses, charges for services and interest associated with the current fiscal period are all considered to be susceptible to accrual and are recognized as revenues of the current fiscal period. Fines and permit revenue and miscellaneous revenues are considered to be measurable and available only when cash is received by the Village.

In applying the susceptible to accrual concept to intergovernmental revenues (i.e., federal and state grants), the legal and contractual requirements of the numerous individual programs are used as guidance. There are, however, essentially two types of these revenues. In one, monies must be expended on the specific purpose or project before any amounts will be paid to the Village; therefore, revenues are

VILLAGE OF CLARENDON HILLS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

recognized based upon the expenditures recorded. In the other, monies are virtually unrestricted as to purpose of expenditure and are generally revocable only for failure to comply with prescribed eligibility requirements, such as equal employment opportunity. These resources are reflected as revenues at the time of receipt or earlier if they meet the availability criterion.

The Village reports unearned and unavailable/deferred revenue on its financial statements. Unearned and unavailable/deferred revenues arise when potential revenue does not meet both the measurable and available or earned criteria for recognition in the current period. Unearned and unavailable/deferred revenues also arise when resources are received by the government before it has legal claim to them as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the government has a legal claim to the resources, the liability for unearned revenue and the deferred inflows of resources for unavailable/deferred revenue is removed from the financial statements and revenue is recognized.

E. Cash and Investments

Investments with a maturity of less than one year when purchased, non-negotiable certificates of deposit and other nonparticipating investments are stated at cost or amortized cost. Investments with a maturity greater than one year when purchased and all investments of the pension trust funds are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

For purposes of the statement of cash flows, the Village's proprietary funds consider their demand deposits and all highly liquid investments with an original maturity of three months or less when purchased to be cash equivalents.

The Illinois Public Treasurers' Investment Pool, known as The Illinois Funds, operates as a qualified external investment pool in accordance with the criteria established in GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*, and thus, reports all investments at amortized cost rather than fair value. The investment in The Illinois Funds by participants is also reported at amortized cost. The Illinois Funds does not have any limitations or restrictions on participant withdrawals. The Illinois Treasurer's Office issues a separate financial report for The Illinois Funds which may be obtained by contacting the Administrative Office at Illinois Business Center, 400 West Monroe Street, Suite 401, Springfield, Illinois 62704.

VILLAGE OF CLARENDON HILLS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Cash and Investments (Continued)

Illinois Metropolitan Investment Fund (IMET) is a not-for-profit investment trust formed pursuant to the Illinois Municipal Code and managed by a Board of Trustees elected from the participating members. IMET is not registered with the SEC as an investment company. Investments in IMET are valued at IMET's share price, the price at which the investment could be sold.

F. Receivables

Receivables consist primarily of property taxes, intergovernmental and other miscellaneous amounts due to the Village.

G. Employees' Deferred Compensation Plan

The Village offers employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all employees, permits deferral of a portion of compensation until future years. The deferred amount is not available to employees until termination, retirement, death or unforeseeable emergency. The assets have been placed in trust for the benefit of the employees and, accordingly, are not reported in these financial statements.

H. Prepaid Items/Expenses

Payments made to vendors for services that will benefit periods beyond the date of this report are recorded as prepaid items/expenses and are reported using the consumption method.

I. Capital Assets

Capital assets, which include property, plant, equipment and infrastructure assets on a prospective basis (e.g., roads, bridges and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the Village as assets with an initial, individual cost in excess of \$5,000 and an estimated useful life in excess of one year.

Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs, including street overlays that do not add to the value of the asset or materially extend asset lives are not capitalized.

VILLAGE OF CLARENDON HILLS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

I. Capital Assets (Continued)

Major outlays for capital assets and improvements are capitalized as projects are constructed. Property, plant and equipment is depreciated using the straight-line method over the following estimated useful lives:

	Years
Buildings and Building Improvements	5-50
Waterworks System	10-40
Equipment	3-30
Infrastructure	10-50

J. Compensated Absences

Vested or accumulated employee leave balances are reported as an expenditure and a fund liability of the governmental fund that will pay it once retirement or separation has occurred. Vested or accumulated employee leave balances of proprietary funds and governmental activities are recorded as an expense and liability of those funds as the benefits accrue to employees.

K. Long-Term Obligations

In the government-wide financial statements and proprietary funds in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund financial statements. Bond premiums and discounts are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures.

L. Net Position/Fund Balances

In the fund financial statements, governmental funds report nonspendable fund balance for amounts that are either not in spendable form or legally or contractually required to be maintained intact. Restrictions of fund balance are reported for amounts constrained by legal restrictions from outside parties for use for a specific

VILLAGE OF CLARENDON HILLS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

L. Net Position/Fund Balances (Continued)

purpose or externally imposed by outside entities or from enabling legislation adopted by the Village. Committed fund balance is constrained by formal actions of the Village's Board of Trustees, which is considered the Village's highest level of decision-making authority. Formal actions include ordinances approved by the Board of Trustees that can only be modified with similar action by the Board of Trustees. Assigned fund balance represents amounts constrained by the Village's intent to use them for a specific purpose. The authority to assign fund balance has been delegated to the Village's Manager and the Finance Director/Treasurer/Budget Officer via the annual budget. Any residual fund balance in the General Fund, including fund balance targets and any deficit fund balance of any other governmental fund is reported as unassigned.

The Village has established a fund balance reserve policy for its general fund. The policy targets a minimum fund balance to be maintained in the General Fund equivalent to 50% of the audited expenditures in the fund. Any fund balance in the General Fund in excess of the 50% can be assigned for future capital purposes and/or transferred to the Capital Projects Fund.

The Village's flow of funds assumption prescribes that the funds with the highest level of constraint are expended first. If restricted or unrestricted funds are available for spending, the restricted funds are spent first. Additionally, if different levels of unrestricted funds are available for spending the Village considers committed funds to be expended first followed by assigned funds and then unassigned funds.

In the government-wide financial statements, restricted net position are legally restricted by outside parties for a specific purpose. Net investment in capital assets represents the book value of capital assets less any outstanding long-term debt issued to acquire or construct the capital assets.

None of the restricted net position or restricted fund balance results from enabling legislation adopted by the Village.

M. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. Lastly, deferred outflows are reported related to the asset retirement obligation in the Water Fund.

VILLAGE OF CLARENDON HILLS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

N. Interfund Transactions

Interfund services are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed.

All other interfund transactions, except interfund services and reimbursements, are reported as transfers.

O. Interfund Receivables/Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either “due to/from other funds” (i.e., the current portion of interfund loans) or “advances to/from other funds” (i.e., the noncurrent portion of interfund loans). All other outstanding balances between funds are reported as “due to/from other funds.”

If applicable, advances between funds, are offset by a fund balance nonspendable account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources, unless the proceeds from the advance are restricted, committed or assigned. Then they are included in the appropriate fund balance category based on the nature of the constraints on the use of resources.

P. Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows, liabilities and deferred inflows and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

Q. Postponement of Implementation of Certain Authoritative Guidance

In accordance with the provisions of GASB Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*, the Village has delayed the implementation of GASB Statement No. 87, *Leases* to December 31, 2022.

2. CASH AND INVESTMENTS

The Village and pension funds categorizes the fair value measurements within the fair value hierarchy established by GAAP. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for

VILLAGE OF CLARENDON HILLS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

2. CASH AND INVESTMENTS (Continued)

identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs. Cash and investments are held separately and in pools by several of the Village's funds. The Village invests these funds pursuant to an investment policy adopted by the Board of Trustees. The deposits and investments of the Pension Trust Funds are held separately.

The Village's investment policy and state statutes authorize the Village to make deposits/invest in insured commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. agencies, insured credit union shares, money market mutual funds with portfolios of securities issued or guaranteed by the United States Government or agreements to repurchase these same obligations, repurchase agreements, short-term commercial paper rated within the three highest classifications by at least two standard rating services, local government bonds within the four highest rating classifications, The Illinois Funds and IMET.

It is the policy of the Village to invest its funds in a manner which will provide the highest investment return with the maximum security while meeting the daily cash flow demands of the Village and conforming to all state and local statutes governing the investment of public funds, using the "prudent person" standard for managing the overall portfolio. The primary objective of the policy is safety (preservation of capital and protection of investment principal), liquidity and yield.

A. Village Deposits with Financial Institutions

Custodial credit risk for deposits with financial institutions is the risk that in the event of a bank's failure, the Village's deposits may not be returned to it. The Village's investment policy requires pledging of collateral with a fair value of 110% of all bank balances in excess of federal depository insurance with the collateral held by an independent third party in the name of the Village and evidenced by a written collateral agreement. As of December 31, 2020, the Village's deposits with a bank balance were fully insured and collateralized.

B. Village Investments

As of December 31, 2020, the Village had the following investments and maturities in securities subject to interest rate risk:

Investment Type	Fair Value	Investment Maturities (in Years)			
		Less than 1	1-5	6-10	Greater than 10
Negotiable Certificate of Deposit	\$ 895,130	\$ 895,130	\$ -	\$ -	\$ -
TOTAL	\$ 895,130	\$ 895,130	\$ -	\$ -	\$ -

VILLAGE OF CLARENDON HILLS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

2. CASH AND INVESTMENTS (Continued)

B. Village Investments (Continued)

In accordance with its investment policy, the Village limits its exposure to interest rate risk by structuring the portfolio to provide liquidity for operating funds and maximizing yields for funds not needed within a two-year period. The investment policy limits the maximum maturity length of investments to two years from the date of purchase.

The Village has the following recurring fair value measurements as of December 31, 2020: negotiable certificates of deposit of \$895,130 are valued using significant other observable outputs for similar investments and are part of a limited secondary market (Level 2 inputs).

The Village limits its exposure to credit risk, the risk that the issuer of a debt security will not pay its par value upon maturity, by primarily investing in money market mutual funds, negotiable certificates of deposit, U.S. Treasury and U.S. agency obligations. The negotiable certificates of deposit are not rated.

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to the investment, the Village will not be able to recover the value of its investments that are in possession of an outside party. To limit its exposure, the Village's investment policy requires all security transactions that are exposed to custodial credit risk to be processed on a delivery versus payment (DVP) basis with the underlying investments held by a third party acting as the Village's agent separate from where the investment was purchased or by the trust department of the bank where purchased, in the Village's name.

Concentration of credit risk - The Village's investment policy limits the amount of the portfolio that can be invested in any one investment vehicle to no more than 40% of the portfolio, except for U.S. Treasury obligations.

The Village's investment policy specifically prohibits the use of or the investment in derivatives and tri-party repurchase agreements.

3. PROPERTY TAXES

The Village's property tax is levied each calendar year on all taxable real property located in the Village. For governmental funds property taxes are recognized as revenue in the year intended to finance if collected within 60 days subsequent to year end. At the government-wide level, property taxes are recognized as revenue in the year intended to finance, regardless of when collected.

VILLAGE OF CLARENDON HILLS, ILLINOIS
 NOTES TO FINANCIAL STATEMENTS (Continued)

3. PROPERTY TAXES (Continued)

The County Assessor is responsible for assessment of all taxable real property within DuPage County (the County), except for certain railroad property which is assessed directly by the state. The Township Assessor is responsible for assessment of all taxable real property. Reassessments occur based on market conditions. The County Clerk computes the annual tax for each parcel of real property and prepares tax books used by the County Collector as the basis for issuing tax bills to all taxpayers in the County.

The Village's property tax becomes a lien on real property on January 1 of the year it is levied. The 2020 levy was adopted in December 2020, and attached as an enforceable lien as of January 1, 2020. The Village does not have a statutory tax rate limit. Property taxes are deposited with the County Treasurer who remit to the Village its respective share of collections. Taxes levied in one year become due and payable in two installments during the following year, on or about June 1 and September 1. The 2020 levy is intended to finance the 2021 fiscal year and, therefore, is reported as deferred/unavailable revenue at December 31, 2020.

4. CAPITAL ASSETS

The following is a summary of capital asset activity during the fiscal year:

	Beginning Balances	Increases	Decreases	Ending Balances

*The net pension liability for the Firefighters' Pension Fund is reported as a net pension asset as of December 31, 2020. See Note 6 for additional information and disclosures.

The noncurrent accrued compensated absences, net pension liabilities and OPEB liability are being repaid by the General Fund.

VILLAGE OF CLARENDON HILLS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

5. LONG-TERM DEBT (Continued)

A. Governmental Activities (Continued)

The 2009 Series General Obligation Alternate Revenue Source Bonds were issued to fund the costs of Special Service Area #15 improvements and are funded by the taxes specifically designated in the Special Service Area Funds with the public benefit portion funded by a transfer from the Village's Capital Projects Fund.

The 2011 Series General Obligation Alternate Revenue Source Bonds were issued to finance certain capital improvements of Special Service Areas #18, #19, #20, #21, #22 and #23 and are funded by the taxes specifically designated in the Special Service Area Funds, motor vehicle license fees and ad valorem taxes levied against all taxable property within the Village.

The 2012 Series Debt Certificates were issued to refund the 2002 Series Debt Certificates and to refund a portion of the 2005 Series Debt Certificates. The proceeds of the 2012 Series Debt Certificates were placed in an irrevocable trust to provide for the payment of the old certificates. The certificates were issued directly to a bank.

The 2012A Series General Obligation Alternate Revenue Source Bonds were issued to pay the costs of certain road improvements within the Village's Special Service Areas #17 and #24 and to pay the costs of issuance of the bonds. Repayment of the debt is funded by the taxes specifically designated in the Special Service Area Funds.

The 2013 Series General Obligation Alternate Revenue Source Bonds were issued to pay the costs of certain road improvements within the Village's Special Service Area #25 and to pay the costs of issuance of the bonds. Repayment of the debt is funded by taxes specifically designated in the Special Service Area Funds.

The 2014 Series General Obligation Alternate Revenue Source Bonds were issued to pay the costs of certain road improvements within the Village's Special Service Area #26 and to pay the costs of issuance of the bonds. Repayment of the debt is funded by taxes specifically designated in the Special Service Area Funds.

The 2015 Series General Obligation Alternate Revenue Source Bonds were issued to pay the costs of certain road improvements within the Village's Special Service Area #27 and to pay the costs of issuance of the bonds. Repayment of the debt is funded by taxes specifically designated in the Special Service Area Funds.

The 2016 Series General Obligation Alternate Revenue Source Bonds were issued to pay the costs of certain road improvements within the Village's Special Service Areas #28 and #29 and to pay the costs of issuance of the bonds. Repayment of the debt is funded by taxes specifically designated in the Special Service Area Funds.

VILLAGE OF CLARENDON HILLS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

5. LONG-TERM DEBT (Continued)

A. Governmental Activities (Continued)

The 2017 Series General Obligation Alternate Revenue Source Bonds were issued to pay the costs of certain road improvements within the Village's Special Service Area #30 and to pay the costs of issuance of the bonds. Repayment of the debt is funded by taxes specifically designated in the Special Service Area Funds.

The 2018 Series General Obligation Alternate Revenue Source Bonds were issued to pay the costs of certain road improvements within the Village's Special Service Area #31 and to pay the costs of issuance of the bonds. Repayment of the debt is funded by taxes specifically designated in the Special Service Area Funds.

The 2019 Series General Obligation Alternate Revenue Source Bonds were issued to pay the costs of certain road improvements within the Village's Special Service Areas #33 and 34 and to pay the costs of issuance of the bonds. Repayment of the debt is funded by taxes specifically designated in the Special Service Area Funds.

The 2020 Series General Obligation Alternate Revenue Source Bonds were issued to pay the costs of the local train station improvements and to pay the costs of issuance of the bonds. Repayment of the debt is funded by taxes specifically designated in the Capital Projects Funds.

B. Business-Type Activities

The following is a summary of long-term debt transactions of the business-type activities for the year ended December 31, 2020:

	Balances January 1	Additions	Maturities and Retirements	Balances December 31	Current Portion

D. Asset Retirement Obligation

The Village has recognized an asset retirement obligation (ARO) and related deferred outflow of resources in connection with its obligation to seal and abandon various water wells at the end of their estimated useful lives in accordance with federal, state and/or local requirements. The ARO was measured using actual historical costs for similar abandonments, adjusted for inflation through the end of the year. The estimated remaining useful lives of the water wells range from 53 to 55 years.

6. DEFINED BENEFIT PENSION PLANS

The Village contributes to three defined benefit pension plans, the Illinois Municipal Retirement Fund (IMRF), an agent multiple-employer public employee retirement system; the Police Pension Plan which is a single-employer pension plan; and the Firefighters' Pension Plan which is also a single-employer pension plan. The benefits, benefit levels, employee contributions and employer contributions for all three plans are governed by Illinois Compiled Statutes (ILCS) and can only be amended by the Illinois General Assembly. The Village and Clarendon Hills Public Library (the Library) both participate in the IMRF plan and, therefore, the plan is reported as a cost-sharing plan.

VILLAGE OF CLARENDON HILLS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

6. DEFINED BENEFIT PENSION PLANS (Continued)

None of the pension plans issue separate reports on the pension plans. However, IMRF does issue a publicly available report that includes financial statements and supplementary information for the plan as a whole, but not for individual employers. That report can be obtained from IMRF, 2211 York Road, Suite 500, Oak Brook, Illinois 60523 or at www.imrf.org.

The aggregate net pension liabilities, deferred outflows, deferred inflows and pension expense of the Village is as follows:

	IMRF	Police Pension	Firefighters' Pension	Total
Net pension liability (asset)	\$ 1,015,306	\$ 7,139,756	\$ (42,153)	\$ 8,112,909
Deferred outflows of resources	124,759	320,761	-	445,520
Deferred inflows of resources	1,084,746	777,316	25,350	1,887,412
Pension expense	189,530	700,252	(50,840)	838,942

A. Plan Descriptions

Illinois Municipal Retirement Fund

Plan Administration

All employees (other than those covered by the Police and Firefighters' Pension Plans) hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members.

The plan is accounted for on the economic resources measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized as an expense and liability when due and payable.

VILLAGE OF CLARENDON HILLS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

A. Plan Descriptions (Continued)

Illinois Municipal Retirement Fund (Continued)

Plan Membership

At December 31, 2020, IMRF membership consisted of:

Inactive Employees or Their Beneficiaries	
Currently Receiving Benefits	43
Inactive Employees Entitled to but not yet	
Receiving Benefits	49
Active Employees	27
 TOTAL	 <u>119</u>

The IMRF data included in the table above includes membership of both the Village and the Library.

Benefits Provided

All employees (other than those covered by the Police or Firefighters' Pension Plans) hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. IMRF provides two tiers of pension benefits. Employees hired prior to January 1, 2011, are eligible for Tier 1 benefits. For Tier 1 employees, pension benefits vest after eight years of service. Participating members who retire at age 55 (reduced benefits) or after age 60 (full benefits) with eight years of credited service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1 2/3% of their final rate of earnings, for each year of credited service up to 15 years, and 2% for each year thereafter.

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating members who retire at age 62 (reduced benefits) or after age 67 (full benefits) with ten years of credited service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1 2/3% of their final rate of earnings, for each year of credited service up to 15 years, and 2% for each year thereafter.

IMRF also provides death and disability benefits. These benefit provisions and all are established by state statute.

VILLAGE OF CLARENDON HILLS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

6. DEFINED BENEFIT PENSION PLANS (Continued)

A. Plan Descriptions (Continued)

Illinois Municipal Retirement Fund (Continued)

Contributions

Participating members are required to contribute 4.50% of their annual salary to IMRF. The Village is required to contribute the remaining amounts necessary to fund IMRF as specified by statute. The employer contribution for the year ended December 31, 2020, was 17.22% of covered payroll.

Actuarial Assumptions

The Village's net pension liability was measured as of December 31, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation performed as of the same date using the following actuarial methods and assumptions.

Actuarial Valuation Date	December 31, 2020
Actuarial Cost Method	Entry-Age Normal
Assumptions	
Inflation	2.25%
Salary Increases	2.85% to 13.75%
Interest Rate	7.25%
Cost of Living Adjustments	3.25%
Asset Valuation Method	Fair Value

For non-disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 106%) and Female (adjusted 105%) tables, and future mortality improvements projected using scale MP-2020. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020.

VILLAGE OF CLARENDON HILLS, ILLINOIS
 NOTES TO FINANCIAL STATEMENTS (Continued)

A. Plan Descriptions (Continued)

Illinois Municipal Retirement Fund (Continued)

Discount Rate

The discount rate used to measure the total pension liability at December 31, 2020, was 7.25%. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that the employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the IMRF's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members.

Changes in the Net Pension Liability

	(a) Total Pension Liability	(b) Plan Fiduciary Net Position	(a) - (b) Net Pension Liability

Changes in the Net Pension Liability (Continued)

The table presented above includes amounts for both the Village and the Library. The Village's proportionate share of the net pension liability at January 1, 2020, the employer contributions and the net pension liability at December 31, 2020, was \$1,989,822, \$286,904 and \$1,015,306, respectively. The Library's proportionate share of the net pension liability at January 1, 2020, the employer contributions and the net pension liability at December 31, 2020, was \$364,997, \$51,977 and \$186,239, respectively.

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources

For the year ended December 31, 2020, the Village recognized pension expense of \$189,530, the Library recognized pension expense of \$34,766.

At December 31, 2020, the Village reported deferred outflows of resources and deferred inflows of resources related to IMRF from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference Between Expected and Actual Experience	\$ 103,655	\$ 74,168
Changes in Assumption	21,104	63,720
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	-	946,858
TOTAL	\$ 124,759	\$ 1,084,746

The deferred outflows and inflows presented in the table above include amounts for the Village. The Village's proportionate share of the deferred outflows and inflows of resources at December 31, 2020 was (\$959,987).

Illinois Municipal Retirement Fund (Continued)

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources (Continued)

Village amounts reported as deferred outflows of resources and deferred inflows of resources related to IMRF will be recognized in pension expense as follows:

<u>Year Ending December 31,</u>	
2021	\$ (240,042)
2022	(177,199)
2023	(381,379)
2024	<u>(161,367)</u>
 TOTAL	 <u>\$ (959,987)</u>

Discount Rate Sensitivity

The following is a sensitive analysis of the net pension liability (asset) to changes in the discount rate. The table below presents the pension liability (asset) of the Village calculated using the discount rate of 7.25% as well as what the Village's net pension liability (asset) would be if it were calculated using a discount rate that is 1 percentage point lower (6.25%) or 1 percentage point higher (8.25%) than the current rate:

	1% Decrease (6.25%)	Current Discount Rate (7.25%)	1% Increase (8.25%)
Net Pension Liability (Asset) - Village	\$ 2,583,582	\$ 1,015,306	\$ (266,907)
Net Pension Liability (Asset) - Library	473,912	186,239	(48,959)

VILLAGE OF CLARENDON HILLS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

6. DEFINED BENEFIT PENSION PLANS (Continued)

A. Plan Descriptions (Continued)

Police Pension Plan

Plan Administration

Police sworn personnel are covered by the Police Pension Plan. Although this is a single-employer pension plan, the defined benefits and employee and employer contribution levels are governed by Illinois Compiled Statutes (40 ILCS 5/3-1) and may be amended only by the Illinois legislature. The Village accounts for the plan as a pension trust fund.

The Police Pension Plan is governed by a five-member Board of Trustees. Two members of the Board of Trustees are appointed by the Village's President, one member is elected by pension beneficiaries and two members are elected by active police employees.

The Police Pension Plan is accounted for on the economic resources measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized as an expense and liability when due and payable.

At December 31, 2020, the Police Pension Plan membership consisted of:

Inactive Employees or their Beneficiaries	
Currently Receiving Benefits	13
Inactive Employees Entitled to but not yet	
Receiving Benefits	6
Active Employees	13
 TOTAL	 32

Benefits Provided

The Police Pension Plan provides retirement benefits through two tiers of benefits as well as death and disability benefits. Tier 1 employees (those hired prior to January 1, 2011) attaining the age of 50 or older with 20 or more years of creditable service are entitled to receive an annual retirement benefit equal to one-half of the salary attached to the rank held on the last day of service, or for one year prior to the last day, whichever is greater. The annual benefit shall be increased by 2.50% of such salary for each additional year of service over 20 years up to 30 years to a maximum of 75% of such salary. Employees with at least eight years but less than 20

VILLAGE OF CLARENDON HILLS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

6. DEFINED BENEFIT PENSION PLANS (Continued)

A. Plan Descriptions (Continued)

Police Pension Plan

Benefits Provided (Continued)

years of credited service may retire at or after age 60 and receive a reduced benefit. The monthly benefit of a police officer who retired with 20 or more years of service after January 1, 1977, shall be increased annually, following the first anniversary date of retirement and be paid upon reaching the age of at least 55 years, by 3% of the original pension and 3% compounded annually thereafter.

Tier 2 employees (those hired on or after January 1, 2011) attaining the age of 55 or older with ten or more years of creditable service are entitled to receive an annual retirement benefit equal to the greater of the average monthly salary obtaining by dividing the total salary during the 48 consecutive months of service within the last of 60 months in which the total salary was the highest by the number of months in that period; or the average monthly salary obtained by dividing the total salary of the police officer during the 96 consecutive months of service within the last 120 months of service in which the total salary was the highest by the number of months of service in that period. Police officers' salary for pension purposes is capped at \$106,800, plus the lesser of $\frac{1}{2}$ of the annual change in the Consumer Price Index or 3% compounded.

The annual benefit shall be increased by 2.50% of such salary for each additional year of service over 20 years up to 30 years to a maximum of 75% of such salary. Employees with at least ten years may retire at or after age 50 and receive a reduced benefit (i.e., $\frac{1}{2}\%$ for each month under 55). The monthly benefit of a Tier 2 police officer shall be increased annually at age 60 on the January 1st after the police officer retires, or the first anniversary of the pension starting date, whichever is later. Noncompounding increases occur annually, each January thereafter. The increase is the lesser of 3% or $\frac{1}{2}$ of the change in the Consumer Price Index for the proceeding calendar year.

Contributions

Employees are required by ILCS to contribute 9.91% of their base salary to the Police Pension Plan. If an employee leaves covered employment with less than 20 years of service, accumulated employee contributions may be refunded without accumulated interest. The Village is required to contribute the remaining amounts necessary to finance the plan, including the costs of administering the Police Pension Plan, as actuarially determined by an enrolled actuary. Effective January 1, 2011, the Village has until the year 2040 to fund 90% of the past service cost for the Police Pension Plan. However, the Village has adopted a funding policy to fund 100% of the past service cost by 2040. For the fiscal year ended December 31, 2020, the Village's contribution was 45.34% of covered payroll.

VILLAGE OF CLARENDON HILLS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

6. DEFINED BENEFIT PENSION PLANS (Continued)

A. Plan Descriptions (Continued)

Police Pension Plan

Investment Policy

ILCS limits the Police Pension Fund's (the Fund) investments to those allowable by ILCS and require the Fund's Board of Trustees to adopt an investment policy which can be amended by a majority vote of the Board of Trustees. The Fund can invest in the same securities as the Village, plus the following: certain non-U.S. obligations (corporate debt securities), Illinois municipal corporations tax anticipation warrants, veteran's loans, obligations of the State of Illinois and its political divisions, Illinois insurance company general and separate accounts, equity mutual funds and equity securities.

The Fund's investment policy limits the amount of the portfolio that can be invested in any investment class as follows but does not limit the investment in any one investment vehicle:

Diversification by Investment Class	Maximum Percent of Portfolio	Targeted Percent of Portfolio
Equities	45%	45%
Fixed Income and Cash	65%	55%

The Fund's investment policy specifically prohibits the use of or the investment in derivatives, tri-party repurchase agreements and reverse repurchase agreements.

During the year ended December 31, 2020, the Board of Trustees did not approve any revisions to the Fund's investment policy.

The Fund's investment manager establishes the following target allocation across asset classes:

Asset Class	Target	Long-Term Expected Real Rate of Return
Cash and Short-Term Investments	1.00%	0.50%
Money Market Mutual Funds	4.00%	5.00%
Fixed Income	50.00%	2.50%
Stock Equities	22.50%	5.00%
Mutual Funds	22.50%	5.00%

VILLAGE OF CLARENDON HILLS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

6. DEFINED BENEFIT PENSION PLANS (Continued)

A. Plan Descriptions (Continued)

Police Pension Plan

Investment Valuations

All investments in the plan are stated at fair value and are recorded as of the trade date. Fair value is based on quoted market prices at December 31 for debt securities, equity securities and mutual funds and contract values for insurance contracts.

Investment Rate of Return

For the fiscal year ended December 31, 2020, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 9.38%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Deposits with Financial Institutions

Custodial credit risk for deposits with financial institutions is the risk that in the event of a bank's failure, the Fund's deposits may not be returned to them. The Fund's investment policy requires pledging of collateral with a fair value of 110% of all bank balances in excess of federal depository insurance with the collateral held by an independent third party in the name of the Fund and evidenced by a written collateral agreement.

Interest Rate Risk

The following table presents the investments and maturities of the Fund's debt securities as of December 31, 2020:

Investment Type	Fair Value	Investment Maturities (in Years)			
		Less than 1	1-5	6-10	Greater than 10

NOTES TO FINANCIAL STATEMENTS (Continued)

6. DEFINED BENEFIT PENSION PLANS (Continued)

A. Plan Descriptions (Continued)

Police Pension Plan

Interest Rate Risk (Continued)

The Fund has the following recurring fair value measurements as of December 31, 2020: the U.S. Treasury obligations and equity securities are valued using quoted prices in active markets for identical assets (Level 1 inputs). The U.S. agency obligations, municipal bonds, corporate bonds and debt mutual funds are all valued using quoted matrix pricing models (Level 2 inputs).

In accordance with its investment policy, the Fund limits its exposure to interest rate risk by structuring the portfolio to provide liquidity for operating funds and maximizing yields for funds not needed within a one-year period. The investment policy does not limit the maximum maturity length of investments in the Fund.

Credit Risk

The Fund limits its exposure to credit risk, the risk that the issuer of a debt security will not pay its par value upon maturity, by primarily investing in obligations guaranteed by the United States Government or securities issued by agencies of the United States Government that are explicitly or implicitly guaranteed by the United States Government and State or Local Government Bonds. The U.S. agency obligations are rated AA+ by Standard and Poor's, Municipal Bonds are rated AA to AAA by Standard and Poor's and Corporate Bonds are rated BBB- to A+ by Standard and Poor's. The debt mutual funds are not rated.

Custodial Credit Risk

To limit its exposure, the Fund's investment policy requires all security transactions that are exposed to custodial credit risk to be processed on a delivery versus payment (DVP) basis with the underlying investments held by a third party acting as the Fund's agent separate from where the investment was purchased in the Fund's name.

Discount Rate

The discount rate used to measure the total pension liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that the Village contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the Fund's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members.

Actuarial Assumptions

The total pension liability above was determined by an actuarial valuation performed as of December 31, 2020, using the following actuarial methods and assumptions.

Actuarial Valuation Date December 31, 2020

Actuarial Cost Method Entry-Age Normal

Assumptions
Inflation 2.50%

Salary Increases 4.75%

Interest Rate 6.75%

Cost of Living Adjustments 3.00%

Asset Valuation Method Market Value

Mortality rates were based on the RP-2014 CHBCA Mortality Table with a blue collar adjustment, with improvement scale MP-2020 applied generationally from 2013.

Discount Rate Sensitivity

The following is a sensitive analysis of the net pension liability to changes in the discount rate. The table below presents the net pension liability of the Village calculated using the discount rate of 6.75% as well as what the Village's net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (5.75%) or 1 percentage point higher (7.75%) than the current rate:

	1% Decrease (5.75%)	Current Discount Rate (6.75%)	1% Increase (7.75%)

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources

For the year ended December 31, 2020, the Village recognized pension expense of \$697,252. At December 31, 2020, the Village reported deferred outflows of resources and deferred inflows of resources related to the police pension from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference Between Expected and Actual Experience	\$ 77,391	\$ 440,193
Changes in Assumptions	243,370	149,709
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	-	187,414
 TOTAL	 \$ 320,761	 \$ 777,316

Changes in the net pension liability related to the difference in actual and expected experience, or changes in assumptions regarding future events, are recognized in pension expense over the expected remaining service life of all employees (active and retired) in the Police Pension Plan. Differences in projected and actual earnings over the measurement period are recognized over a five-year period.

Amounts reported as deferred outflows of resources and deferred inflows of resources related to the police pension will be recognized in pension expense as follows:

Firefighters' Pension Plan

Plan Administration

Firefighter sworn personnel are covered by the Firefighters' Pension Plan, a single-employer defined benefit pension plan sponsored by the Village. The defined benefits and employee and minimum employer contribution levels are governed by Illinois Compiled Statutes (40 ILCS 5/4-101) and may be amended only by the Illinois legislature. The Village accounts for the Firefighters' Pension Plan as a pension trust fund.

The Firefighters' Pension Plan is governed by a five-member Board of Trustees. Two members of the Board of Trustees are appointed by the Village's President, one member is elected by pension beneficiaries and two members are elected by active firefighter employees.

The Firefighters' Pension Plan is accounted for on the economic resources measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized as an expense and liability when due and payable.

Plan Membership

At December 31, 2020, the Firefighters' Pension Plan membership consisted of:

Retirees and Beneficiaries Currently Receiving Benefits and Terminated Employees Entitled to Benefits but not yet Receiving Them	-
Current Employees	
Vested	1
Nonvested	-
TOTAL	1

VILLAGE OF CLARENDON HILLS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

6. DEFINED BENEFIT PENSION PLANS (Continued)

A. Plan Descriptions (Continued)

Firefighters' Pension Plan (Continued)

Benefits Provided

The Firefighters' Pension Plan provides retirement benefits through two tiers of benefits as well as death and disability benefits. Tier 1 employees (those hired prior to January 1, 2011) attaining the age of 50 or older with 20 or more years of creditable service are entitled to receive an annual retirement benefit equal to one-half of the salary attached to the rank held at the date of retirement. The annual benefit shall be increased by 2.50% of such salary for each additional year of service over 20 years up to 30 years to a maximum of 75% of such salary. Employees with at least ten years but less than 20 years of credited service may retire at or after age 60 and receive a reduced benefit. The monthly benefit of a covered employee who retired with 20 or more years of service after January 1, 1977, shall be increased annually, following the first anniversary date of retirement and be paid upon reaching the age of at least 55 years, by 3% of the original pension and 3% compounded annually thereafter.

Tier 2 employees (those hired on or after January 1, 2011) attaining the age of 55 or older with ten or more years of creditable service are entitled to receive an annual retirement benefit equal to the greater of the average monthly salary obtaining by dividing the total salary during the 48 consecutive months of service within the last of 60 months in which the total salary was the highest by the number of months in that period; or the average monthly salary obtained by dividing the total salary of the firefighter during the 96 consecutive months of service within the last 120 months of service in which the total salary was the highest by the number of months of service in that period. Firefighters' salary for pension purposes is capped at \$106,800, plus the lesser of $\frac{1}{2}$ of the annual change in the Consumer Price Index or 3% compounded. The annual benefit shall be increased by 2.50% of such salary for each additional year of service over 20 years up to 30 years to a maximum of 75% of such salary. Employees with at least ten years may retire at or after age 50 and receive a reduced benefit (i.e., $\frac{1}{2}\%$ for each month under 55). The monthly benefit of a Tier 2 firefighter shall be increased annually at age 60 on the January 1st after the firefighter retires or the first anniversary of the pension starting date, whichever is later. Noncompounding increases occur annually, each January thereafter. The increase is the lesser of 3% or $\frac{1}{2}$ of the change in the Consumer Price Index for the proceeding calendar year.

VILLAGE OF CLARENDON HILLS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

6. DEFINED BENEFIT PENSION PLANS (Continued)

A. Plan Descriptions (Continued)

Firefighters' Pension Plan (Continued)

Contributions

Covered employees are required to contribute 9.455% of their base salary to the Firefighters' Pension Plan. If an employee leaves covered employment with less than 20 years of service, accumulated employee contributions may be refunded without accumulated interest. The Village is required to finance the plan, including the cost of administering the Firefighters' Pension Plan, as actuarially determined by an enrolled actuary. Effective January 1, 2011, the Village has until the year 2040 to fund 90% of the past services costs for the Firefighters' Pension Plan. However, the Village has adopted a funding policy to fund 100% of the past service cost by 2040. For the year ended December 31, 2020, the Village's contribution was 36.96% of covered payroll.

Investment Policy

ILCS limits the Firefighters' Pension Fund's (the Fund) investments to those allowable by ILCS and require the Fund's Board of Trustees to adopt an investment policy which can be amended by a majority vote of the Board of Trustees. The Fund can invest in the same securities as the Village, plus the following: certain non-U.S. obligations (corporate debt securities), Illinois municipal corporations tax anticipation warrants, veteran's loans, obligations of the State of Illinois and its political divisions, Illinois insurance company general and separate accounts and equity mutual funds. The Fund's investment policy specifically prohibits the use of or the investment in derivatives, repurchase agreements, reverse repurchase agreements and margin account arrangements.

The Fund's investment policy limits the amount of the portfolio that can be invested in any fixed income and equity investment class as follows but does not limit the investment in any one investment vehicle:

Diversification by Fixed Income Investment Class	Normal Allocation	Range of Allocation
U.S. Treasury Bills/Notes/Bonds	30%	0%-100%
U.S. Government Agency Securities (non-MBS)	35%	0%-70%
U.S. Government Agency Securities (Callable)	20%	0%-30%
U.S. Government Agency Securities (MBS)	5%	0%-10%
Taxable Municipal Securities	10%	0%-20%
Certificates of Deposit	0%	0%-20%
Investment Grade Corporate Bonds	0%	0%-30%

VILLAGE OF CLARENDON HILLS, ILLINOIS

A. Plan Descriptions (Continued)

Firefighters' Pension Plan (Continued)

Investment Policy (Continued)

Diversification by Equity Investment Class	Normal Allocation	Range of Allocation (+/-)
U.S. Large Company Stocks	70%	40%-100%
U.S. Small Company Stocks	20%	0%-40%
International Stocks	10%	0%-20%

During the year ended December 31, 2020, no changes to the investment policy were approved by the Board of Trustees.

The Fund's investment manager establishes the following target allocation across asset classes:

Asset Class	Target	Long-Term Expected Real Rate of Return
Cash and Short-Term Investments	1%	0.5%
Large Cap Domestic Equity	7%	5.6%
Small Cap Domestic Equity	2%	7.4%
International Equity	1%	6.9%
Fixed Income	89%	1.2%

Investment Valuations

All investments in the plan are stated at fair value and are recorded as of the trade date. Fair value is based on quoted market prices at December 31 for debt securities, equity securities and mutual funds and contract values for insurance contracts.

Investment Rate of Return

For the year ended December 31, 2020, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 8.96%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

NOTES TO FINANCIAL STATEMENTS (Continued)

6. DEFINED BENEFIT PENSION PLANS (Continued)

A. Plan Descriptions (Continued)

Firefighters' Pension Plan (Continued)

Deposits with Financial Institutions

Custodial credit risk for deposits with financial institutions is the risk that in the event of a bank's failure, the Fund's deposits may not be returned to them. The Fund's investment policy requires pledging of collateral for the amount by which the Fund's investment exceeds such insurance or guarantee limits is collateralized by the Fund which shall be maintained and credited to the Fund on the records of the custodial bank.

Interest Rate Risk

The following table presents the investments and maturities of the Fund's debt securities as of December 31, 2020:

Investment Type	Fair Value	Investment Maturities (in Years)			
		Less than 1	1-5	6-10	Greater than 10
U.S. Treasury Obligations	\$ 112,913	\$ 5,062	\$ 90,099	\$ 17,752	\$ -
U.S. Agency Obligations	785,309	40,892	206,508	536,783	1,126
Corporate Bonds	189,272	10,061	66,892	112,319	-
Municipal Bonds	151,335	155,207	48,371	77,524	10,233
Negotiable CDs	10,228	10,228	-	-	-
TOTAL	\$ 1,249,057	\$ 81,450	\$ 411,870	\$ 744,378	\$ 11,359

The Fund has the following recurring fair value measurements as of December 31, 2020: the U.S. Treasury obligations and equity mutual funds are valued using quoted prices in active markets for identical assets (Level 1 inputs). The U.S. agency obligations, corporate bonds, and municipal bonds are valued using quoted matrix pricing models (Level 2 inputs).

In accordance with its investment policy, the Fund limits its exposure to interest rate risk by structuring the portfolio to provide liquidity for operating funds and maximizing yields for funds not needed within a one-year period.

A. Plan Descriptions (Continued)

Firefighters' Pension Plan (Continued)

Credit Risk

The Fund limits its exposure to credit risk, the risk that the issuer of a debt security will not pay its par value upon maturity, by primarily investing in obligations guaranteed by the United States Government or securities issued by agencies of the United States Government that are explicitly or implicitly guaranteed by the United States Government. The U.S. agency obligations are rated AA+ by Standard and Poor's, Municipal Bonds are rated AA- to AA+ by Standard and Poor's and Corporate Bonds are rated BBB+ to AA+ by Standard and Poor's rating.

Custodial Credit Risk

To limit its exposure, the Fund's investment policy requires all security transactions that are exposed to custodial credit risk to be processed on a delivery versus payment (DVP) basis with the underlying investments held by a third party acting as the Fund's agent separate from where the investment was purchased in the Fund's name.

Discount Rate

The discount rate used to measure the total pension liability was 5%. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that the Village contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the Fund's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members.

7. JOINT VENTURE

A summary of the Village's joint ventures is as follows:

DuPage Water Commission

The Village is a charter customer, along with 24 other municipalities of the DuPage Water Commission (DWC), and has executed a Water Supply Contract (the Contract) with DWC for a term ending in 2024. DWC is empowered to finance, construct, acquire and obtain Lake Michigan water from the City of Chicago and distribute it to customers through a comprehensive distribution system. The Village began receiving Lake Michigan water in 1992. The Contract provides that the Village pay its proportionate share of "fixed costs" (debt service and capital costs) to DWC, such obligation being unconditional and irrevocable. All water purchase costs are expensed by the Village in the period the water was received.

The DWC Board of Trustees consists of 11 board members, six of whom are appointed by the DuPage County Board of Trustees and five of whom are appointed by vote of the mayors of municipalities within the County districts. The Village exercises no significant control over the activities of DWC.

The Village's commitment to DWC was \$1,179,704 during the fiscal year.

In addition, the Contract also provides that each customer is liable for its proportionate share of any costs arising from defaults in payment obligations by other customers.

To obtain DWC's financial statements, contact the administrative office of the DWC at 600 East Butterfield Road, Elmhurst, Illinois 60126.

8. PUBLIC ENTITY RISK POOLS

The Village is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; illnesses of employees; and natural disasters.

Intergovernmental Personnel Benefit Cooperative

The Intergovernmental Personnel Benefit Cooperative (IPBC) is a public entity risk pool established by certain units of local government in Illinois to administer some or all of the personnel benefit programs offered by the members to their officers and employees and to the officers and employees of certain other governmental, quasi-governmental and nonprofit public service entities.

VILLAGE OF CLARENDON HILLS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

8. PUBLIC ENTITY RISK POOLS (Continued)

Intergovernmental Personnel Benefit Cooperative (Continued)

Management consists of a Board of Directors comprised of one appointed representative from each member. In addition, there are two officers, a Benefit Administrator and a Treasurer. All budgeting and finance decisions are approved by the Board of Directors.

IPBC acts as an administrative agency to receive, process, and pay such claims as may come within the benefit program of each member. Through IPBC, the Village offers both a PPO plan and an HMO plan. IPBC maintains stop-loss insurance to cover claims in excess of \$125,000.

The HMO plan is also self-insured through a special arrangement. Members of IPBC pay for fixed costs of capitation and administration and then fund for claims not covered under the capitation fee. This plan is fully pooled and the Village is not individually rated based on claims experience. All members of the IPBC pay the same rates based on plan design choices.

The Village makes payments to IPBC monthly based on its participation in the plan. The rates per individual participant are determined annually based on each member's prior experience within the pool and projected future claims. This rate also includes a provision for the cost of excess insurance purchased by IPBC. The Village makes monthly payments to IPBC for administration of the plan. The Village had terminal reserve net of deficit of other accounts as of June 30, 2020, (most recent available) of \$602,682. This amount was declared as a dividend to the Village and, therefore, has been recorded as a receivable in the General Fund of \$541,750 and in the Water Fund of \$60,932.

The Village does not exercise any control over the activities of the IPBC beyond its representation on the Board of Directors. To obtain IPBC's financial statements, contact the administrative office of the IPBC at 301 East Irving Park Road, Streamwood, Illinois 60107.

Intergovernmental Risk Management Agency

The Village participates in the Intergovernmental Risk Management Agency (IRMA). IRMA is an organization of municipalities and special districts in Northeastern Illinois which have formed an association under the Illinois Intergovernmental Cooperations Statute to pool its risk management needs. IRMA administers a mix of self-insurance and commercial insurance coverages; property/casualty and workers' compensation claim administration/litigation management services; unemployment claim administration; extensive risk management/loss control consulting and training programs; and a risk information system and financial reporting service for its members.

VILLAGE OF CLARENDON HILLS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

8. PUBLIC ENTITY RISK POOLS (Continued)

Intergovernmental Risk Management Agency (Continued)

The Village's payments to IRMA are displayed on the financial statements as expenditures/expenses in appropriate funds. The Village assumes the first \$25,000 of each occurrence and IRMA has a mix of self-insurance and commercial insurance at various amounts above that level.

Each member appoints one delegate, along with an alternate delegate, to represent the member on the Board of Directors. The Village does not exercise any control over the activities of IRMA beyond its representation on the Board of Directors.

Initial contributions are determined each year based on the individual member's eligible revenue as defined in the by-laws of IRMA and experience modification factors based on past member loss experience. Members have a contractual obligation to fund any deficit of IRMA attributable to a membership year during which they were a member. Supplemental contributions may be required to fund these deficits. The Village had no liabilities to IRMA as of December 31, 2020. The Village did not have any claims that exceeded insurance coverage for the last three fiscal years.

9. INDIVIDUAL FUND DISCLOSURES

The following funds had a deficit in fund balances at December 31, 2020:

Fund	Deficit
Special Tax Allocation	\$ 8,028
Downtown TIF #2	5,630

The following is the advance to/from other funds at December 31, 2020:

Advance From	Advance To	Amount
Capital Projects Fund	Special Tax Allocation Fund	\$ 213,485

The Capital Projects Funds loaned funds to Special Tax Allocation Fund as seed money to start the Tax Increment Financing District and will be repaid from future incremental revenues.

VILLAGE OF CLARENDON HILLS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

9. INDIVIDUAL FUND DISCLOSURES (Continued)

The following are the transfers between funds at December 31, 2020:

Transfer To	Transfer From	Amount
Capital Projects	Special Tax Allocation	\$ 1,227
Capital Projects	General	1,716,552
Capital Projects	Nonmajor Governmental Funds	3,338,098
Nonmajor Governmental Funds	Capital Projects	239,595
Nonmajor Governmental Funds	Nonmajor Governmental Funds	<u>738,511</u>
TOTAL		<u>\$ 6,033,983</u>

- The transfer of \$738,511 from the Nonmajor Governmental Funds to the Nonmajor Governmental Funds provides for the transfer of property taxes collected in the established SSAs for the payment of debt. This transfer will not be repaid.
- The transfer of \$1,716,552 from the General Fund to Capital Projects Fund relates to the Village sending surplus funds for future capital projects. This transfer will not be repaid.
- The transfer of \$239,595 from the Capital Projects Fund to the Nonmajor Governmental Funds is for the public benefit portion of the annual debt payments \$196,930. The additional transfer from the Capital Projects Fund to the Nonmajor Governmental Funds relates to the Village sending surplus funds for future projects \$42,665. This transfer will not be repaid.
- The transfer of \$3,338,098 from the Nonmajor Governmental Funds to Capital Projects Fund relates to the Village sending funds for current capital projects. This transfer will not be repaid.

10. CONTINGENCIES AND COMMITMENTS

There are several pending lawsuits in which the Village is involved. Management believes that the potential claims against the Village resulting from such litigation would not materially affect the financial statements of the Village.

On November 15, 2010, the Village entered into a redevelopment agreement and a sales tax sharing agreement with a developer to develop a parcel of property in the Village's tax increment financing district (TIF). Pursuant to the redevelopment agreement, the Village reimbursed the developer up to \$500,000, payable from future incremental property taxes for certain development costs, which was paid during the fiscal year ended April 30, 2011. In addition, the Village has entered into a sales tax sharing agreement with the developer whereby the Village and developer will share 50% to 60% of the sales tax revenues generated by the development during the first ten years and 50% in years 11 to 15, up to a maximum of \$4,800,000. The Village expensed \$140,510 under this agreement during the year ended December 31, 2020, of which \$45,898 was payable at December 31, 2020.

VILLAGE OF CLARENDON HILLS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

11. OTHER POSTEMPLOYMENT BENEFITS

A. Plan Description

In addition to providing the pension benefits described, the Village provides postemployment health care benefits (OPEB) for retired employees through a single-employer defined benefit plan. The benefits, benefit levels, employee contributions and employer contributions are governed by the Village and can be amended by the Village through its personnel manual and union contracts. The plan is not accounted for as a trust fund, as an irrevocable trust has not been established to account for the plan. The plan does not issue a separate report. The activity of the plan is reported in the Village's governmental and business-type activities.

B. Benefits Provided

The Village provides postemployment health care benefits to its retirees and certain disabled employees. To be eligible for benefits, an employee must qualify for retirement under one of the Village's retirement plans or meet COBRA requirements. All health care benefits are provided through the Village's insured health plan. The benefit levels are the same as those afforded to active employees. Benefits include general inpatient and outpatient medical services; mental, nervous and substance abuse care; vision care; dental care; and prescriptions. Once reaching Medicare age, retirees are covered by a Medicare supplement plan as opposed to the Village's active employee health plan. For certain disabled employees who qualify for health insurance benefits under the Public Safety Employee Benefits Act (PSEBA), the Village is required to pay 100% of the cost of basic health insurance for the employee and their dependents for their lifetime. All retirees contribute 100% of the actuarially determined premium to the plan to cover the cost of providing the benefits to the current members via the insured plan (pay-as-you-go) which results in an implicit subsidy to the Village.

C. Membership

At December 31, 2020 (most recent information available), membership consisted of:

Retirees and Beneficiaries Currently Receiving Benefits	3
Terminated Employees Entitled to Benefits but not yet	
Receiving Them	-
Active Employees	<u>31</u>
 TOTAL	 <u>34</u>
 Participating Employers	 <u>1</u>

VILLAGE OF CLARENDON HILLS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

11. OTHER POSTEMPLOYMENT BENEFITS (Continued)

D. Total OPEB Liability

The Village's total OPEB liability of \$422,942 was measured as of December 31, 2020, and was determined by an actuarial valuation as of that date.

E. Actuarial Assumptions and Other Inputs

The total OPEB liability at December 31, 2020, was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified.

Actuarial Cost Method	Entry-Age Normal
Actuarial Value of Assets	N/A
Salary Increases	3.25%
Discount Rate	1.93%
Healthcare Cost Trend Rates	8.00% Initial 4.50% Ultimate
Retirees Share of Benefit-Related Costs	100% Regular Plan

F. Changes in the Total OPEB Liability

	<u>Total OPEB Liability</u>
BALANCES AT JANUARY 1, 2020	\$ 375,449
Changes for the Period	
Service Cost	21,533
Interest	12,667
Difference Between Expected and Actual Experience	(30,471)
Changes in Assumptions	60,746
Benefit Payments	(16,982)
Net Changes	47,493
BALANCES AT DECEMBER 31, 2020	\$ 422,942

VILLAGE OF CLARENDON HILLS, ILLINOIS
 NOTES TO FINANCIAL STATEMENTS (Continued)

11. OTHER POSTEMPLOYMENT BENEFITS (Continued)

F. Changes in the Total OPEB Liability (Continued)

There were changes in assumptions related to the discount rate.

G. Rate Sensitivity

The following is a sensitivity analysis of the total OPEB liability to changes in the discount rate and the healthcare cost trend rate. The table below presents the total OPEB liability of the Village calculated using the discount rate of 1.93% as well as what the Village total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (0.93%) or 1 percentage point higher (2.93%) than the current rate:

	1% Decrease (0.93%)	Current Discount Rate (1.93%)	1% Increase (2.93%)
Total OPEB Liability	\$455,400	\$422,942	\$392,482

The table below presents the total OPEB liability of the Village calculated using the healthcare rate of 4.50% to 8.00% as well as what the Village's total OPEB liability would be if it were calculated using a healthcare rate that is 1 percentage point lower (3.50% to 7.00%) or 1 percentage point higher (5.50% to 9.00%) than the current rate:

	1% Decrease (3.50% to 7.00%)	Current Healthcare Rate (4.50% to 8.00%)	1% Increase (5.50% to 9.00%)
Total OPEB Liability	\$ 378,212	\$ 422,942	\$ 475,404

H. OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended December 31, 2020, the Village recognized OPEB expense of \$36,502. At December 31, 2020, the Village reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences Between Expected and Actual Experience	\$ -	\$ 38,649
Changes in Assumptions	\$ 72,929	\$ 12,690
TOTAL	\$ 72,929	\$ 51,339

VILLAGE OF CLARENDON HILLS, ILLINOIS

VILLAGE OF CLARENDON HILLS, ILLINOIS

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

December 31, 2020

BUDGETS AND BUDGETARY ACCOUNTING

The Village Board of Trustees operates in accordance with the Budget Officer System under Illinois State Statute. The Finance Director serves as the Budget Officer.

The Village follows these procedures in establishing the budgetary data reflected in the financial statements:

1. The Village submits a proposed operating budget for the fiscal year commencing the following January 1 is prepared by the department heads, reviewed by the Village Manager and Village Finance Director/Budget Officer and submitted to the Board of Trustees for their review. The operating budget includes proposed expenditures for the General Fund, Special Revenue Funds, Debt Service Funds, Capital Projects Funds, Enterprise Funds and Pension Trust Funds. The operating budget does not include proposed revenues and expenditures for funds established in the current fiscal year: 2019B Alternate Bond Fund, 2019C Alternate Bond Fund, 2020 Alternate Bond Fund, Special Service Area #33 and Special Service Area #34.
2. Public hearings are conducted to obtain taxpayer comments.
3. The budget is approved by the Board of Trustees prior to December 31.
4. The adopted budget is forwarded to the DuPage County Clerk as required by law.
5. The level of budgetary control (that is, the level at which changes or amendments must be approved by the Board of Trustees) is established at the department level. Any changes or amendments to the budget of any department must be approved by the Board of Trustees. Budget changes within a department may be made upon the approval of the Budget Officer and Village Manager.
6. Expenditures may not legally exceed budgeted appropriations at the department level.

Village budgets are prepared on a basis of accounting consistent with GAAP, except for the Burlington Northern Commuter Parking Fund (Enterprise Fund), which does not budget amortization of leasehold improvements. All amounts not spent at year end lapse; however, they may be included in the budget in the following year.

Expenditures exceeded budget in the Downtown TIF#2 Fund by \$19,252, the 2020 Alternate Bond Fund by \$64,312, the Special Service Area #33 Fund by \$8,182, the Special Service Area #34 Fund by \$71,823, and Water Operating Fund by \$166,737.

**COMBINING AND INDIVIDUAL FUND
FINANCIAL STATEMENTS AND SCHEDULES**

MAJOR GOVERNMENTAL FUNDS

GENERAL FUND

The General Fund is used to account for all financial resources except those accounted for in another fund.

CAPITAL PROJECTS FUND

The Capital Projects Fund is a fund which accounts for financial resources restricted, committed or assigned for the acquisition or construction of major capital items other than the Special Service Area Funds.

SPECIAL REVENUE FUND

Special Tax Allocation Fund is used to account for incremental property taxes and other funds restricted for activities in the Village's Tax Increment Financing District.

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

The Motor Fuel Tax Fund is used to account for the motor fuel tax revenues restricted by the State of Illinois for road repairs and improvements.

The Economic Development Fund is used to account for proceeds from fees in lieu of parking obligations restricted to fund the development of additional parking in the Central Business District.

The Richmond Garden Fund is used to account for the donation revenue, from private and/or public sources, that is restricted to the Richmond Community Garden.

The Downtown TIF Fund is used to account for the incremental property taxes and other funds restricted for activities in the Village's Downtown Tax Increment Financing District.

DEBT SERVICE FUNDS

The 2009 General Obligation Alternate Revenue Source Bond Fund is used to account for funds restricted, committed or assigned for payment of interest and principal on debt used to finance improvements in Special Service Area #15.

The 2011 General Obligation Alternate Revenue Source Bond Fund is used to account for funds restricted, committed or assigned for payment of interest and principal on debt used to finance improvements in Special Service Areas #18, #19, #20, #21, #22 and #23.

The 2012 Debt Certificates Fund is used to account for funds restricted, committed or assigned for the payment of interest and principal on debt used to refund the 2002 Series Debt Certificates and advance refund a portion of the 2005 Series Debt Certificates.

The 2012A General Obligation Alternate Revenue Source Bond Fund is used to account for funds restricted, committed or assigned for the payment of interest and principal on debt used to pay the costs of certain road improvements within the Village's Special Service Areas #17 and #24 and to pay the cost of issuance of the bonds.

The 2013 General Obligation Alternate Revenue Source Bond Fund is used to account for funds restricted, committed or assigned for the payment of interest and principal on debt used to pay the costs of certain road improvements within the Village's Special Service Areas #25 and to pay the cost of issuance of the bonds.

The 2014 General Obligation Alternate Revenue Source Bond Fund is used to account for funds restricted, committed or assigned for payment of interest and principal on debt used to finance improvements in Special Service Area #26.

The 2015 General Obligation Alternate Revenue Source Bond Fund is used to account for funds restricted, committed or assigned for payment of interest and principal on debt used to finance improvements in Special Service Area #27.

NONMAJOR GOVERNMENTAL FUNDS (Continued)

DEBT SERVICE FUNDS (Continued)

The 2016 General Obligation Alternate Revenue Source Bond Fund is used to account for funds restricted, committed or assigned for payment of interest and principal on debt used to finance improvements in Special Service Area #28 and Special Service Area #29.

The 2017 General Obligation Alternate Revenue Source Bond Fund is used to account for funds restricted, committed or assigned for payment of interest and principal on debt used to finance improvements in Special Service Area #30.

The 2018 General Obligation Alternate Revenue Source Bond Fund is used to account for funds restricted, committed or assigned for payment of interest and principal on debt used to finance improvements in Special Service Area #31.

The 2019 General Obligation Alternate Revenue Source Bond Fund is used to account for funds restricted, committed or assigned for payment of interest and principal on debt used to finance improvements in Special Service Areas #33 and 34.

The 2020 General Obligation Alternate Revenue Source Bond Fund is used to account for funds restricted, committed or assigned for payment of interest and principal on debt used to pay the costs of certain capital improvements within the Village.

CAPITAL PROJECTS FUNDS

Special Service Area #13 Fund is a special taxing district established to account for the funding of water main improvements by a defined geographic area.

Special Service Area #14 Fund is a special taxing district established to account for the funding of fee in lieu of parking in a defined geographic area.

Special Service Area #15 Fund is a special taxing district established to account for the funding of road improvements by a defined geographic area.

Special Service Area #17 Fund is a special taxing district established to account for the funding of road improvements by a defined geographic area.

Special Service Area #18 Fund is a special taxing district established to account for the funding of road improvements by a defined geographic area.

Special Service Area #19 Fund is a special taxing district established to account for the funding of road improvements by a defined geographic area.

Special Service Area #20 Fund is a special taxing district established to account for the funding of road improvements by a defined geographic area.

Special Service Area #21 Fund is a special taxing district established to account for the funding of road improvements by a defined geographic area.

NONMAJOR GOVERNMENTAL FUNDS (Continued)

CAPITAL PROJECTS FUNDS (Continued)

Special Service Area #22 Fund is a special taxing district established to account for the funding of road improvements by a defined geographic area.

Special Service Area #23 Fund is a special taxing district established to account for the funding of road improvements by a defined geographic area.

Special Service Area #24 Fund is a special taxing district established to account for the funding of road improvements by a defined geographic area.

Special Service Area #25 Fund is a special taxing district established to account for the funding of road improvements by a defined geographic area.

Special Service Area #26 Fund is a special taxing district established to account for the funding of road improvements by a defined geographic area.

Special Service Area #27 Fund is a special taxing district established to account for the funding of road improvements by a defined geographic area.

Special Service Area #28 Fund is a special taxing district established to account for the funding of road improvements by a defined geographic area.

Special Service Area #29 Fund is a special taxing district established to account for the funding of road improvements by a defined geographic area.

Special Service Area #30 Fund is a special taxing district established to account for the funding of road improvements by a defined geographic area.

Special Service Area #31 Fund is a special taxing district established to account for the funding of road improvements by a defined geographic area.

Special Service Area #32 Fund is a special taxing district established to account for the funding of road improvements by a defined geographic area.

Special Service Area #33 Fund is a special taxing district established to account for the funding of road improvements by a defined geographic area.

Special Service Area #34 Fund is a special taxing district established to account for the funding of road improvements by a defined geographic area.

Rates are per \$100 of assessed valuation.

The purpose of this overlapping property tax rates schedule is to present comparative rate data for other governmental bodies that extend rates against the Village's revenue base, so that a sense of "overall" property tax burden on the Village's taxpayers may be determined. However, different overlapping governmental rates may apply for individual parcels, dependent upon each individual parcel location.

N/A - Not applicable

*The Village changed fiscal year ends from April 30 to December 31, effective December 31, 2016.

Total Overlapping Debt	<u>703,087,923</u>		<u>39,188,381</u>
TOTAL DIRECT AND OVERLAPPING DEBT	<u>\$ 715,711,890</u>		<u>\$ 51,812,348</u>
2020 EQUALIZED ASSESSED VALUATION	<u>\$ 613,352,479</u>		

Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the Village. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the Village. This process recognizes that, when considering the Village's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident and, therefore, responsible for repaying the debt of each overlapping government.

*The percentage of overlapping general obligation debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable assessed value that is within the Village's boundaries and dividing it by each unit's total taxable assessed value.

INDEPENDENT ACCOUNTANT'S REPORT

The Honorable President
Members of the Board of Trustees
Village of Clarendon Hills, Illinois

We have examined management's assertion, included in its representation letter dated May 28, 2021 that the Village of Clarendon Hills, Illinois (the Village) complied with the provisions of subsection (q) of Section 11-74.4-3 of the Illinois Tax Increment Redevelopment Allocation Act (Illinois Public Act 85-1142) during the year ended December 31, 2020. Management is responsible for the Village's assertion and for compliance with those requirements. Our responsibility is to express an opinion on management's assertion about the Village compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether management's assertion about compliance with the specified requirements is fairly stated, in all material respects. An examination involves performing procedures to obtain evidence about whether management's assertion is fairly stated, in all material respects. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material misstatement of management's assertion, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Village of Clarendon Hills compliance with the specified requirements.

In our opinion, management's assertion that the Village of Clarendon Hills complied with the aforementioned requirements for the year ended December 31, 2020, is fairly stated, in all material respects.

This report is intended solely for the information and use of the President, the Board of Trustees, management of the Village, Illinois State Comptroller's Office and the joint review boards and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT ON SUPPLEMENTARY INFORMATION

The Honorable President
Members of the Board of Trustees
Village of Clarendon Hills, Illinois

We have audited the basic financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Village of Clarendon Hills, Illinois (the Village) as of and for the year ended December 31, 2020, which collectively comprise the basic financial statements of the Village and have issued our report thereon dated May 28, 2021, which expressed an unmodified opinion on those statements.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements as a whole. The supplementary information (schedule of revenues, expenditures, and changes in fund balance and schedule of fund balance by source for the Special Tax Allocation TIF Fund) is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements.

The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

INDEPENDENT AUDITOR'S REPORT

The Honorable President
Members of the Board of Trustees
Village of Clarendon Hills, Illinois

Report on the Schedules

We have audited the accompanying schedule of employer allocations of the Village of Clarendon Hills, Illinois (the Village) as of and for the fiscal year ended December 31, 2020 and the related notes to the schedule of employer allocations and pension amounts by employer. We have also audited the total for all entities of the columns net pension liability as of December 31, 2020, total deferred outflows of resources, total deferred inflows of resources and total pension expense subject to allocation (specified column totals) included in the accompanying schedule of pension amounts by employer (schedules) of the Village for the fiscal year ended December 31, 2020.

Management's Responsibility for the Schedules

Management is responsible for the preparation and fair presentation of these schedules in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the Schedules that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on the schedule of employer allocations and the specified column totals included in the schedules based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the schedule of employer allocations and specified column totals included in the schedules are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the schedule of employer allocations and the specified column totals included in the schedules. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the schedule of employer allocations and the specified column totals included in the schedule of pension amounts by employer, whether due to fraud or error.

In making those risk assessments, the auditor considers internal control relevant to the Village's preparation and fair presentation of the schedule of employer allocations and the specified column totals included in the schedules in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Village's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the schedule of employer allocations and the specified column totals included in the schedules.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the schedules referred to above present fairly, in all material respects, the employer allocations as of and for the fiscal year ended December 31, 2020, and the total of all participating entities of the Village of Clarendon Hills, Illinois for net pension liability as of December 31, 2020, and total deferred outflows of resources, total deferred inflows of resources and total pension expense subjected to allocation for the total of all participating entities for the Village's participation in the Illinois Municipal Retirement Fund (IMRF) as of and for the fiscal year ended December 31, 2020.

Other Matter

We have audited, in accordance with auditing standards generally accepted in the United States of America, the financial statements of the Village as of and for the fiscal year ended December 31, 2020, and our report thereon, dated May 28, 2021, expressed an unmodified opinion on those financial statements.

Restriction on Use

Our report is intended solely for the information and use of the Village of Clarendon Hills and the Clarendon Hills Public Library and is not intended to be, and should not be, used by anyone other than these specified parties.

VILLAGE OF CLARENDON HILLS, ILLINOIS

NOTES TO THE SCHEDULE OF EMPLOYER ALLOCATIONS AND PENSION AMOUNTS BY EMPLOYER

December 31, 2020

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Village of Clarendon Hills, Illinois (the Village) contributes to the Illinois Municipal Retirement Fund (IMRF), an agent multiple-employer public employee retirement system. The benefits, benefit levels, employee contributions and employer contributions for all three plans are governed by Illinois Compiled Statutes (ILCS) and can only be amended by the Illinois General Assembly. IMRF issues a publicly available report that includes financial statements and supplementary information for the plan as a whole, but not for individual employers. That report can be obtained from the Illinois Municipal Retirement Fund, 2211 York Road, Suite 500, Oak Brook, Illinois 60523 or at www.imrf.org. As noted above, IMRF is an agent multiple-employer defined benefit pension plan. The Village and the Clarendon Hills Public Library (the Library), a non-employer contributing entity, both participate in the plan and, therefore, the plan is treated as a cost-sharing plan.

All employees (other than those covered by the Police Pension Plan and Firefighters' Pension Plan, single employer defined benefit plans administered by the Village) hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members.

a. Nature of Schedules

Employers participating in a cost-sharing pension plan are required to recognize their proportionate share of the collective pension amounts for pension benefits provided to members through the IMRF plan.

GASB Statement No. 68, paragraph 92, states that in determining the employer's portion of the collective net pension liability (NPL), the basis should be consistent with the manner in which contributions to the pension plan, excluding those to separately finance specific liabilities of the individual employer to the plan, are determined, which is consistent with paragraphs 48-51. GASB Statement No. 68, paragraph 92, further states that in determining the nonemployer's proportion of the collective NPL and corresponding pension amounts, the Village should follow the terms to determine the specific relationship of the contribution requirements of the nonemployer contributing entity (the Library) to those of the employer (the Village).

The schedule of employer allocations presents the actual fiscal year ending December 31, 2020, contributions used within the proportionate share calculation for the Village and the Library and respective allocation percentage.

VILLAGE OF CLARENDON HILLS, ILLINOIS
NOTES TO THE SCHEDULE OF EMPLOYER ALLOCATIONS
AND PENSION AMOUNTS BY EMPLOYER (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

a. Nature of Schedules (Continued)

The schedule of pension amounts by employer presents the proportionate share of total net pension liability, total deferred outflows of resources, total deferred inflows of resources and total pension expense. The pension expense includes the amortization of the differences between expected and actual economic and demographic experience, differences between actual and projected investment earnings (net) on investments and the impact of changes of assumptions and future economic or demographic factors or other inputs.

b. Measurement Focus and Basis of Accounting

The financial transactions are recorded using the economic resources measurement focus and the accrual basis of accounting.

c. Use of Estimates in the Preparation of the Schedules

The preparation of the IMRF schedules in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts, and the changes therein, and disclosures. Actual results could differ from those estimates and differences could be material. IMRF uses an actuary to determine the total pension liability for the defined benefit plan and to calculate the actuarially determined contributions of the Village and Library.

d. Basis of Allocation

In determining the proportionate share of the net pension liability and corresponding employer pension amounts for a cost-sharing plan, the basis should be consistent with the manner in which contributions to IMRF are determined. The Village has determined that the actual contributions made to IMRF during the Village's fiscal year ended December 31, 2020, are appropriate as the basis because they are representative of future contributions.

The NPL is the Village's total pension liability less the fiduciary net position. The NPL was determined by an actuarial valuation measured as of December 31, 2020. The Village allocates a portion of the NPL to the Library based on the allocation percentage calculated within the Schedule of Employer Allocations.

VILLAGE OF CLARENDON HILLS, ILLINOIS
NOTES TO THE SCHEDULE OF EMPLOYER ALLOCATIONS
AND PENSION AMOUNTS BY EMPLOYER (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

e. Pension Expense and Amortization of Expense

Pension expense, as well as deferred outflows of resources and deferred inflows of resources related to pensions, should be recognized for the Village and the Library's proportionate shares of collective pension expense and collective deferred outflows of resources and deferred inflows of resources related to pensions.

Deferred outflows of resources are the consumption/acquisition of net assets that is applicable to future reporting periods. Deferred outflows of resources have a positive effect on net position. Deferred inflows of resources are the acquisition of net position that is applicable to future reporting periods. Deferred inflows of resources have a negative effect on net position. Other than differences between projected and actual investment earnings, deferred inflows and outflows of resources are recognized in pension expense beginning in the current period, using a straight line method over a closed period equal to the average expected remaining service lives of all employees that are provided with pensions through IMRF (active or inactive), determined as of the beginning of the measurement period.

Net deferred inflows (or outflows) of resources pertaining to differences between projected and actual investment earnings are similarly recognized over a closed five-year period.

The components of pension expense for the year ended December 31, 2020, are:

Service Cost	\$ 196,983
Interest	1,074,995
Difference Between Expected and Actual Experience	(129,897)
Changes in Assumptions	(117,086)
Employee Contributions	(88,558)
Net Investment Income	(1,863,380)
Other (Net Transfer)	112,550
Recognition of Deferred Inflows	736,730
Recognition of Deferred Outflows	<u>301,959</u>
 TOTAL	 <u>\$ 224,296</u>

The average of the expected remaining service lives of all members for year ended December 31, 2020, is 2.8093 years.

VILLAGE OF CLARENDON HILLS, ILLINOIS
NOTES TO THE SCHEDULE OF EMPLOYER ALLOCATIONS
AND PENSION AMOUNTS BY EMPLOYER (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

f. Net Pension Liability

The net pension liability, measured as of December 31, 2020, is set forth in the following table:

NET PENSION LIABILITY (BEGINNING)	\$ 2,354,819
Total Pension Expense	224,296
Deferred Outflows of Resources	(301,959)
Deferred Inflows of Resources	(736,730)
Employer Contributions	<u>(338,881)</u>
NET PENSION LIABILITY (ENDING)	<u>\$ 1,201,545</u>
