MEMORANDUM

To: Village President Austin and Village Board
From: Zachery Creer, Assistant Village Manager
Date: September 10, 2021
Subject: Weekly Report

- **Next Board Meeting** – The next meeting is scheduled for September 20. As of now, we still expect the meeting to begin at 6:30 pm and that we are still able to hold a hybrid meeting.
- **COVID Update** – Recent State rules include mandates that require health care workers to be vaccinated. The regulation makes it clear that paramedics/EMT's are considered health care workers. Therefore, we are implementing this regulation for fire department personnel. The regulation requires regular testing for persons who chose not to get vaccinated. Otherwise, unvaccinated employees would not be allowed to work.
- **Budget Meetings** – Budget meetings continued at the staff level for operating budgets this week. We have a few remaining, primarily involving revenues and other miscellaneous funds. Meetings will be scheduled with the Finance Committee and the full Village Board later in the fall.
- **ILCMA Conference** – Village Manager Barr attended the annual conference on Thursday and Friday. Many issues related to general management issues were discussed including financial planning, public infrastructure/5G issues, DEI issues and public safety benefits.
- **Fire Q&A and Ongoing Comparable Community Study**- The Village continues to receive inquiries/comments regarding the ongoing Fire Department Ladder Truck discussions. As a reminder, staff assembled a Q&A available on our website or by [clicking here](#). Village staff continues to work on assembling some data from comparable communities. Though we can provide an update, there will not be a formal/final report at the next (September 20) Board meeting.
- **Parking Banners** – Banners for the downtown business district light poles have been ordered to make patrons aware that there is free parking at the Metra lot on weeknights and weekends.
- **Patriot Day**- The Fire and Police Departments will hold a brief remembrance ceremony on Saturday, September 11th at 7:15 am at the Fire Station located at 316 Park Avenue. The public is invited. See invitation attached.

- **Daisy Dash** – The Daisy Dash 5K event will occur on Sunday, September 12th. The Daisy Dash organizers have been working with staff to get this coordinated. Notices to the Public went out via Constant Contact and Facebook earlier this week.
- **Chamber Concerts** -- The final Chamber Music Night on Wednesday was held. Thank you to the Chamber for organizing these nights for the residents.
- **Part-time Police Assistant**— Second interviews for the position will wrap up next week. We are hoping to have a final candidate by next early next week.

1. Nicor completed concrete repairs on Chicago Avenue this week. That concludes their project. All lawns have been restored and Nicor's landscaper has completed their watering cycle to get the sod established. It is up to individual homeowners to water once the sod has established.
2. Area pavement patches were delayed to next week. This will be a moving operation and will not require street closures in most circumstances.
3. Work began on the new Burlington Plaza to be constructed at the southwest corner of Burlington and Prospect Avenue. Construction at the adjacent alley has also started.
4. Sidewalks are now open on the north side of Burlington west of Prospect.
5. The installation of steel framing was delayed this week as the Burlington Northern RR did not have flaggers available to oversee the installation. It has been rescheduled to next week. The remainder of that project (glass, roof, electric, concrete, and paving Prospect Ave. adjacent to the tracks) will occur over the next six weeks.
6. Public Works staff painted the street markers for Sunday's Daisy Dash.
7. Tree stumps were ground, wood chips removed, and dirt and seed completed in the areas where in-house crews removed trees. Larger trees have been sent to the contractor for removal and are expected to occur in late September and early October.
8. The wood sign in the Sloan Triangle was repaired this week.
9. New tires were installed on one of our utility trailers.
10. Crews continue their watering and mowing cycles.
