SUBJECT: Calendar Year 2022 Budget

## **UPDATE:**

### **Budget Summary**

The budget plan is a statement of where the Village will prioritize its resources for the coming year(s), balancing the various legal and operational responsibilities and the current values and needs of the community, as limited by current economic realities. This budget plan reflects the strategic priorities identified by the Village Board during previous goal-setting sessions (the last formal session was earlier in 2021) and may be found in the budget document following this memo. This budget also reflects continuous feedback from the Board and other community members during the past year.

Despite the challenges faced in CY2020 and CY2021 with the Covid-19 Pandemic, the Village maintained a solid financial position going into CY2022. While the Village did incur unbudgeted costs related to Covid-19, the County was able to reimburse the Village through the CARES Act for many of those expenditures, and just recently, the Village was awarded American Rescue Plan Funds in the amount of \$1,189,784. These funds will be distributed in two equal payments in CY2021 and CY2022.

Economic development activity in the community remains strong, promoting the idea that we will come out of this pandemic in relatively strong position as we move into CY2022. Another significant measure is the creation of a Tax Increment Finance (TIF) District for the downtown area. The Village is hopeful that this TIF initiative will provide valuable tools to support economic development.

## CALENDAR YEAR 2022 ANALYSIS

Summary – All Funds	CY 2022
Revenues	\$16,299,274
Transfers in	\$4,068,232
Expenditures	\$(22,186,002)
Transfers out	\$(4,068,232)
Total Estimated Ending Balance at 12/31/22	\$40,209,511

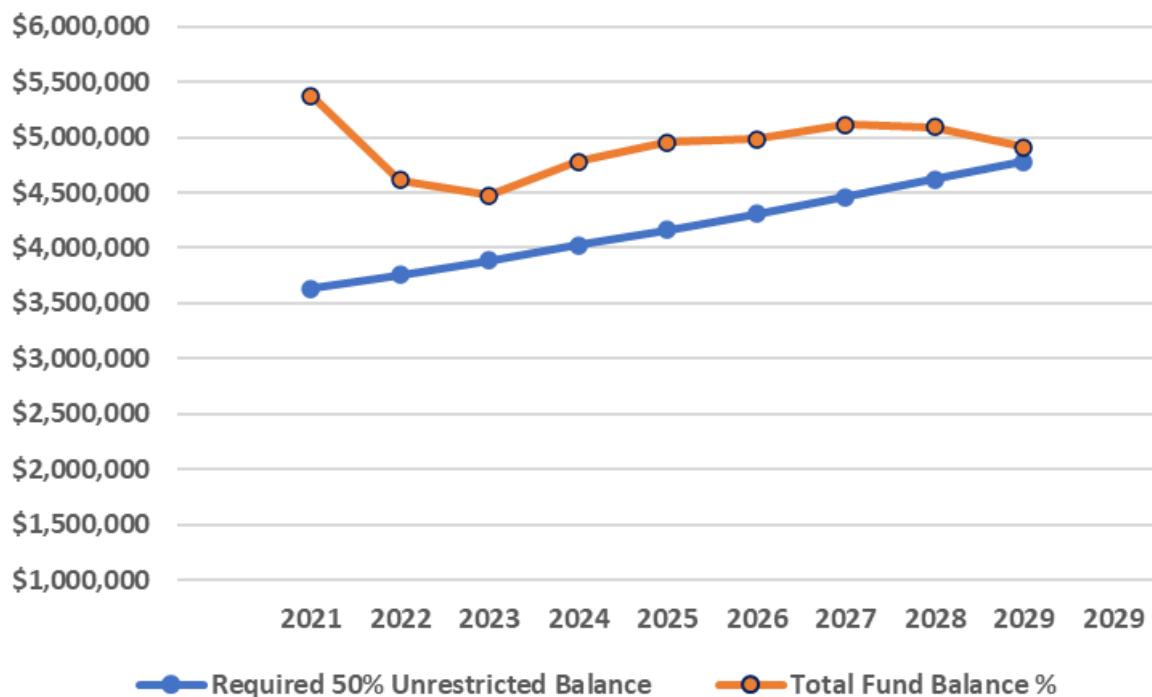

The Village's CY 2022 budget for all funds (including pension funds) includes revenues of \$16,299,274 and expenditures of \$22,186,002. An ending balance in all funds of 40,209,511 on December 31, 2022 is projected, of which \$13,392,329 is allocated to the police and fire pension funds. This represents a decrease of \$5,886,7317 from the estimated balance on December 31, 2021, of \$46,096,242. Transfers between funds equal \$4,068,232. General Fund revenues (not including transfers from other funds) are projected to increase by 7.0% in CY 2022 over CY 2021 Budget.

The current budget estimate is \$1,123,000 in revenues from income taxes, which is significantly higher than the budgeted amount of \$775,000. Income Taxes were budgeted conservatively at a time of still much uncertainty as the Covid-19 impact was still largely unknown. Income Taxes are now expected to return to normal in future years. On Property Taxes, in 2017 through 2020, the Board made the decision to take less than the full amount allowed under the tax cap legislation. This is a change from the recent past. This budget, as presented, continues this trend, asking for only a 1.0% increase, as opposed to an estimated possible amount of 3.4% when "new-growth" is included. The net effect on average for existing residents and businesses is that property taxes will be increased by a lower amount than they might otherwise be. In our future projections, staff assumes property tax adjustments based on 2.0%; this is a deviation from the recent past practice that assumed 2.5%. The Board of course retains discretion in regard to the 2021 (December) Levy.

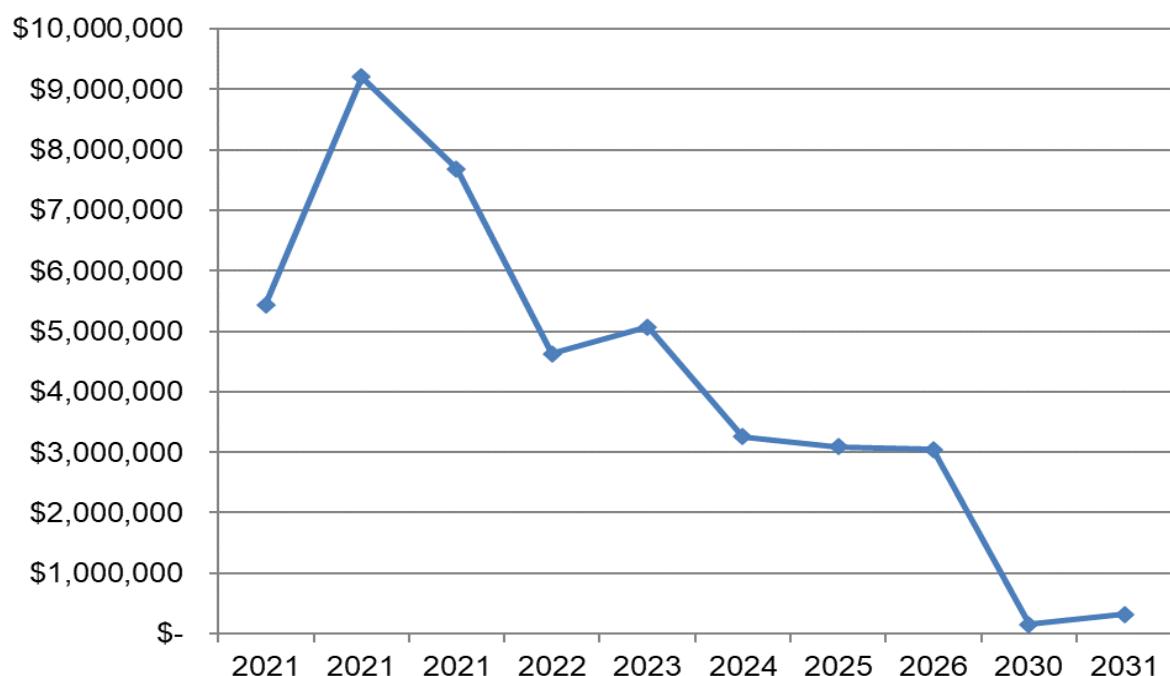

Overall General Fund expenditures (including transfers to other funds) are expected to increase by 4.0% from the estimated CY 2021 year-end. This increase is reflective of a return to a normal year of expenditures.

Based on updated assumptions of actual spending, the Village's General Fund balance maintains its 50% target through CY 2031 and a Capital Fund balance that is reduced due to the Downtown Revitalization Project, but nevertheless substantially meets our fund balance policy.

## GENERAL FUND BALANCE PROJECTION

## CAPITAL PROJECTS FUND BALANCE PROJECTION

These conditions are based however on the maintenance of current revenue levels with increases of 2% per year for most revenues and keeping expenditures to an average increase of 3.5% per year. Any disturbance in the revenue projections, whether from local economic challenges or changes at the State level, will impact this model. Conversely, if the Village is able to underspend the projections shown in the model, as is our goal, better results could be expected. The results were positive on both sides in 2021 for the General Fund.

The following pages provide a more detailed narrative overview of the status of each fund within the Village and highlight any changes proposed for CY 2022.

### **Acknowledgement**

The preparation of this budget would not have been possible without the dedicated services of the Department Heads. Our deepest gratitude is extended to each of them for their conscientious efforts and commitment to provide outstanding service to the Village of Clarendon Hills in the most cost-efficient manner available.

## **GENERAL FUND**

<b>Calendar Year 22 General Fund Summary</b>	
	<b>CY 22</b>
Revenues	\$8,367,023
Transfers in	\$586,711
Expenditures	\$(7,938,612)
Transfers out	\$(1,658,029)
Total Estimated Fund Balance at Year End	\$4,691,072

The General Fund pays for the day-to-day operations of the Village. Of the Village's projected \$4,691,072 total estimated fund balance at CY 2022-year end, approximately \$31,850 will be restricted for public safety, and \$21,250 will be non-spendable due to prepaid items. The General Fund budget includes \$100,000 in contingency in CY 2022.

The General Fund also includes a transfer of \$1,658,029 in CY 2022 to the Capital Projects Fund for future capital improvements and the replacement of capital equipment. The Capital Project Fund reflects transfers in years beyond 2022 in compliance with our fund balance policy.

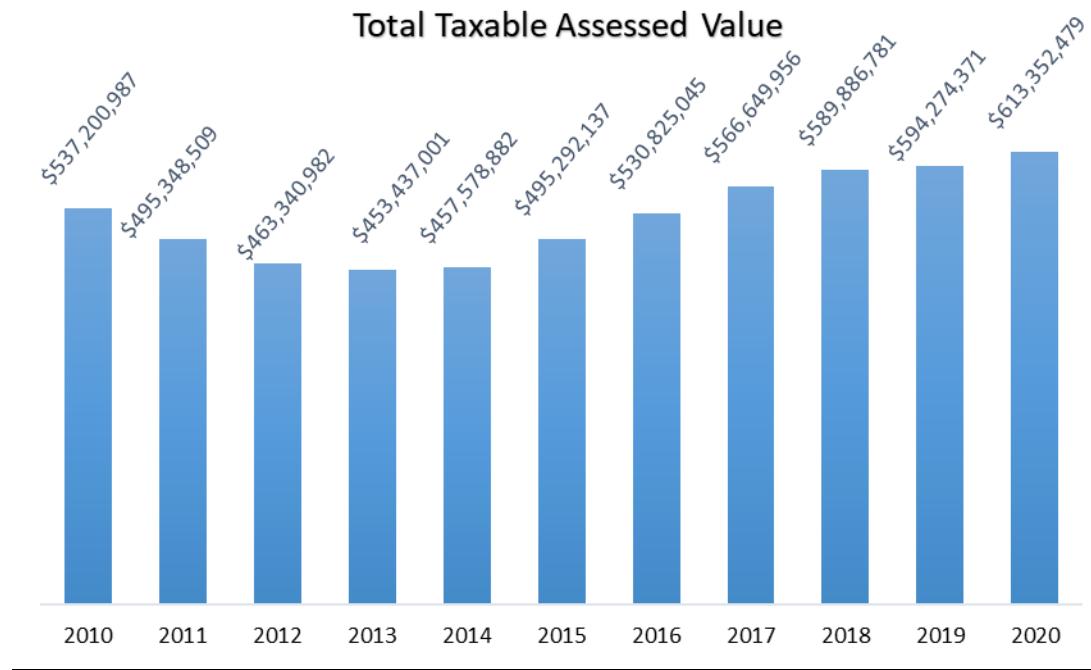

### **Revenues**

Overall General Fund revenues are projected in CY 2022 to increase by 1.5% from the estimated CY 2021 year-end.

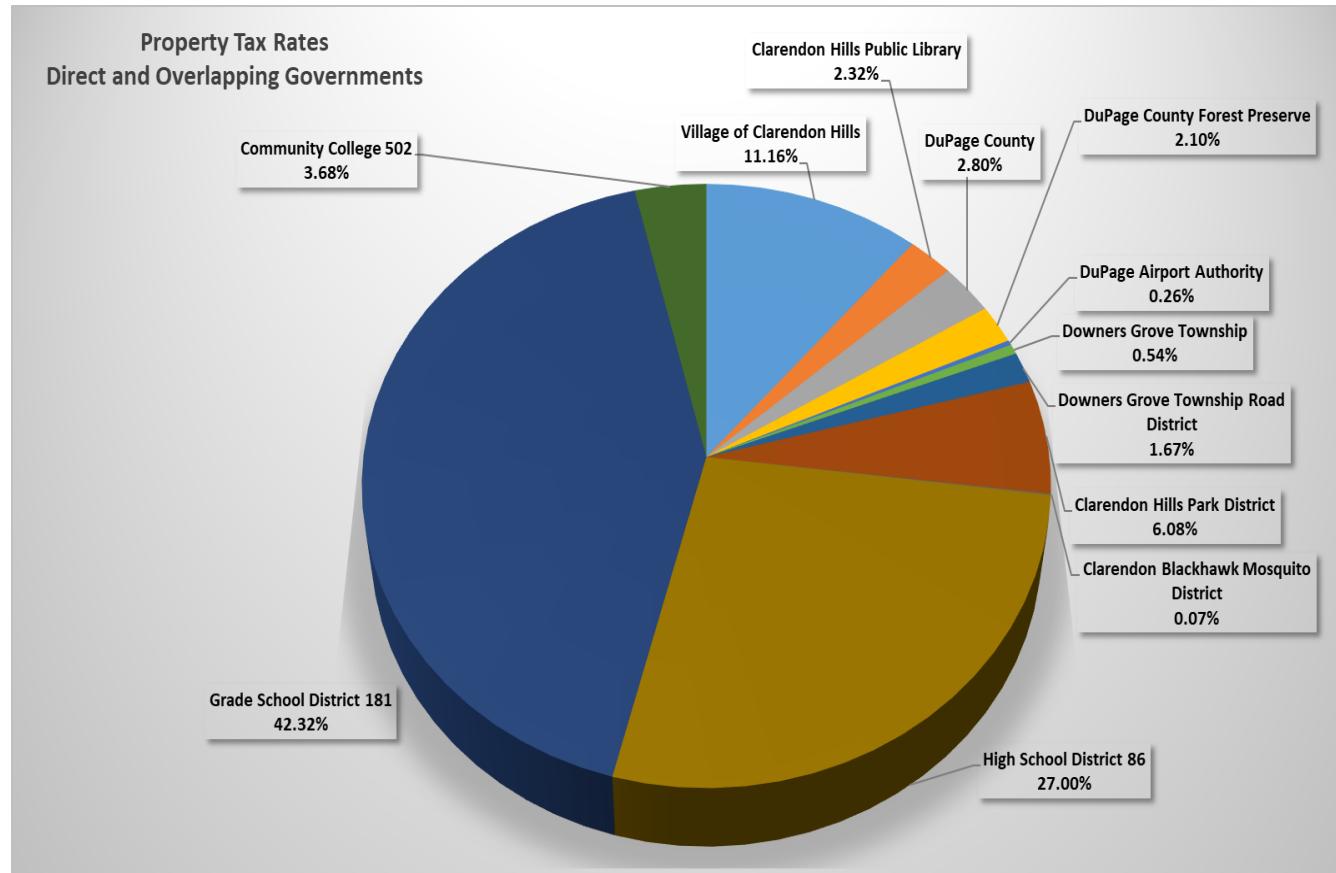

### **Property Taxes**

The Village is projected to receive \$4,361,850 in property taxes in CY 2022 for general Village services, such as police protection, fire protection, road and bridge, general corporate services, police, fire, and IMRF pensions, and social security. This amount does not include property taxes received by the Village for special service area debt payments or the Ogden Avenue TIF District. The collection of property taxes are anticipated to increase 1.0% from CY 2021 year-end, a typical homeowner whose property value has increased at the same pace as the rest of the Village will see a 1.0% increase in their property tax bill. Below is a ten-year history of the Village's property tax rate by levy year. As you can see, the chart is in effect the inverse of the total taxable assessed value chart.

The following graph illustrates a ten-year history of the Village's total taxable assessed valuation by levy year.

It is important to note that while property taxes paid to the Village represent a significant portion of the General Fund revenues and fund core Village services, they represent only 11.16% of an overall tax bill for a Clarendon Hills property owner. The remaining 88.94% of the tax bill funds the schools, library, park district, Downers Grove Township, DuPage County, and the Blackhawk Mosquito Abatement District, as detailed in the following graph.

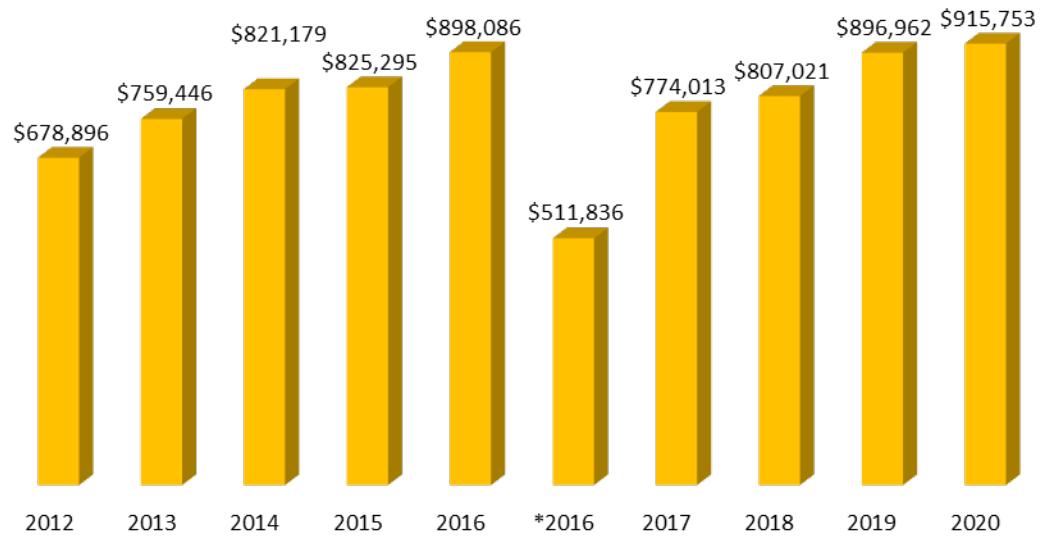

**Places for Eating Tax:** Places for Eating Taxes are expected to decrease by 12.0% from the current projected CY 2021 year-end of \$85,000 to \$75,000 in CY 2021. This is due to the uncertainty of the date two to three new establishments will come on-line.

**State-shared Revenues:** The Illinois Municipal League (IML) estimates as of September 2021 were used to calculate Income Tax, Use Tax, Personal Property Replacement Tax and Motor Fuel Tax for the upcoming year, along with trend data from the first half of CY 2021.

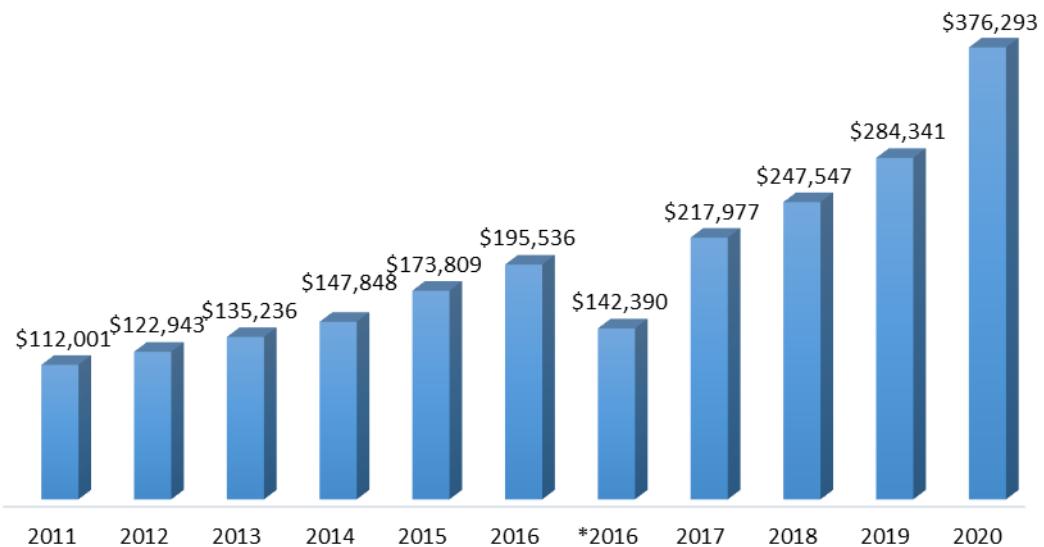

- The Local Government Distribution Fund (LGDF) distributes Income Taxes to municipalities and counties on a per capita basis. In CY 2021, the Village anticipates receipts are estimated to be \$1,123,000 which is a 16.8% decrease from CY 2020 Year End. In CY 2022 we expect to see a slight decrease with a budget of \$1,069,500. Below is a ten-year history of the Village's Income Tax receipts by fiscal year.
- The Illinois Local Use Tax on out-of-state purchases is distributed to municipalities and counties on a per capita basis as well. CY 2021 receipts are projected to be \$349,950, a decrease of \$26,343 or 20.3% from the projected prior year-end.<sup>13</sup> We expect to see a continued decrease with a budgeted amount of \$300,000 for CY 2022. These taxes have increased over the last few years as

the State of Illinois has started collecting from more online retailers. The following is a ten-year history of the Local Use Taxes by fiscal year.

### Income Tax

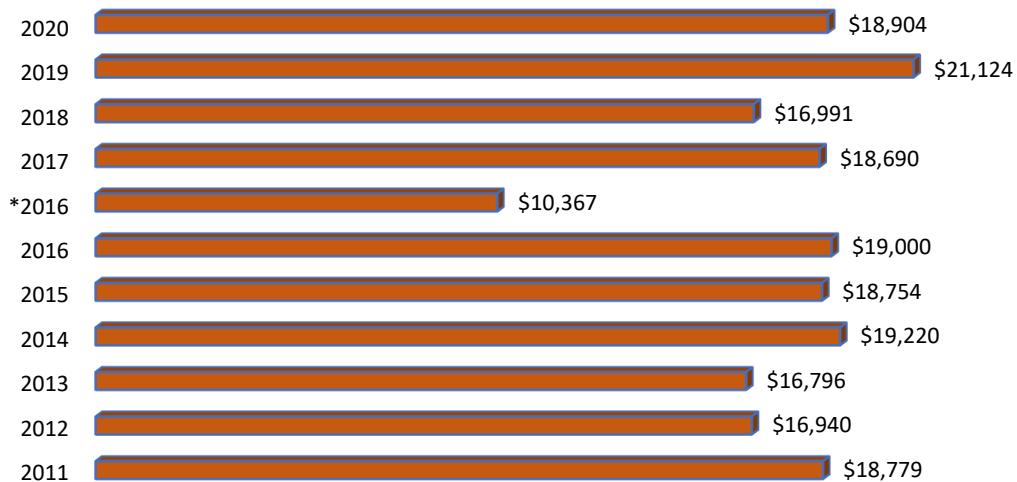

### Local Use Tax

Corporate Personal Property Replacement Tax (PPRT) receipts are expected to have a decrease in CY 2022 at \$20,828 a decrease of 38.7% over CY 2021 projections. The following is a ten-year history of the Village's PPRT receipts by fiscal year.

### Personal Property Tax

**Sales Tax:** Sales Taxes are projected to represent 11.95% of the Village's overall revenues in the General Fund in CY 2022. Receipts for CY 2022 are budgeted to be \$1,000,000; this is an increase from the projected year-end CY202 of \$995,000. Taxes on retail sales within the Village are expected to recover in the next year after the loss in CY 2020 due to Covid-19 and the shuttering of some stores. Taxes on auto sales are estimated to be \$350,000, of which \$175,000 will be rebated to the dealer pursuant to an agreement with the Village. Following is a ten-year history of Sales Tax receipts by fiscal year.

### Sales Tax

**License Fees:** Total License Fees are budgeted at \$251,850 in CY 2022, this is an increase from \$250,960 in CY 2021 projected.

**Building Permits and Fees:** Building Permits and Fees are expected to be \$401,100 in CY 2022, down slightly from the current year-end projection of \$403,170. The local housing market continued to be steady, with property sale prices regularly matching and, in some cases, exceeding pre-recession values. As a result of these increased property sale prices and the limited number of lots available for redevelopment. The Village continues to take a proactive approach to attract business and development on Ogden Avenue, 55th Street and in the Central Business District. These fees, in general, are passed through the Village to its contracted inspection and engineering services.

**Franchise Fees:** Cable Franchise Fees are derived from the cable packages maintained by Village residents through Comcast and AT&T. These fees are expected to increase slightly from CY 2020 to \$174,000 in CY 2022. In 2017, the Village decided to start taking a fee-in-lieu for our natural gas franchise fees. As such, we received \$13,940 from Nicor in CY 2021 which is budgeted with no increase in CY 2021. This revenue will more than offset increased utility costs in each of our departments and will encourage conservation.

**Police Fines:** Total Police Fines are anticipated to be \$66,105 in CY 2022, up from the CY 2021 year-end projection of \$62,506.

**Concert Revenues:** Beverage sales from the Dancin' in the Streets concerts are budgeted flat in the CY 2022 from CY 2021 budget.

**Ambulance Fees:** Ambulance Fees vary widely from year to year and are difficult to project, as they are based on the emergency medical service needs of the community during that particular year. Revenues are budgeted in CY 2022 at \$150,000.

**Investment Earnings:** Investment earnings are expected to be \$1,450 in CY 2022 as interest rates and investment returns have decreased at the onset of the Covid-19 pandemic.

**IRMA Dividend:** In 2017, the Village made the determination to keep IRMA dividends with IRMA for investment and to allow for self-insurance. As on the start of 2020, these funds were approximately \$746,358. These funds can be transferred at any time; however staff is recommending growing these funds with IRMA for the time being given their high levels of returns, and to take these funds in the case of consecutive large losses or a large rate increase from a very large loss.

## **Expenditures**

The CY 2022 budget calls for overall expenditures in the General Fund to increase by 4.0% from the CY 2021 budgeted expenditures.

Departmental budgets include salary increase this year. This is based on our pay system where employees within the range for their position are eligible for an up to 5% merit increase while employees that are at the top are not eligible for an increase.

Health and dental insurance costs are budgeted at a 4% increase for health and 4% for dental in CY 2022 from the current year. The actual insurance rates will not be known until the end of March and will take effect beginning on July 1.

The Village's contribution for IMRF pensions in calendar year 2022 is 14.81% of covered payroll. Contributions for police and fire pensions are based on annual actuarial studies and are used as the basis for the tax levies. In 2016 Nyhart Actuarial was contracted to by the Village to perform the actuarial services for the police and fire pension funds which also resulted in assumption changes as well. For CY 2022, the police pension contribution is estimated to increase 4.8% from CY 2021 year-end to \$637,732. The fire pension contribution decreased 10.9% to \$45,381.

The Village participates in an Intergovernmental Risk Management Agency (IRMA) to pool its risk management needs. IRMA's annual contribution is budgeted at \$230,000 for CY 2022. The annual contribution is based on a five-year average of the Village's revenues, plus or minus an experience modifier, which is based on the Village's individual loss experience compared to the IRMA average loss experience.

## General Fund Departmental Highlights

- **Administration** – The President/Board/Clerk, Public Relations, and Legal Services are included within the Administration budget. Budgeted expenditures increase by 5.0%. This is primarily due to an increase in personnel costs, and an increase in public relations costs to reflect our historical trends.
- **Finance** – Overall operating expenditures are expected to increase in CY 2022 from estimated CY 2021. These figures do not include the sales tax rebate (\$175,000 in CY 2022), transfers to the Capital Fund (\$1,658,029 in CY 2022), contingency (\$100,000 in CY 2022) and transfers in from the Water Fund (\$560,752 in CY 2022). IT expenses in 2022 are increased to reflect a rate change from the IT Provider.
- **Community Development** – The Community Development budget includes costs associated with professional planning services for the Village, review and issuance of building permits, regulation of land use and development, a comprehensive code review and code enforcement activities. Expenditures are expected to increase by 4.9% from the current estimated year-end. Contractor services for plan review and inspections are expected to remain unchanged.
- **Police** – Costs associated with the Police Department constitute the largest portion of the General Fund budget at 40%, and fund the administration, operation, and support of the police function, along with the maintenance of the police facility. Overall CY 2022 expenditures are expected to increase by 3.2% from Estimated CY 2021. Overtime and training are the larger expected expenditures as the department returns to full staffing.
- **Fire** – Costs associated with the Fire Department comprise 18% of the General Fund budget and fund fire suppression, emergency medical services, fire prevention, emergency management, and the maintenance of the fire station. Overall CY 2022 expenditures are expected to increase by 8.3% from the current year-end estimates. The major drivers of the expense increase are an increase in part-time personnel always requiring two paramedics on duty, this mandated by local area hospitals. Contractual services include the costs associated with dispatch services from Du-Comm. The Fire Department's Paid-on-Call/Part-Time model allows for high quality fire service at a low cost. To maintain this model, it is necessary for the Village to recruit and retain quality Fire Department employees.
- **Public Works** – The Public Works budget reflects the costs associated with the delivery of public services to the Village, as well as the maintenance of the Public Works and Village Hall facilities. Utility expenses to operate the two storm water pumps, streetlights, and lease fees to operate the intersection lights are included in this budget, along with the landscape maintenance for public properties, street maintenance and snow removal. Overall expenditures are expected to decrease by 3.8% in CY 2022 from the estimated CY 2021 year-end.

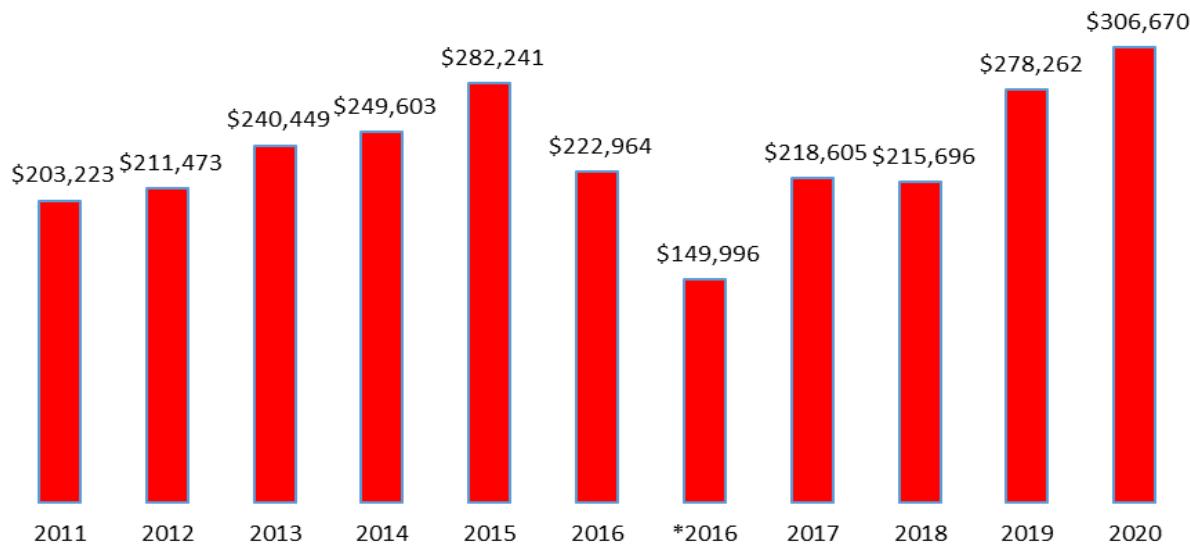

## MOTOR FUEL TAX FUND

The Motor Fuel Tax Fund accounts for the Motor Fuel Tax (MFT) revenues restricted by the State of Illinois for road repairs and improvements. Over previous years, Village's intent was to utilize a portion of the MFT fund balance over the next several years for road maintenance that would normally be paid from the Capital Projects Fund, with the intent to draw down the fund balance to 50% of expenditures.

### Revenues

**Motor Fuel Tax:** Motor Fuel Tax allotments account for virtually all the revenues in the MFT Fund. Beginning in July of 2019 the Motor Fuel tax law was amended to impose a tax increase from 19 cents to 39.4 cents per gallon. Municipalities receive a little less than 25% of the state's 38 cents per gallon tax on motor fuel to all municipalities, counties, and many townships. This amount is distributed to local governments on a per capita basis. The total miles driven, and the average fuel economy of vehicles are the principal drivers of MFT receipts. The Motor Fuel Tax allotments for CY 2022 are projected to decrease to \$328,250. Following is a ten-year history of the Village's Motor Fuel Tax allotments by fiscal year. In addition, the Motor Fuel Tax fund was also awarded a Rebuild America Grant in the amount of \$555,372 to be received over a period of five years. To date the Village has received \$370,248 and is expected to receive \$92,562 annually in the next year.

**Motor Fuel Tax**

### Expenditures

CY 2022, expenditures include the purchase of rock salt and liquid calcium chloride for snow removal Funds are also included for contract tree trimming and the removal of parkway trees; pavement resurfacing; the removal and replacement of sidewalks throughout the Village; crack sealing on the Village's roads; and contract cleaning, inspection and repairs of the Village's storm sewer system.

## **WATER FUND**

### **Revenues**

**Water Sales:** Water Sales revenues are estimated to be \$3.3 million in CY 2022, based on a decrease in consumption and 3% increase in rates beginning in March of 2022 from the current \$13.97 to \$14.39 per 1,000 gallons. Actual water sales may fluctuate widely, however, based on the weather conditions and precipitation during a particular year.

**Investment Earnings:** Investment earnings are expected to be \$6,060 in CY 2022 as interest rates continue to drop dramatically since the beginning of the pandemic. In addition, the fund balance has decreased due to ongoing water main replacements.

**Fees and Fines:** Fines and fees have decreased as violators are encouraged to sign up for the Village's new online payment system or direct debt. Fess and penalties are budgeted at \$57,200 CY 2022.

### **Expenditures**

**Operating:** Operating expenses are budgeted at \$4.45 million in CY 2022. Water charges from the DuPage Water Commission are projected remain at the same rate. This budget also includes a \$100,000 contingency for unanticipated expenses.

**Capital Improvements:** Budgeted capital improvements are \$2.7 million in CY 2021 which includes \$2.0 million in water main improvements.

In FY 2024-25, the Village's water meters and MXUs will be twenty-five years old and in need of replacement. This project will cost approximately \$1.1 million and is currently budgeted in the Village's ten-year capital plan and reserve. However, as we get closer to the time of replacement, the Village Board may decide to issue debt for this project (as has been done in the past) The ten-year plan is currently assuming issue debt for the meter replacement project along with two major watermain replacements.

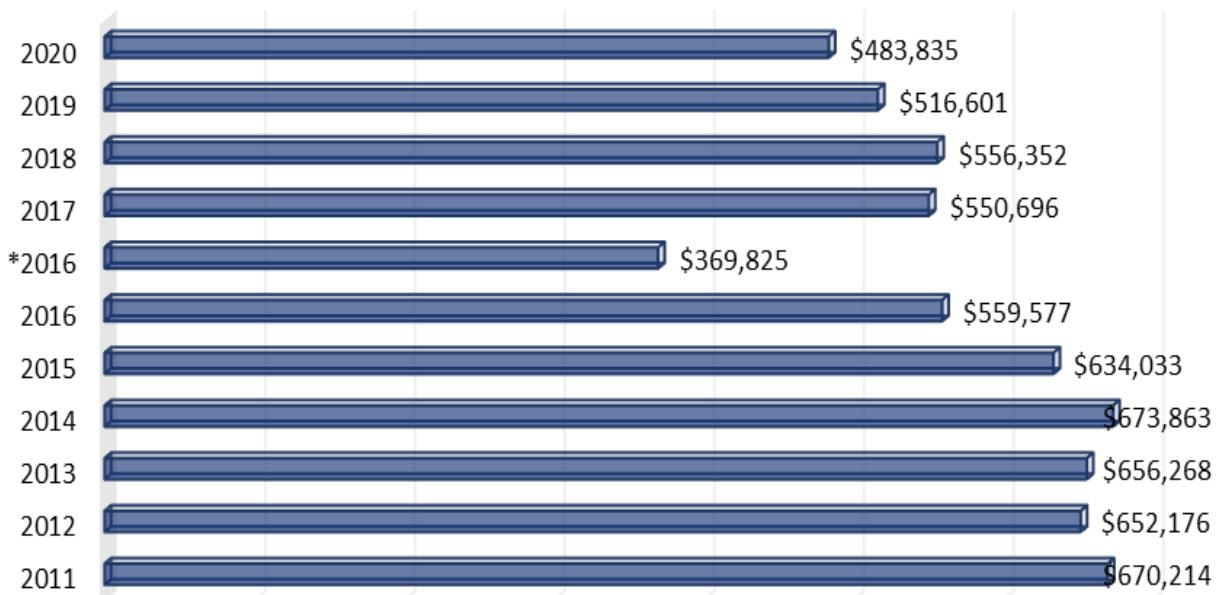

## **CAPITAL PROJECTS FUND**

The Capital Projects Fund pays for infrastructure and durable equipment for the Village, including roads, vehicles, and facilities. The Village maintains a ten-year capital plan to ensure it can adequately fund its future needs.

### **Revenues**

**Utility Tax:** Utility Taxes consist of the revenues in the Capital Fund in CY 2022 and are a major revenue source for the Village's capital improvements and the replacement of vehicles, machinery, and equipment. Utility Taxes are received from natural gas, electricity, and telecommunications usage within the Village. CY 2022 revenues are budgeted at \$465,000. There has been a large decrease in utility taxes (specifically telecommunication taxes) as more homes eliminate their landlines.

## Utility Tax

**Cell Tower Lease Revenues:** In 2022, the Village lost one cell provider on the tower. The 10-year plan has been updated to reflect three providers.

**Investment Earnings:** Investment earnings are expected to be \$6591 in CY 2022. Notably, the ten-year plan now estimates investments based on the fund balance available.

**Grants:** There is \$0 in grants budgeted for CY 2022. Village staff continues to seek grant funding for many projects.

**Transfer from the General Fund:** Capital Projects revenues include the transfer of \$1,658,029 from the General Fund to the Capital Projects Fund in CY 2022 for Village infrastructure improvements and capital equipment replacements. The ten-year plan now includes transfers that reflect the Village's fund balance policy and reasonable future expectations.

### Expenditures

The budget provides a detailed listing and narrative for each of the proposed capital projects for CY 2022 with budgeted Expenditures of \$5,194,297. An updated ten-year capital plan for the Village is included along with ten-year plans for each of the individual departments.

## BURLINGTON NORTHERN/CLARENDON HILLS PARKING FUND

The Burlington Northern/Clarendon Hills (BN<sup>2</sup>CH) Commuter Parking Fund accounts for the

Metra Station parking fees that are restricted for the maintenance and repair of the Metra Station and parking lot. The BN/CH Fund is an enterprise fund, which reports the same functions as business-type activities and uses the accrual basis of accounting, similar to private-sector business. As an enterprise fund, the needs of the BN/CH Parking Fund should be largely self-supporting and funded by user fees.

### **Revenues**

Parking permit fees represent 91% of the fund's revenues and are budgeted at \$66,200 in CY 2022, up 3.0% from the prior year budget. Ridership is expected to gradually return in CY2022. Rental/Leased Property is flat with budgeted revenue at \$4,800 for the rental of an ATM at the Metra Station.

### **Expenditures**

Budgeted expenses in CY 2022 remain relatively flat compared to the prior year budget, expenses include the normal costs associated with maintaining the BN/CH station and lot operations such as, snow removal, landscape maintenance and cleaning services.

## **Community Profile**

The Village of Clarendon Hills, incorporated in 1924, is a non-home rule community under the Illinois Constitution. The Village is located approximately 19 miles west of downtown Chicago in DuPage County and encompasses 1.85 square miles. The Village is a residential community whose official population increased 3.3% from the 2010 U.S. Census to 8,702 in the 2020 Census. The additional population resulted from annexations, new multi-family and single-family residential developments, and a turnover of housing stock from empty-nester households to families with children.

Real estate prices have mostly recovered to their highs in the mid-2000s after the housing market recession. The total assessed value of Clarendon Hills in 2018 returned to its peak after a sharp decline in 2009-2013, the Village's tax levy remained steady as the tax rate increased in response. Similarly, new single-family residential construction has increased from the pre-recession average of about 35 per year to a 65 in CY 2019. The Village sees a continued, steady rate of housing replacement after a period that frequently saw 2% of the housing stock being replaced annually.

The Village operates under an elected President and appointed Manager form of government. Legislative governance is provided by a six member Board of Trustees elected at-large, serving staggering four-year terms with three Trustees being elected every two years. The Village Manager, appointed by the President and the Board of Trustees, is in charge of the day-to-day operations of the Village. An annual budget is prepared by fund and department and is adopted by the Village Board, providing the planning and operating tool that guides management's use of resources.

The Village of Clarendon Hills provides a full range of services, including public safety, roadway maintenance, public improvements, planning and zoning, and water services. The Village operates a water utility, which distributes water received from Lake Michigan, under a joint venture with the DuPage Water Commission, of which the Village is a charter customer.

The Metropolitan Alliance of Police (MAP) Labor Council represents sworn police officers whose collective bargaining agreement with the Village that expires December 31, 2021. No other employees of the Village are represented by a collective bargaining unit.

## **BALANCED BUDGET POLICY**

The Village will adopt and maintain a balanced budget in which expenditures will not exceed reasonably estimated revenues and other available funds, including reserves while taking into consideration recommended fund balances as set forth in the Village's Fund Balance Policies. The budget will be developed to support the goals and objectives as identified by the Village Board in their regular goal setting process. The proposed budget will be made available for public inspection, and a public hearing will be held to allow for public input prior to the adoption of the budget.

## **CAPITAL BUDGET POLICY**

The Village will develop multi-year plans for general and water capital improvements, updated annually, and will budget all capital improvements in accordance with this plan, otherwise known as the Ten-Year Capital Plans. The Village will maintain its physical assets at a level adequate to protect the capital investment and to minimize future maintenance and replacement costs. The operating budgets will provide for adequate maintenance and the capital budgets for the orderly replacement of capital equipment from current revenues when possible. Capital investment objectives will be prioritized by the Village Board and be appropriately reflected in the capital and operating budgets.

## **CASH MANAGEMENT/INVESTMENT POLICY**

In order to properly manage the funds of the Village and the commingled cash accounts that the Village maintains, interfund transfers may be needed from time to time to cover negative cash balances. The Village operates under the strict adherence to the adopted investment policy actively investing in instruments that are allowed by both statute and the policy. The purpose of the investment policy is to provide guidelines for the investment of public funds in a manner which will provide the highest investment return with the maximum security, while meeting the daily cash flow demands of the Village. Investments shall not exceed two (2) years in duration. The Village shall diversify its investments to the best of its ability and no single investment, except those guaranteed by the United States government, may exceed 5% of the fund's total market value. All funds on deposit that are in excess of the FDIC insured limits are required to be guaranteed by agencies or instrumentalities of the U.S. government with a market value of at least 110% of the deposits.

## **REVENUE POLICY**

The Village will work to develop and maintain a diversified revenue base to protect itself from fluctuations in any one revenue source. The Village will actively seek grant funding and one-time revenues will not be used to support operating expenditures, except in the event of an emergency. Revenues will be estimated on an annual basis using reasonable and conservative methods such as historical trend analysis. The Village will regularly review all charges for services, fees, permits, and fines to ensure that rates are maintained to cover the cost of services.

## **OPERATING BUDGET**

The Village will maintain a budgetary control system to ensure adherence to the budget and will prepare regular reports comparing actual revenues and expenditures to budget. The annual budget will be prepared in accordance with the standards of the Governmental Finance Officers Association.

## **CAPITAL ASSETS**

The Village's capital asset policy provides guidelines for the capitalization of assets. The Village will maintain a complete and accurate accounting of its capital assets. Capital assets shall include land, buildings, machinery, equipment, and vehicles with a useful life of one (1) year or more and having an original value of at least \$5,000. The asset's estimated useful life will be determined based on the schedule set forth in the Village's Capital Asset Policy. Capital assets will be recorded at historical cost and include all costs paid to place the asset into service. Straight-line depreciation will be used to depreciate the cost of the asset over the asset's estimated useful life. Land and land improvements will not be depreciated. Assets that are no longer considered useful will be declared surplus by the Village Board and disposed of in accordance with Illinois State Statutes.

## **RESERVE POLICIES**

Fund balance or reserve policies are established to avoid cash flow interruptions and protect against the need to reduce service levels or unpredicted one-time expenditures. The following levels are the minimums necessary to accomplish these objectives.

### ***General Fund***

The General Fund minimum fund balance shall be fifty percent (50%) of the current annual budgeted expenditures for the General Fund, which shall be set aside for reserves. The fund balance shall be determined based upon the most recently audited Comprehensive Annual Financial Report (CAFR). Upon determination of the fund balance, any excess over the fifty percent (50%) minimum shall be transferred to the Capital Projects Fund. The transfer shall be approved by the Village Board of Trustees and occur upon the publishing of the CAFR. The fifty percent (50%) minimum fund balance must be represented by cash or investments, other assets are not permitted to be included in the minimum calculation. If the unreserved fund balance falls below the minimum, a plan will be developed to return to the minimum fund balance within a reasonable period of time.

### ***Capital Projects Fund***

The Village shall maintain a minimum fund balance in the Capital Projects Fund to provide the necessary resources to fund the Village's infrastructure and equipment needs. A ten-year capital plan shall be maintained for the Village's infrastructure and equipment needs, unrelated to the Water Fund. This capital plan shall be reviewed by the Village Board on an annual basis in conjunction with the budget process.

### ***Water Fund***

The Village shall maintain the minimum unrestricted net position at 50% of the current fund's operating expenses. This target provides for any disruption in the regular billing cycle, any unanticipated expenses, and allows the Village to continue replacing its aging water infrastructure and other capital assets. The minimum reserve for operations shall be determined based upon the most recently audited CAFR. If the unrestricted net position falls below the minimum, a plan will be developed to return to the minimum unrestricted net position within a reasonable period of time. The Village shall maintain a ten-year water capital plan, which shall be reviewed by the Village Board and updated during the annual budget process.

### **DEBT MANAGEMENT**

The Village will confine long-term borrowing to capital improvements or one-time obligations that cannot be financed from current revenues or reserves. Capital projects financed through the issuance of bonds shall be financed for a period not to exceed the expected useful life of the improvement. The Village will maintain good communication with the bond rating agencies about its financial condition. The Village will follow a policy of full disclosure on every financial report and bond prospectus. As a non-home rule unit of government in the State of Illinois, the Village's debt limit is 8.625% on the value of the taxable property within the Village, including any existing indebtedness. The Village will take advantage of every opportunity to refinance current debt in order to save tax dollars.

### **LEVEL OF SERVICE**

The operating budget will be compiled in a manner to maintain a superior level of service to the community. The Village Board will prioritize increases or decreases in service levels at budget sessions or during the fiscal year, as required.

### **RISK MANAGEMENT**

The Village is committed to providing a safe work environment, to manage all risks in an appropriate manner, and to conduct loss control measures to ensure that liability and workers compensation losses are kept at a minimum level.

As in previous years, the Department will continue to institute and improve communications and access-to-information programs for our residents, businesses and property owners. In addition, the Department will continue to work with the ZBA/PC, Downtown Design Review Commission, and volunteers of the Downtown Design Review Commission and Economic Development Commission to improve development review programs through plan implementation, code maintenance and education. The Department will continue to implement the strategic activities outlined in the adopted Downtown Master Plan and 55th Street Sub-Area plans. 2022 activities will include managing the development of financial tools and strategic partnerships for the downtown, addressing any possible annexation of key unincorporated properties south of 55th Street and continued implementation and management of incentive programs associated with the Downtown and Ogden Avenue Tax Increment Financing (TIF) Districts.

The life expectancy of each unit is approximately 6 to 7 years and costs approximately \$5,000 per unit. **CY22 - \$40,000.**

**Computer Replacement Program** – Ongoing computer replacements **CY22 - \$5,000**

**Replacement/Upgrades to the Village's IT System** – General upkeep of the Village's network. **CY22 - \$5,000**

### **Operating Supplies**

**Fire Station Security Cameras** – With the changing threats in Homeland Security and the importance of the fire station and its equipment, it is desired to install security cameras in and around the fire station. If possible, these security cameras might be interconnected to the police security camera system. **CY22 - \$10,000**

**Village Hall Security Camera** - Installation of security cameras in and around Village Hall. **CY22 - \$10,000**

**Telephony System – SIP/Teams Compatible Phones** – Cost for replacement telephones for a Team's based phone system. **CY22 - \$10,000**

**Audio Visual Upgrade Board Room** – To upgrade the audiovisual system in the Village's board room in order to provide a robust system for presentations, meetings and video-conferencing. **CY22 - \$20,000**

### **In-Car Video Recorders (7-Units) / Body Worn Cameras (15-Units)**

Staff is recommending the purchase of body worn cameras for patrol to use in the field. Staff believes the addition of body cameras will increase transparency and better protect officers and the Department against false accusations. Also, per state law, police officers will be required to wear body cameras by a certain date. Due to the Department's anticipated body worn camera purchase or lease, staff recommends replacing the in-car cameras with models from the same vendor as the body cameras. This will allow for seamless integration of video captured between devices and integrated video storage.

The life expectancy of these units is approximately 5 to 6 years. The total purchase will include 15 body cameras, 7 in-car cameras, and video storage. **\$95,000**

**Radar Units – Replacement (6 Moving Units, 6 Handheld Units)**

Staff has determined that the CY2021 budgeted radar purchase should be deferred and recommends replacing two dash mounted units in CY2022. The remaining units will be evaluated by staff each year and replaced when needed. These units usually need to be replaced every 6 to 8 years. **\$4,200**

**Materials & Supp. Streetscape:**

**Streetscape - Gates and Crossing Improvements** – This is for the installation of two-quadrant gates and underground work to allow for a 4-quadrant gate system. As well as pedestrian gates and fencing associated with the project. It also includes remaining open items related to the construction of the outbound train station. **CY22 - \$781,000**

**Materials & Supp. Train Station:**

**Inbound Train Station Improvements** - This represents the remaining inbound train station projects to be completed in CY2022. It includes landscaping, electric, fencing, signage and potential change orders. **CY22 - \$974,433**

**Other Improvements:**

**Comprehensive Sidewalk Program** – The sidewalk maintenance program primarily focuses on the reduction of trip hazards through the replacement of sidewalk squares or concrete grinding. It may include a new sidewalk extension component which would be brought to the Board for approval prior to its implementation. Motor Fuel Tax (MFT) funds are also allocated to this program. **CY22 - \$60,000**

**Tree Replacement Program** - Annual tree replacement program which was formerly allocated in the Motor Fuel Tax Fund. This year's program contemplates (60) replacements, contingent on actual contract prices. **CY22 - \$40,000**

**Machinery & Equipment:**

**Fire Replacement Ambulance** - This is for the replacement of a 2007 International ambulance. Which will be 15 years old at the time of replacement. The cost of this ambulance does not include the power cot or power loader. This will be purchased separately through an IRMA discount program and installed by the ambulance dealer.

The ambulance is being purchased through the Suburban Purchasing Cooperative. **CY22 - \$279,094**

**Fire Replacement Ladder Truck** - This is for the replacement of the 2002 105' Ladder Truck.  
**CY22 - \$1,400,000**

**Fire Replacement Pumper Truck** - This is for the replacement of the 2002 Engine  
**CY22 - \$693,570**

**Fire Prevention/Code Enforcement Replacement Staff Vehicle** - This is for the replacement of a 2012 Ford Expedition staff vehicle that is used by the Fire Prevention/Code Enforcement Officer. This vehicle is experiencing many mechanical problems along with starting problems which have been unable to be fixed at this time.  
**CY22 - \$57,000**

**Fire Replacement Power Cot and Power Loader** - This is for the purchase of a power cot and power loader system for the new ambulance. It is being purchased through an IRMA contract which is much cheaper than purchasing through the ambulance manufacturer. The power loader will be installed by the ambulance dealer. **CY22 - \$55,500**

**Mobile Radio Replacement** – The department currently has 14 units, which were distributed in 2014, and one unit that was purchased in 2020. Due to technological advancements, these units are being phased out and need to be replaced. Originally, the Department budgeted \$75,600 to replace these units in 2025, however, the ETSB has decided to subsidize the purchase of 13 “first responder” radios and 2 administrative radios in 2022. The cost to the Department will be reduced to \$10,000. **CY22 - \$10,000**

**Police Replacement Squad Cars** - Every year, staff evaluates each squad car to determine if replacement is needed. Usually, a squad car needs to be replaced every 4 years, depending on mileage and idle time. Staff recommends replacing 2 squad cars in CY2022. **CY22 - \$100,000**

**Rake/Grapple Attachment for Loader, Unit #6 – Replacement** – The attachment assists with storm cleanup and removal of tree limbs and trunks during removals. Total Cost: **CY22 - \$13,500**

**PD Security Camera System – Replacement**

Staff recommends replacing 15 of the 20 security cameras mounted inside and outside of the station. It is also recommended that two video monitors be added for viewing purposes.

**CY22 - \$22,000**

**Fire Station Maintenance Projects** - In CY-2020 Some interior painting completed, but most of the projects were not completed. In CY-2021 it is intended to replace all the acoustical ceiling tiles located in all areas of the building and finish some of the interior painting. I am not sure if this will be completed because we are having a hard time locating a qualified contractor to perform the work. **CY22 - \$20,000**

**Parking Lot Maintenance** - This is for the seal coating and striping of the fire department parking lot that is done every 2 years to help extend the life of the parking lot. **CY22 - \$3,000**

**Contingency:**

Contingency reserve for unanticipated expenditures. **CY22 - \$100,000**

## **Other Improvements**

**Watermain Design – Burlington from Blodgett to western Village Limits** – This project would replace watermain that was installed in 1925 and a portion in 1945. It would also create a new emergency connection with Westmont allowing us to abandon an older cross connection that runs underneath the railroad tracks and under the Richmond Educational Garden. **CY22 - \$120,000.**

**Watermain Observation – Burlington from Blodgett to western Village Limits** – This project would oversee the replacement of watermain that was installed in 1925 and a portion in 1945. It would also create a new emergency connection with Westmont allowing us to abandon an older cross connection that runs underneath the railroad tracks and under the Richmond Educational Garden. **CY22 - \$120,000.**

**Watermain Replacement – Burlington from Blodgett to western Village Limits** – This project covers the installation of watermain that was installed in 1925 and a portion in 1945. It would also create a new emergency connection with Westmont allowing us to abandon an older cross connection that runs underneath the railroad tracks and under the Richmond Educational Garden. **CY22 - \$1,570,150.**

**2022 Paving Program** – This funds a portion of the paving area that is related to the installation of the water main. The water fund helps subsidize 50% of the asphalt that is placed as part of the Burlington Avenue Resurfacing Project in areas where new water main was installed.

**Watermain Replacement Eastern (Ann – Park)** – The Village will contract with the adjacent private property owner to have water main installed at the same time the street is excavated for environmental remediation. **CY22 - \$200,000.**

**Reservoir Inspection** – Industry standards call for the periodic inspection of all aspects of the reservoir. This includes corrosion, pipe and valve operations, and safety equipment. **CY22 - \$5,500**

**Reservoir Engineering/Design/Observation** – Dependent on the results of the inspection, these funds would be used to prepare drawings, project scope and bid documents should repairs be warranted. **CY22 - \$30,000**

## **Machinery and Equipment**

**SCADA System Updates** – The SCADA system monitors the operations of the water system and alerts staff should any aspect be out of parameters. These funds are used to replace monitors before they fail. **CY21 - \$8,000**

**SCADA System Relocation** – The SCADA system currently housed in the Burlington Avenue Fire Station monitors the operations of the water system on the north side of the tracks and alerts staff should any aspect be out of parameters. These funds are used to install equipment at Village Hall due to the proposed demolition of the old Fire Station. **CY22 - \$20,000**

**Other**

**IEPA Loan Repayment** – Repayment of the twenty-year, 0% interest loan from the IEPA for water main construction in FY 2009-10. **\$81,900**
