## MEMORANDUM

**To:** Village President Austin and Village Board  
**From:** Kevin Barr, Village Manager  
**Date:** December 17, 2021  
**Subject:** Weekly Report

- **Next Board Meeting** – The next meeting is on Monday, December 20<sup>th</sup> at 6:30 p.m. and again will offer a virtual option.
- **Holiday Schedule** – Village offices will be closed for holidays on Thursday, December 23, Friday December 24 and Friday, December 31.
- **Manager's Report Schedule** – Given the holidays, we expect to have limited reporting over the next two weeks.
- **Covid Update** - The meeting with the DuPage County Health Department (DCHD) occurred on Monday morning. A full report was presented including the anticipated impact of the new Omnicron variant. It is expected to sweep through the region fairly quickly and it appears is easier to catch even with vaccines. It still appears to be the case that vaccines mostly protect from serious illness and hospitalization. The DCHD continues to urge that all eligible residents get the vaccine and booster. Vaccination rates in DuPage County remain higher than State and National averages. 71.5% of the total population is "fully" vaccinated, including 82.6% of the population over 18. The DCHD report states that *"For all adults aged 18 years and older, the cumulative COVID-19- associated hospitalization rate was about 8 times higher in unvaccinated persons."*
- **SantaCon** – Another holiday event. The Police Department, Fire Department, Public Works and Village Manager's Office have been working with the Chamber of Commerce to coordinate the "SantaCon" walk and food drive being held on December 18<sup>th</sup> at 2 pm. Find out more about volunteering or participating in this event at <https://www.clarendonhillschamber.com/2021-chsantacon>
- **LGDF Funding** - The State of Illinois Department of Revenue updated their distribution methodology to include new census numbers starting with December's payment. For Clarendon Hills, this means an additional distribution for the growth of 275 residents in the Village. For 2022, IML estimates the Village will bring in an additional \$57,653 from this growth. Thank you to everyone that participated in the Census!

- **Chamber Meeting**— I participated, along with other Village staff, in the Chamber meeting on Wednesday morning. Various issues, including the SantaCon event were discussed. Jonathan Mendel provided an update regarding business activity in the Village.
- **Negotiations with MAP** – Staff met with the group representing our police officers to discuss the bargaining agreement that expires at the end of this year. We made some progress and expect the discussions to continue after the new year.
- **Insurance Risk Management Audit**- The Executive Safety Committee met this week to review accidents and start preparations for IRMA's Risk Management Audit.
- **New CSO**- Please welcome Luigi Cabantog, our new CSO. Luigi has served in the Illinois Army National Guard for the last two years, and we are excited for him to join the team.

Enjoy the weekend and the entire holiday season.

## MEMORANDUM

**To:** Kevin Barr, Village Manager  
**From:** Brendan McLaughlin, Public Works Director  
**Date:** December 17, 2021  
**Subject:** Weekly Report

- The final segments of concrete were poured at Burlington Plaza on Friday. We expect to open up the perimeter sidewalks on Monday. The interior of the plaza will remain with curing blankets over the winter. Landscaping of the berm will occur next Spring.
- The face metal at the top of the outbound station is being fabricate. Installation is expected the week after Christmas.
- The contractor continued working on punchlist items at the inbound station. The heater switch in the Eastern shelter was repaired and the temperature activation point was raised to 50 degrees.
- Barricades were distributed for the Santa Walk.
- Burlington Avenue was closed on Thursday to allow the builder of Mycroft Row to pour concrete on top of his utility trenches. This should improve the road for the winter, and he will be paving the utility patches next spring when they pave the alley and parking spaces. .
- Crews picked up a number of tree limbs from parkway trees following the high winds.
- A main break occurred on the 200 block of Holmes around 5:00 AM on Wednesday morning. The repair required crews to cut out seven feet of pipe and replace it as the whole was very large and split the pipe laterally.
