July/August 2022

Message from the President

Dear Friends and Neighbors:

I hope you are managing to stay cool this summer and were able make it out to Daisy Days and the Daisy Dash. I am excited to announce several projects in downtown are now completed. Tierra Distillery successfully opened its doors after extensive construction that included TIF funding to bring the building up to code with life safety improvements. The new Burlington Plaza next to Tierra Distillery also opened to the public with beautiful landscaping and seating areas. The English Garden is working on a new, much larger location, also with the assistance of TIF funding that will bring the building up to code with ADA and life safety improvements. We also have several businesses that are in the permitting stages to start filling out the remaining vacancies. When we started the TIF, the downtown area was in a downward cycle, with increasing vacancies, out of code building stock, and lacking new private investment. With the Village's assistance and private-public partnerships, we have been able to bring the downtown back up to a modern standard while preserving the charm that makes the downtown something we all enjoy and can be proud of. Remember to shop and dine local, and to park in the Metra lot in the evenings and on weekends for free.

Village President

Len Austin

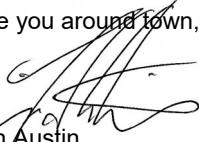

In other news, the Village hosted its bi-annual strategic planning meeting on June 21st. We discussed Village staff objectives, policies and procedures for the next budget year and the initial planning for the upcoming centennial celebration of Clarendon Hills. Although many of us on the Board will not be returning after the 2023 elections, I am excited about the legacy of the outgoing Board and the direction the Village is set to take in the coming years. Please reach out to me through my email if you are interested in learning more about serving our community. Laustin@clarendonhills.us

As you may have heard, the Village Board recently reviewed a potential drive thru on 55th Street. The Village Board ultimately voted down the proposal for safety reasons. I want to personally thank the developer for having interest in investing in our community and the residents for coming forward with their concerns. Ultimately, I hope that we will get another proposal that better meets the needs of the community and remove the eye sore that remains on the current vacant property.

The Village Board recently received the 2021 Annual Comprehensive Financial Report and accordingly, under our policies, made a significant transfer to the Capital Fund. Every year, the Village takes any surpluses in our operating funds and transfers these funds to the Capital Fund where they are made available for the Village's roads, vehicles, buildings, storm water system and general infrastructure. The Village Board, during the budget process, looks at the 10 year Capital Plan to ensure that funding is sufficient, and if fully funded, looks to lower the Village's property tax levy. During my tenure, we have taken below the legally available levy six out of seven years. The Village Board and staff continue to be good stewards of public funds, balancing our desire for low taxes while not sacrificing proper investment in infrastructure or service quality. As we enter this year's budget session, we will be looking at prudent reductions in costs and keeping tax increases to a minimum, while investing in the infrastructure and technology that keeps our Village modern. More information on our budget process and financial policies are available at www.clarendonhills.us/finance or please contact the Village Finance Director Maureen Potempa or Manager's office at 630-286-5400.

Summer events are in full swing. Hopefully I get to see you at Dancin' in the Street!

See you around town,

Len Austin

Thank you Planting Partners!

Each year individuals, groups, businesses, and organizations contribute to the beautification of our Village by sponsoring the raised beds within the downtown. With their generous donations, we are able to bring beautiful color to what would otherwise be just simple beds. We are very thankful for the following 2022 sponsors.
