1. This week the Burlington Avenue Resurfacing Project had crews completing road base patching repairs. The concrete patches near the downtown have all cured and the contractor be placing the base layer of asphalt on Tuesday and Wednesday next week. Following that, they will adjust manholes to final grade and then be in position to pave the final surface layer of asphalt..
2. Work on Ann and Byrd had the contractor completing the concrete ribbons this week. Additionally, they worked on regrading some ditches, installing a few culvert pipes and then started on patching the asphalt driveway aprons that were disturbed when the concrete ribbons or culverts were installed. They plan to grind off the old pavement on Tuesday. Following that, they will identify and patch any road base issues. They plan to complete asphalt work on the aprons next week and position themselves for placing the base layer of asphalt the following week.
3. Water samples were collected and taken to the lab; red tags were delivered for non-payment of water bills. One residence had their water turned off for non-payment. Meter reading took place on Friday.
4. Miscellaneous lawn mowing, tree trimming, and other work orders were completed. Watering occurred throughout the week.

RE: Community Development Department Report

1. **421 Park Ave**: Per a recent conversation, the proposed townhome development at 421 Park Ave will be making a formal development application. It is anticipated that this application and plans will be made for a future ZBA/PC meeting In November/December.
2. **Sparrow Coffee**: Staff went to view the Sparrow Coffee location in Naperville. The building, décor and atmosphere is a significant improvement over the former Starbucks vacant space.
3. **104 Walker**: Staff had a debrief with the developer from the various comments at the last Village Board meeting. It sounds like the developer has taken all the comments on-board and will address these with a new set of elevations and site plan.
4. **ZBA/PC Meeting**: There is a ZBA/PC meeting scheduled for next Thursday on September 7th. This is the new ZBA/PC meeting date, which was recently changed to be applicant-friendly and ahead of the next scheduled Village Board meeting. The ZBA/PC will hold a public hearing to discuss the proposed Lettuce Sustain Us Farms, at the 100 Byrd Court (swimming pool) location.
5. **140 Burlington Ave**: The new owner is intending on submitting a property improvement grant application. As you will recall, the prior owner had applied for and was approved for such a grant. This grant was never issued, because the building was sold, and the work was not completed. The prior grant totaled \$63,042 and was focused on a new roof, painting the exterior and HVAC relocation. The new owner is deciding whether to continue with the prior approved project or expand their grant application.
