- **Next Board Meeting** – The Next Board Meeting is Monday, November 13th at 6:30 PM.
- **Budget Released:** CY 2024 Budget Draft has been released: <https://www.clarendonhills.us/Budget>
Thank you to the Finance Staff as well as every department that spends a lot of time putting together this 145-page document every year. The first discussion of the budget is on Monday.
- **Yard Waste Stickers** – Reminder that LRS customers will NOT require a sticker for the months of October and November.
- **Halloween Walk** – The Chamber event is scheduled for October 28th, 3:30 PM - 7 PM.
Please note that the hours have changed this year. See Map attached.
- **Trick-or-Treating** – Village-wide trick-or-treating is October 31st from 3 PM to 7 PM.
- **Little League Championship Signs** – In recognition of the Little League championship teams, the Village has installed two signs. They are located at Chicago Avenue Westbound near Rt 83 and 5 corners at Harris and Holmes Ave. Check them out when you have a chance. Again, Congratulations to both Teams! Can't wait to see what next season brings.

MEMORANDUM

To: Zachery Creer, Village Manager
From: Brendan McLaughlin, Public Works Director
Date: October 27, 2023
Subject: Weekly Report

1. Despite a streak of rainy days over the last two weeks, work progressed on Ann Street and Eastern Avenue in the Downtown. Crews were able to place the first layer of asphalt and adjusted the manholes to final paving elevation. This had to be split into two phases in order to allow traffic to still use the road. The final asphalt layer is planned for Monday, October 30th.
2. Preparations were made for trick-or-treating in the Downtown and for the Witches ride this weekend.
3. At the train station, a repair to the heating elements was made and new concrete was poured.
4. A concrete apron and drainage structures that serve the Police Station Garage was replaced.
5. Work started on Woodstock at the driveway to the Infiniti dealership to improve drainage and eliminate a puddle area that appears after each rain. The concrete pour was split into two phases to allow access to the driveway while work was completed.
6. Last week, crews repaired a leak on the fire hydrant valve at the corner of Gilbert and Norfolk.
7. A coordination meeting was held with the Village Engineer to begin work on 2024 projects.
8. A contractor is in to perform maintenance on water valves throughout the Village and will also be listening to the valves in an effort to detect any water leaks should they occur and not make their way to the surface. This work will continue for the next two weeks.
9. Monthly water samples were taken last week and red tags were delivered to homes for non-payment of their utility bills.
10. Miscellaneous lawn mowing, tree trimming, and other work orders were completed.

MEMORANDUM

TO: Zach Creer, Village Manager
FROM: Ed Cage, AICP, Community Development Director
DATE: October 27, 2023
RE: Community Development Department Report

1. **Former Tracy's Tavern:** Staff, inclusive of Code Enforcement, met with the property owner on site. This was to address a recent rat complaint from a neighboring resident. There was no evidence of any rats at this location or within the other residential structure on the property. This complaint is now officially closed. When all of the utilities have been disconnected, a fence will go up and the demolition of all structures will occur.
2. **Former Fire Station:** There has been some significant and recent interest from parties wanting to purchase and redevelop the former Fire Station building on Burlington Ave. Staff ordered and obtained a current appraisal for this property. As this property is in the downtown TIF, the potential increment for the TIF, would be significant. Please expect some future discussions on redeveloping this property.
3. **55th TIF Study:** Staff has put together a first draft of a TIF Map for the 55th TIF Study project. It is anticipated that Staff will meet with the consultants, Ryan Group, to review the map in the next few weeks.
4. **Code Enforcement:** The following code enforcement activities occurred this week:
 - Staff met with Tracy's owner Wednesday.
 - Staff spoke with GC about IPMC violation on Park Ave. project.
 - Staff inspected the new State Farm location and spoke with the building owner about a couple issues found.
 - 200 block of S. Prospect- Rough sprinkler inspection of new home.
 - Two letters were sent out on locations in town to use TIF funds to enhance life safety equipment in the buildings. We have already received one positive response.
 - 200 block of S. Prospect- inspection of re-model home. This property is under a VOCH permit.
 - 100 block of S. Prospect- Rough sprinkler inspection was canceled and waiting on the rescheduling date.
 - Staff spoke with North side business about code violation 8.2.
 - Two occupancy inspections were completed this week in the downtown district.
