MEMORANDUM

To: Village President Tech and Board of Trustees
From: Zachery Creer, Village Manager
Date: February 23, 2024
Subject: Weekly Report

- **Next Board Meeting** – The next Board Meeting is to be held on Monday, March 18th at 6:30 PM at the Village Hall.
- **Chamber of Commerce**- Director Cage, Assistant Johnson, and I attended the Chamber of Commerce all-member meeting on Wednesday.
- **Police Chief Paul Dalen Retires**- Congratulations to Chief Dalen who retired from the Department after 30 years of service. He has dedicated his career to helping make Clarendon Hills a safer and better community. For that, and for everything Chief Dalen accomplished, we owe him a huge debt of thanks. Chief Dalen is well respected, and it is for that reason the Village Board at Tuesday's Board Meeting approved a contract with Paul as Director of Public Safety, a new role created to assist with transitions occurring in both Public Safety Departments.
- **Ed Leinweber Sworn In As New Police Chief**
We are excited to be able to promote from within for Police Chief. Chief Leinweber has served the community for 24 years during which he served as field training officer for every current police officer. He is a huge reason we have the department we do and know he will continue to uphold the professional department we have today.

1. A second mailing was sent to those residents who had water service line material missing from the Village's inventory. The Illinois EPA has mandated all water suppliers to complete and submit an inventory of service line materials and develop a plan to replace any lead or galvanized lines. For the remaining 200 homes to be identified, the village is asking that residents assist in identifying the composition of their service line where it enters the home. Village staff can come out and perform an inspection if the homeowner is not able to complete this task.
2. A presentation was made at the Village Board Meeting on the Lead Service Line Replacement Plan. Staff continues to work to complete that plan and once the inventory is completed, finalize a phasing plan to come into compliance with the IEPA.
3. Staff assisted an apartment building that had its water service line break.
4. Staff assisted a builder who was demolishing a portion of a house and did not disconnect the water service line before demolition. As a result, the water line was pulled from the foundation causing a leak.
5. Meter repairs and transmitter replacements were completed this week.
6. Crews continue to refurbish trash cans throughout the Downtown and Train Station.
7. Crews hauled out materials from our yard where spoils were stored from water main breaks.
8. Assisted the Hinsdale Golf Club in replacing a two-inch water meter at the pool house.

RE: Community Development Department Report

1. **Chamber of Commerce:** Staff attended the Chamber of Commerce meeting this week and provided a Village update on various projects.
2. **Little Creperie:** Staff had a meeting with the business owner about starting some demolition work at 95 Park Ave and where to locate their dumpster.
3. **Code Enforcement:** The following code enforcement activities occurred this week:
 - Harris/Prospect: Illegal signs were removed.
 - Sloan Triangle: Unfounded complaint for illegal signs.
 - Building sign issue downtown district-Notice sent to the building owner.
 - 100 Algonquin: Reviewed dumping in the Hiawatha island.
 - 20 McIntosh: Reviewed draining issue.
 - 200 Park: Spoke with fire alarm contractor and tenant about status.
 - 250 Woodstock- Follow up with home addition.
 - 150 Juliet- major home re-model will now need additional permits.
 - Ongoing review of properties in alley areas.
4. **Former Tracy's Tavern/401 W. 55th Street:** Staff has been contacted by a prospective developer for the cleared site. It is at the very preliminary stages, but prior site concerns are being addressed up front, such as traffic concerns, uses, and buffer areas.
