MEMORANDUM

To: Village President Austin and Board Trustees
From: Kevin Barr, Village Manager *LSB*
Date: September 16, 2016
Subject: Weekly Report

- Airplane Noise Complaints:** We have recently received a hand-full of complaints regarding airplane noise from residents seeking information. We have heard nothing regarding changes in Midway Airport operations that may lead to this. Flight tracks show arriving aircraft circling through the area at times to land from the Northwest at one of the diagonal runways. Though there is, of course, little that can be done regarding airport operations, we will continue to monitor the situation. Residents who would like to complain about specific noise incidents may call (800) 914-8537 or complaints can be made on-line at flychicago.com.
- Agenda for 9/16 Board Meeting:** As you may have noticed, we have a relatively light agenda for the Board Meeting next Monday. Just a coincidence, but the Bears are playing on Monday Night Football, and they are still eligible for the playoffs!
- DMMC Coffee with Legislators Meeting:** President Austin and I attended this event on Friday morning. We were able to meet with Representative Patti Bellock and other State legislators to discuss issues of the day.
- Flagg Creek Sanitary District Meeting:** Public Works Director Millette and I are meeting on Wednesday with representatives of other communities included in the Flagg Creek District. I organized this meeting with the intent of opening an on-going forum between communities and Flagg Creek regarding issues of mutual concern. We are hopeful this will allow us to better serve our residents who are impacted by multiple government bodies. We will let you know how the meeting goes.
- IRMA Regulatory Audit:** On Wednesday, IRMA (the Village's Insurance Risk Pool) audited all Village Departments for compliance with state and local safety regulations. Preliminary reports are very positive. Thank you to all the departments for their hardwork making safety a priority for the Village.

Enjoy the weekend!!

1. Nicor's contractor will complete all gas service transfers by the end of the day. Their restoration work is still scheduled to be complete by the middle of October. Orange Crush and their landscaping subcontractor resumed work this week. We expect the concrete crew to return next week and to finish the shoulder work on Richmond and miscellaneous areas throughout the north half of the project. Overall project completion will follow Nicor's mid-October schedule.
2. The 2016 Resurfacing contacts have been sent to IDOT for their concurrence. We anticipate setting a pre-construction conference for next week.
3. We received the results of the State rock salt bid yesterday. The price is \$47.46 per ton. By comparison, the County bid from April was \$56.35 and last year's price was \$70.44.
4. We are beginning to haul our spoil pile to the dump and perform a general yard clean-up ahead of the winter.
