MEMORANDUM

To: Village President Austin and Board Trustees
From: Kevin Barr, Village Manager *ksb*
Date: August 11, 2017
Subject: Weekly Report

- 1. Meeting re: Train Station Options:** Dan Ungerleider, Zach Creer and I met on Thursday with the Legat architects to review the latest concept plans for train station development. They have made significant progress and we expect to be able to share the latest sketches with the sub-committee early in September. Depending on how that goes we would expect to discuss it further with the full Board shortly thereafter.
- 2. Chamber Meeting:** Zach Creer and I attended the Chamber of Commerce meeting on Wednesday morning. They reported a successful Daisy Days event at which a substantial budget surplus was realized. The Chamber also reported on planning for upcoming events such as the Halloween Walk. More information on this and other events will be provided later.
- 3. Budget/Capital Projects Schedule:** Maureen Potempa and I met with Trustee Jorissen on Tuesday to discuss how to proceed with budget review at the Board level. The Budget Review Workshop with the full Board remains scheduled for October 28. We agreed that the Finance Committee would meet earlier, perhaps in early October, for the purpose of reviewing capital project budgets, including projects in the Water Fund. The hope is that this will allow more time to gather information and answer questions that may come up at that meeting. Formal schedules will be prepared as we get closer to that date.

Have a Great Weekend!

1. Parkway restoration is ½ complete: the grading and topsoil work is done but the sod placement will take place just after Labor Day. Pavement grinding and patching will begin next week and is expected to be completed by the 25th. Surface asphalt is scheduled for the week of Labor Day. The project is still on schedule for its September 29th completion.
2. Our Water crew has been coordinating lead testing this week in addition to their normal duties. This is an intensive process which requires extensive coordination with twenty individual residences who were selected by the IEPA and our testing lab. We must work around our residents' schedules, vacations, etc. and meet the IEPA's chain-of-custody procedures.
3. This is our first week this summer without our seasonal employees, but we are keeping-up with our CBD watering and Farmer's Market coordination, though we have not mowed. We will resume that after completing pavement line marking, which will continue for one more week.
4. Steve Piper & Sons Tree Service will be in town through next week performing tree removals.
