1. The 2018 Water Main Replacement project is moving along quickly. The new main is complete on the south block of Arthur and has been undergoing bacteriological testing since Wednesday. It is anticipated that the results will be clear by Monday allowing service transfers to begin Tuesday. While this testing has been underway, main installation continued and was completed today on the northern block with the termination at Chicago.
2. Our contractor performing spring storm sewer jetting completed their work this week. We spent extra time on Chicago between Golf and Prospect because that sewer was impacted by the trench pumping we had to do when the water main broke in January.
3. In-house crews are working on sign replacements and tree trimming and removal.
4. Two big trucks are currently loaded with salt and one crew is on standby for tomorrow morning should the ice storm develop.

Significant traffic and criminal activity during the period of March 9, 2018 through March 15, 2018.

March 10, 8:31pm, officers cited a Plainfield resident for speeding and having no valid driver's license. She was released to an UBER.

March 12, 4:07pm, officers stopped a Palatine resident on Rte. 83 when a registration check of the vehicle revealed his driver's license was suspended. While speaking with the driver, officers noted indicia of intoxication. After a brief investigation, the subject was taken into custody for DUI. During the booking process the driver refused all chemical tests. Because of his driving history, officers were able to obtain a search warrant for a blood draw. The subject was charged with aggravated DUI and taken to DuPage County jail.

March 13, 3:35am, officers located a car parked on the side of Coe Rd, blacked out, with four occupants inside. When officers shined a spot light on the car, it fled at a high rate of speed N/B on Coe. Officers were unable to locate the car after it fled.

March 13, 8:23pm, officers responded to the 200 block of Middaugh for domestic trouble report. Officers resolved the situation.

March 14, 9:51am, officers took a fraud/computer tampering complaint at the station. The victim related that her company web page, LinkedIn account and credit card account were compromised.
