

Message from the President

Dear Friends and Neighbors:

I want to start off by sending a whole-hearted thank you to our nearly 9,000 residents as well as our local business owners. Your dedication and commitment to our Village has landed us at the top of several Niche.com's "Best Places to Live" lists. Looking at statistics ranging from cost of living, to public schools, to crime and safety, Niche named us the #1 Best Place to Live in Illinois and #3 Best Place to Live in the United States (to view a list of the complete rankings, visit our website at: [Clarendonhills.us/profile](http://Clarendonhills.us/profile)). With all the great amenities our Village offers, these rankings should come as no surprise. Our charming Village offers the perfect blend of great schools, access to downtown Chicago, family activities and events. We are always looking to improve and make our community even better.

Village President  
Len Austin

I want to thank our school districts' staff and elected board members for ensuring our children are prepared to take the next step in their lives. I want to thank our police and fire departments for their commitments to our wellbeing and making Clarendon Hills a safe place to live. I want to thank our Public Works staff who is out there rain or shine, in the cold and heat ensuring our water is flowing, and streets are clean and plowed. I also want to thank our Village staff and elected board members, our Park District staff and elected board members and the Library staff and elected board members. Thank you all!

Summer is right around the corner and our Village has activities and events for all to enjoy. From the Chamber of Commerce's Daisy Days and Farmers' Market to Park District events, we have something for the entire family, including the Village's summer concert series, Dancin' in the Street. During these Wednesday night concerts head downtown Clarendon Hills where you can enjoy food, drinks, live music and dancing. These concerts are always a good time and there is something special about seeing neighbors pour into downtown from all sides against the backdrop of a setting sun. I can't wait!

We are always continuing to improve our Village. This year's Water Main Replacement Program is in full swing with our Road Replacement Program on deck. In March, the Village's contracted crews began replacing 90 year old mains under Tuttle Avenue and Arthur Avenue. In late May, the road construction will take place on Arthur Avenue, Woodstock Avenue (between Burlington and Chicago), Tuttle Avenue, Oxford Avenue (between Burlington and Chicago), and Norfolk Avenue (between Mohawk Drive to Oxford Avenue). The road construction will include a new asphalt overlay and the installation of the concrete ribbons seen in similar projects throughout the Village. All construction for these programs is expected to be completed in October. The water main replacement work is done in conjunction with our road program so we can avoid ripping up brand new streets to make emergency repairs on older water mains. While the length of the construction may seem daunting, it is the most efficient way to ensure our infrastructure is up to date.

On another note, I want to remind residents that warm weather often lends itself to greater water consumption. If you are looking to control water costs this season, try installing low flow and energy efficient fixtures. If you have a sprinkler system, try reducing the amount of time your sprinklers are on. Reduction in sprinkler usage and installing efficient fixtures are the best ways to keep your water consumption under control.

And finally, I want to encourage residents to support our local businesses. Shopping local keeps your sales tax dollars here in the Village, creates jobs and allows us to continue to provide the quality public services our residents have come to expect. Our Village has so much to offer from fine and casual dining to gift shops and specialty stores to everything in between. I know when I need groceries, I head down to the Jewel on 55<sup>th</sup> Street because I know my sales taxes will stay here in the Village. Keep this in mind next time you go shopping!

That's all for this month. See you at the concert series in June!

Len Austin  
Village President
