

Clarendon Hills Chamber of Commerce Board of Directors Statement

Prospect Permanent Plaza

6/16/2025

The Clarendon Hills Chamber of Commerce Board supports the concept and ongoing discussions surrounding the proposed Permanent Plaza on Prospect Avenue. We believe exploring enhancements to our downtown aligns with our mission to promote the civic and commercial interests of the Village.

This initiative reflects our goals to foster a vibrant business environment, encouraging community engagement, and supporting thoughtful development. We look forward to further discussion, planning, and community engagement as the concept evolves.

We encourage our Chamber members and community stakeholders to stay informed, participate in upcoming Chamber of Commerce and Village meetings, and share their perspectives as this vision for downtown enhancement continues to take shape. The board plans to do the same as the project progresses.
